Actual users applications (a) for newsprint required by publishers and/or printers of books *vide* remarks 17 and 18 below and (b) for specialised requirements of newspapers *vide* remark 16 below should be made direct to Chief Controller of Imports and Exports, New Delhi.

2. The applications should reach the Registrar of Newspapers for India, or the Chief Controller of Imports and Exports, as the case may be, by the 15th August, 1964.

3. The entitlement of individual newspapers/periodicals for newsprint will be determined by the Registrar of Newspapers for India, New Delhi, on the following basis:—

(A) (i) Page area and average number of pages per publishing day in 1957

(ii) Regularity of publication during 1963

(iii) Average circulation during April 1961—March 1962.

NOTES—(1) Where a newspaper/periodical commenced publication after the years mentioned in (i) and (iii) above, or where the page area, average number of pages and average circulation of a newspaper/periodical were revised subsequently, the page area, average number of pages and average circulation to be taken into account will be those on the basis of which a quota was allotted to the newspaper/periodical concerned in 1963-64; but the 20 per cent increase allowed in terms of Public Notice No. 132-ITC(PN)/63, dated the 16th October, 1963, to daily newspapers (including their Sunday editions) with average circulation between 10,000 and 50,000 copies will not be taken into account.

(2) Where the entitlement of a newspaper/periodical on the basis of the page area and the average number of pages in 1957 and average circulation in 1961-62 exceeds the entitlement calculated on the basis of page area and average number of pages actually published in 1963-64 and average circulation during that year, the latter will be taken into account.

(3) The entitlement of daily newspapers and their Sunday editions (even if these Sunday editions bear different titles and are registered with the Registrar of Newspapers for India separately) will be worked out together.

(B) On the entitlement worked out, in accordance with (A) above, the following cut will be imposed:—

*Subject to such quantity as the Registrar of Newspapers for India may determine being licensed against canalised imports.

NOTES—

1. Users of sheets having entitlement of 50 metric tonnes, or above, will be given licences for reels for 50 per cent of their requirements. They will have the option to have licences for reels for their full requirement.

2. Standard newsprint licensed from free resources will have to be imported against contracts entered into with specific suppliers in the Scandinavian countries and Canada.

3. All allotments will be subject to marginal adjustments.

5. With the exception of newspapers/periodicals mentioned in the succeeding paragraphs, it will not be possible to meet the demand of newspapers and periodicals for additional newsprint on account of increase in their periodicity, page area, number of pages and circulation. However, within the authorised quota of newsprint for the licensing period, each newspaper or periodical will be free to adjust its periodicity, page area, number of pages and circulation to meet its individual requirements.

6. Existing newspapers and periodicals with a circulation of less than 10,000 copies in 1961-62, will, on application, be allowed to increase their circulation upto 10,000 copies, or by 25 per cent of their circulation during April 1961—March 1962, whichever is less. Where an increase in circulation was permitted in 1963-64, the 25 per cent increase, subject to a maximum circulation upto 10,000 copies, will be permitted over and above that allowed in 1963-64 and will be calculated on the circulation attained in October, 1963—March, 1964. However, the newspapers and periodicals, whose circulation in 1961-62, etc., was below 5,000 copies per publishing day, will, on application, be allowed free increase in circulation upto 5,000 copies.

7. Existing dailies, including their Sunday editions, which were publishing in 1957, or in the year in which they commenced publication, or were allowed to publish later on, two, four or six pages per publishing day, or less, will, on application, be allowed to increase the number of their pages upto a maximum of four, six and eight per publishing day, respectively. No page increase will, however, be allowed in the case of periodicals or in the case of daily newspapers, including their Sunday editions, to whom permission for increase in pages has already been accorded in 1962-63 or 1963-64.

8. (a) No newsprint will be allotted to new periodicals. New daily newspapers will be allowed generally an initial quota to develop and build up an average circulation to the maximum limit of 5,000 copies of eight pages per publishing day during the first three months after commencement of publication. During these three months, indigenous newsprint manufactured by Nepa Mills will normally be allotted. As a concession, this allotment may, however, on application, be converted into 50 per cent Nepa and 50 per cent imported newsprint. The quantity of imported newsprint so allowed will be adjusted against the entitlement for imported newsprint for the subsequent months.

(b) After three months of publication, the daily newspapers will be required to produce evidence (Chartered Accountant's Certificate in the form given in Annexure II to this Public Notice) to show the average circulation achieved and the average page area and number of pages printed during the first three months. If they attain the targetted average circulation, on the number of pages and size allowed, they will continue to receive newsprint quota for the rest of the licensing period for the number of copies, size and average number of pages initially allowed. If however, they do not achieve the targetted average circulation and print the average number of pages in the size allowed during the three months' trial period, they will be allowed newsprint quota for the average circulation actually achieved and the average number of pages and page area actually printed.

(c) Existing newspapers and periodicals which did not obtain clearance for the use of newsprint or licences/authorisations therefor till 1963-64, will be treated in the same manner as new newspapers and periodicals.

9. It will not be possible to allocate any quota of newsprint to newspaper chains, groups and multiple units for publication of new periodicals and newspapers.

NOTE.—Chains, groups and multiple units are those that have been categorised in Chapter V on pages 90 to 106 of the Annual Report of the Registrar of Newspapers for India, 1963, Part I.

10. Newspapers and periodicals which serve mainly as advertisement media or house magazines for particular firms or individuals, will not be given any licences/authorisations for newsprint.

11. The publishers and/or printers of newspapers/periodicals should furnish the following information/documents with their applications, separately in respect of each publication:—

(i) Title of the newspaper/periodical and the date from which it is regularly published;

(ii) Area of the page of newspaper/periodical (in sq. inches).

(iii) Average number of pages per issue, including supplements, during 1957 or the first year of publication.

(iv) Periodicity of issue and language of the newspaper/periodical and whether it has been in regular publication from the 1st January, 1963 to the 31st December, 1963, indicating the actual number of days of publication.

(v) Average circulation per publishing day during the period April, 1961—March, 1962, indicating the paid and free (including complimentary, voucher, exchange, bonus, sample and office copies only) circulation separately. Copies representing unsold returns and other copies which might have been printed, but not actually sold or distributed free as complimentary, voucher copies, etc., should not be included in the circulation statement, but shown separately. The number of copies distributed free, unsold returns or any other copies printed but neither sold nor distributed free would be taken into consideration for purposes of allotment of newsprint, provided these represent

a reasonable percentage of the print order. The circulation should be certified by a Chartered Accountant where it exceeds 2,000 copies per publishing day. The certificate should be in the form given in Annexure II to this Public Notice. Chartered Accountant's Certificates—in the form given in Annexure II—certifying the page area, the average number of pages and monthwise average circulation during (a) April—September, 1963, and (b) October—March, 1964, should also be furnished in those cases where the circulation exceeds 2,000 copies.

(vi) Sample copy of an issue bearing the date of 1st April, 1964, or the date nearest to it.

(vii) Whether the newspaper/periodical is registered with the Registrar of Newspapers for India, and, if so, the registration number allotted.

(viii) The total quantity of newsprint (imported and indigenous to be shown separately) allotted and consumed during April 1963—March 1964. In case an applicant consumed more newsprint than what had been allotted for the period mentioned above, the source(s) from which the additional quantities were procured should also be indicated.

(ix) Stocks and expected arrivals (to be shown separately) against licences/authorisations in hand on 1st April 1964.

NOTES.—(a) Quantities of imported and indigenous newsprint should be shown separately.

(b) Stocks and expected arrivals (to be shown separately) against advance licences/authorisations issued for 1964-65 should be indicated separately.

(x) Details whether the newspaper/periodical is (a) printed on rotary or flat-bed press or any other type of printing machinery, and (b) whether the newsprint used is in reels or sheets, glazed or unglazed, and the size of the reels or the sheets.

(xi) If sheets are used, is import actually effected in reels which are converted into sheets on arrival in India?

12. Small newspapers whose entitlement for newsprint is less than 40 metric tonnes per annum will be exempted from payment of licence fee and production of income-tax verification number. This exemption does not cover art paper and specialised requirements of newspapers.

13. If any actual user is not in a position to effect import himself against the licence issued to him, he can apply for a letter of authority in favour of the party through whom he desires to effect import, provided such parties hold quota certificates for newsprint or are the sole agents of the foreign suppliers.

14. The weight of white printing paper (excluding laid marked paper which contains mechanical wood pulp amounting to not less than 70 per cent of the fibre content) falling under this S. No. should not be less than 50 grammes per square meter.

15. (a) Licences for art paper for cover pages and/or inside pages will be issued only to those periodicals which had been getting licences for art paper for cover pages and/or inside pages in the past.

(b) No art paper will be licensed for cover pages of periodicals (printed on newsprint) whose average pages per publishing day are less than 50. Such periodicals will, on application, be allowed to import glazed newsprint upto 100 grammes per square meter. In other cases, art paper will be licensed for cover pages, but the grammage per square meter will not exceed 100 for periodicals printed on newsprint and having upto 100 pages per publishing day, and 135 in cases (where the number of pages exceeds 100). A higher grammage may be allowed, on the merits in each case, for cover pages of periodicals printed entirely on art paper.

(c) Art paper not exceeding 100 grammes per square meter will be allowed for inside pages.

(d) Entitlement for art paper for cover pages and/or inside pages will be worked out on the basis of the No. of cover and/or inside pages published on art

paper in 1957 and average circulation during 1961-62, (as in the case of newsprint). If, however, the certified consumption in 1963-64 (Chartered Accountant's Certificate in the form given in Annexure III to this Public Notice to be furnished), or the entitlement calculated on the basis of average number of cover and/or inside pages on art paper published in 1963-64 and average certified circulation during that year (Chartered Accountant's Certificate in the form given in Annexure II to this Public Notice to be furnished) is less, the quantity allowed will be based on such consumption/entitlement.

(c) Normally, 50 per cent of the entitlement will be authorised from indigenous art paper and the balance 50 per cent will be licensed in imported art paper, after imposing a cut of 10 per cent.

16. A.U. applications for specialised requirements of newspapers, such as stereo flongs, rubber blankets, spare parts for printing machinery or any other essential item which is not indigenously available, should be submitted, in duplicate, giving detailed justification for import and the actual consumption of each commodity duly supported by certificates from Chartered Accountants in the form given in Annexure III to this Public Notice. These certificates should give details of the major items involved in each case and indicate consumption of indigenous and imported items separately by value as well as by quantity, where possible, during 1963-64. The newspaper establishment should own the printing press for which specialised requirements are applied for. Requests for the import of photographic materials and copper sheets, etc., for block making will be considered only if the newspaper maintains its own processing, *i.e.*, block-making department.

17. A.U. applications for import of standard/glazed newsprint required fo publishing of textbooks approved/sanctioned/recommended for schools and colleges will be considered on the basis of essentiality certificates in the form given in Annexure IV to this Public Notice from the State Directors of Education/Registrars of the Universities concerned, certifying the essentiality of their requirements for glazed and/or standard newsprint. The applicants should also furnish a declaration that they have not obtained any licences for import of standard/glazed newsprint under Export Promotion Scheme during any of the two preceding periods. In case they have obtained such licences during the specified period, the details thereof, including the quantities licensed, should be furnished alongwith the applications.

18. A.U. applications from publishers of books, other than textbooks, will be considered for import of standard newsprint only (52 grammes per sq. metre only). Requests should be supported by certificates from Chartered Accountants showing past consumption of imported newsprint during 1962 and 1963. Chartered Accountant's Certificate should be furnished in the prescribed form given in Annexure III to this Public Notice. Applications should be accompanied by the lists of books published in the past year and proposed to be published in 1964. The applicants should also furnish a declaration that they have not obtained any licences for import of standard newsprint (52 grammes per sq. metre only) under Export Promotion Scheme during any of the two preceding periods. In case they have obtained such licences during the specified period, the details thereof including the quantities licensed should be furnished along with the applications. Licences will be issued on the basis of past consumption of imported newsprint only.

19. Licences for art paper, and specialised requirements of Newspapers and newsprint for books (mentioned in remarks 15—18 above) will be issued on annual basis, subject to the conditions prescribed in para 6 of Section I of Red Book for the year April 1964—March 1965. Licences for Newsprint for newspapers and periodicals will also be issued on an annual basis. These licences will, however, be subject to the condition that they will be utilised upto the 30th September, 1964, for 50 per cent of the quantity and value covered by them. It will not be necessary for the actual users to return these licences for endorsement in respect of utilisation of the balance 50 per cent. Licences issued to newspapers and periodicals with an annual entitlement upto Rs. 20,000/- in terms of value, will not be subject to the condition regarding utilisation of 50 per cent only upto the 30th September, 1964.

Statement of services for which the decoration has been awarded.

Police Constables Nandlal Singh, Balkishun Rai and Mathura Rai were specially detailed to track down armed dacoits Ramayan Ahir and Aditya Ahir of village Maharajganj, P.S. Mufassil, District Saran, who were wanted for several cases of dacoity and one of murder.

On the 4th June 1960, Constables Nandlal Singh, Balkishun Rai and Mathura Rai having obtained reliable information that the two dacoits were in village Kasina, P.S. Garkha, proceeded there with all speed to apprehend them. The dacoits were on an elevated plinth in the *mathia* in the village and on seeing three strangers approaching the *mathia* challenged them and warned them not to advance further on pain of being shot. Disregarding this threat, Constables Nandlal Singh, Balkishun Rai and Mathura Rai boldly told the dacoits that they were Police Constables and had come to arrest them and entered the *mathia*. Before dacoit Aditya Ahir could use his gun, Constable Mathura Rai struck him down and Constables Nandlal Singh and Balkishun Rai caught hold of dacoit Ramayan Ahir.

In apprehending these two notorious armed dacoits, Constables Nandlal Singh, Balkishun Rai and Mathura Rai showed initiative and courage of a high order.

RESOLUTION

No. 2-40/62-*LD.*—The National Livestock Committee (formerly All-India Cattle Show Committee) was set up by the Government of India in the late Education, Health and Lands Department Resolution No. F. 142/38-A, dated the 15th December, 1938. The principal function assigned to the Committee at that time was the holding of All-India and Regional Cattle and Poultry Shows. In 1955, the Committee established a Sales Intelligence Service for facilitating the purchase, transport, vaccination etc. of livestock intended for export to foreign countries.

2. In pursuance of the recommendations contained in the 80th Report (2nd Lok Sabha) of the Estimates Committee (1959-60) to the effect that the feasibility of reducing the existing number of organisations by amalgamating the functions thereof should be considered by Government, the question of continuance or otherwise of the National Livestock Committee as a separate organisation has been under consideration of the Government of India for some time past. Taking all factors into consideration, it has now been decided that it is no longer necessary to continue the Committee as a separate organisation. The function of the Committee relating to the organisation of cattle and poultry shows is, accordingly, being taken over by the Indian Council of Agricultural Research with effect from 1st April, 1964 while that relating to the purchase of livestock intended for export has been assigned to the State Directors of Animal Husbandry. The National Livestock Committee will thus cease to exist from 1st April, 1964.

MINISTRY OF TRANSPORT

New Delhi, the 24th March 1964

No. SY-22(13)/60.—The Ship-Building and Ship Repairing Industry in India has been experiencing serious difficulties owing to lack of essential equipment, high cost and shortage of materials, inadequate port facilities and foreign competition. There has also been a sharp decline in the foreign exchange earnings from repairs to foreign ships. This has resulted in idle capacity and consequent shrinkage of the ship repairing industry and flight of technical personnel to other industries.

2. In their report submitted to Government in 1959, the Ship Repairs Committee, set up by the Government of India to examine the question of improvement of ship repair facilities in Indian Ports, had recommended *inter alia* that a suitable All-India Advisory Committee and Local Advisory Committees at Calcutta and Bombay should be set up to advise Government in all matters concerning development of Ship Repairs Industry in the country such as improvements in repair facilities, repair-berth and dry-dock programmes, shortage of materials required for the industry etc.

3. With the expansion of the Indian Merchant fleet, the necessity for the expansion of the ship repairing and ship-building facilities in the country needs no emphasis. The Government of India have considered the recommendations of the Ship Repairs Committee and after examining the existing position have come to the conclusion that it would be sufficient for the present if an All-India Advisory Committee is set up to meet alternately at Calcutta and Bombay, or at such places as the Chairman may find it necessary. With a view to bring together all interests concerned in an endeavour to develop unified approach to solve the problems facing the ship-building and ship repairing industry, it has accordingly been decided to constitute a Council known as the *Central Advisory Council for Ship-Building and Ship Repairing with the following composition* :—

(i) The Minister of Transport will be the President but the day to day functions of the Council will devolve on the Chairman.

Chairman

(ii) Dr. Nagendra Singh will be the Chairman of the Council, and will, in the absence of the President, preside over the meetings of the Council.

Members

(iii) Six representatives of the Ship-building Yards, one each to be nominated by the Hindustan Shipyard, Garden Reach Workshop, Mazagon Dock, Alcock Ashdown, Bombay, Shalimar Works Ltd., Calcutta, and Binny's Engineering Works Ltd., Madras.

(iv) Five representatives of the shipping companies composed of one representative of public sector, two representatives of the Coastal Conference and two representatives of Ocean-going shipping companies.

(v) One representative each of the Ministry of Defence and the Ministry of Transport dealing with ship-building industry.

(vi) The technical officers of the Directorate General of Shipping, namely the Chief Surveyor with the Govt. of India and the Nautical Adviser, to the Govt. of India.

(vii) Rear Admiral Daya Shankar (I. N. Retd.)

(i) for the first sentence in the second paragraph of clause (b), the following sentence shall be substituted, namely:—

"The working pressure of the chests shall be determined by equation 91 or 91A, whichever is applicable, where the term '2 Se' shall be substituted by the term '1·8 S'."

(ii) for clause (c), the following clauses shall be substituted, namely:—

"(c) The working pressure or the thickness of chests shall be determined by the following formulae subject to the minimum thickness as specified in regulation 283(b).

$$WP = \frac{S \times (t-C)}{5 \times D} \quad \text{..... Eqn.} \quad (76)$$

Where

$$t = \frac{5 \times WP \times D}{S} + C \quad \text{..... Eqn.} \quad (77)$$

S is the minimum tensile strength for the grade of material.

D is the *external* diameter of the chest.

t is the minimum thickness of the chest excluding tolerance.

C is the minimum positive tolerance as specified hereunder:—

For bronze chests	C=1·5 mm or 0·06 in
„ cast iron chests	C=5 mm or 0·20 in
„ cast steel chests	C=5 mm or 0·20 in

(iii) after clause (c), the following clause shall be added as clause (d), namely:—

(d) For chests made of cast steel, for service temperatures exceeding 290 degrees C. (554 degrees F.), the working pressure as calculated by equation 76, shall be multiplied by a factor as given below:—

315°C	(600°F)	—	0·90
345°C	(653°F)	—	0·80
375°C	(707°F)	—	0·75
405°C	(761°F)	—	0·71
435°C	(815°F)	—	0·66
454°C	(850°F)	—	0·63

Intermediate values may be inter-polated".

e_n = equivalent thickness of the standpipe calculated similarly as for e_s plus any thickness if required to withstand any external load on the standpipe or nozzle.

b = the least of the values of

2·5 times t_s,

2·5 times t_n

or if the length of the standpipe or nozzle outside or inside the shell is less than this value, 'b' shall be limited to the actual length in each case.

[No. 282/PB/62.]

New Delhi, the 25th March 1964

S.O. 1118.—In pursuance of section 106 of the Representation of the People Act, 1951, the Election Commission hereby publishes the order pronounced on the 16th March, 1964 by the Election Tribunal (I), Rohtak at Ambala.

BEFORE SHRI MANMOHAN SINGH GUJRAL, MEMBER, ELECTION TRIBUNAL, ROHTAK (I) AMBALA

ELECTION PETITION No. 224 OF 1962.

Shri Ram Kishan *Vs.* Sh. Yudhbir Singh etc.

JUDGMENT

Through this petition under section 81 of the Representation of the People Act, 1951 (hereinafter called the Act), Shri Ram Kishan, who was one of the contesting candidates at the Election to the Mohindergarh Parliamentary Constituency has called in question the election of Respondent No. 1 Shri Yudhbir Singh, the elected candidate. The election was held on 24-2-1962 and the result was declared on 27-2-1962. Besides Sh. Yudhbir Singh, the declared candidate, and Sh. Ram Kishan, the petitioner, 7 other persons also contested the election, who were impleaded as respondents No. 2 to 8. Shri Yudhbir Singh had polled 105027 votes while Shri Ram Kishan petitioner had polled 93763 votes. The individual votes polled by other candidates are shown in paragraph 4 of the petition.

2. The election of the successful candidate Shri Yudhbir Singh respondent No. 1 has been challenged on a number of grounds, which it is not necessary to set down, because these allegations were given up by the petitioner and no evidence was led to substantiate these allegations. For the purpose of present enquiry only the following grounds are material:—

(i) That the nomination papers of Sarvashri Devi Parsan respondent No. 2, Sh. Paramjit Kumar respondent No. 4, Bhartu respondent No. 6 and Sudhan respondent No. 7 had been improperly accepted and that this improper acceptance had materially affected the result of the election.

(ii) That the withdrawal form of Shri Manohar Lal had been illegally dis-allowed.

On the basis of the above allegations it was prayed that the election of the returned candidate be declared void and the petitioner be declared duly elected.

3. The petition was contested by Sh. Yudhbir Singh, returned candidate and by Shri Devi Parsan respondent No. 2. Shri Devi Parsan denied the allegations and also denied having held any office under the Government of India in the Ministry of Rehabilitation at the time of filing the nomination paper or at any time afterwards until the date of polling. He stated that his services had been terminated by the Regional Settlement Commissioner with effect from 31-10-1961, and his nomination papers had been rightly accepted. The rest of the paragraphs of the petition were denied for want of knowledge. Similarly respondent No. 1 denied the allegations made in the petition and further stated that the nomination papers of Sarvshri Paramjit Kumar, Devi Parsan, Bhartu and Sudhan had been properly accepted and the withdrawal form of Shri Manohar Lal was rightly dis-allowed. Respondents 3 to 8 were served, but did not appear and exparte proceedings were taken against them. On the pleadings of the parties a number of issues were framed, but only the following issues are necessary to be set down:—

Issue No. 1. Were the nomination papers of Devi Parsan, Sudhan, Paramjit Kumar and Bhartu accepted improperly and to what effect?

Issue No. 2. Was Manohar Lal respondent improperly dis-allowed to withdraw, and if so, to what effect.

4. By my order dated 4-9-1963 the following additional issue was framed and the parties were again given opportunity to lead evidence on the additional issue:—

"Has there been a non-compliance with the provisions of law relating to qualification and dis-qualification by the acceptance of the nomination papers of respondents No. 2, 4, 6 and 7; and if so has this non-compliance materially affected the result of respondent No. 1's election "

As no evidence was led on issues No. 3 to 8 and as these issues were not pressed, these issues are found against the petitioner. My findings on the other issues are as follows:—

Issue No. 1.

5. This issue is not seriously pressed in view of the following observations made by the Hon'ble Supreme Court in 9 E.L.R. 494:—

> "If the want of qualification of a candidate does not appear on the face of the nomination paper or the electoral role, and no objection is raised to his nomination, the Returning Officer has no other alternative but to accept the nomination and the acceptance of the nomination cannot in such a case he held to have been "improper" within the meaning of section 100(1)(c), even though the Election Tribunal finds subsequently after enquiry that the candidate whose nomination was accepted was not really qualified under the Constitution to be chosen as a member of the Legislature. The election cannot be declared wholly void in such a case on account of the improper acceptance of a nomination under section 100(1)(c), but the case is one of "non-compliance with the provisions of the Constitution" referred to in section 100(2)(c) and the election of the returned candidate alone can be declared void."

This issue is, therefore, decided against the petitioner.

Issue No. 2.

6. The allegations in paragraph 5(a) (v) of the petition are that the Returning Officer had wrongly dis-allowed the withdrawal of Shri Manohar Lal respondent No. 8, who had made his application for this purpose through his agent-cum-proposer Shri Ramnij Das and who had been duly authorized to present the application. It is stated that this irregularity has materially affected the result of the election as the petitioner would have secured majority of the votes, which had been secured by Shri Manohar Lal, because Manohar Lal was congress worker and was a covering candidate of the congress party. In support of this allegation we have the evidence of A.W. 3 Sh. Ramnij Das son of Sh. Manohar Lal, respondent No. 8, who stated in this connection that Sh. Manohar Lal had given him a form appointing him as an election agent along with his withdrawal form and that he presented these before the Assistant Returning Officer. He further stated that these documents were not accepted by the Assistant Returning Officer and were returned to him, even though, both the withdrawal form and the form appointing him as an election agent, had been duly signed by Shri Manohar Lal. His statement is supported by that of Shri Manohar Lal A.W. 28, who deposed that he had appointed his son Ramnij Das as an election agent and had sent his withdrawal form duly signed through him for presentation. He further stated that his son had been authorized to withdraw his nomination. He proved the withdrawal form Ex. P. 11 and the election agent's form Ex. P. 12 and stated that his son came back in the evening and told him that the withdrawal form had been returned by the Assistant Returning Officer along with the election agent's form. He then sent a telegram to the Election Commission and also sent a representation to this effect. The Assistant Returning Officer Shri G. S. Aggarwal has also been examined as A.W. 35 and has not supported the statements of Shri Ramnij Das and Sh. Manohar Lal. His version is that application Ex. P. 11 had been presented before him by one Ramnij Das, but it was not accompanied by Ex. P. 12. In cross-examination he stated that the person, who had presented P. 11 was told to give proof that he had been authorized to present this notice of withdrawal and that he wanted to be satisfied that the presenter was the agent of Shri Manohar Lal. That person did not turn up on that day for satisfying him about his having been authorized to file the notice. He also admitted having received telegram from the Election Commission and proved his replies Exs. P. 7/A and P.W. 35/A. On behalf of the petitioner it is argued that the version given by Shri Ramnij Das and Sh. Manohar Lal was correct that Sh. Ramnij Das had presented P. 11 along with P. 12 and that the evidence of Shri Aggarwal was not true. It was also argued that the statement of Shri Aggarwal read as a whole gives an impression as if he was not sure of the facts and was trying to cover up his mistake of returning P. 11 and P. 12. It does appear that Shri Aggarwal's statement on this point is far from satisfactory. At first he stated that he did not remember whether P. 12 had also been produced along with P. 11 or not as there was no endorsement in his handwriting on Ex. P. 12. He then could not tell as to what he had done with the application Ex. P. 11, as the application did not contain any endorsement in his handwriting. He further stated that he was not

sure whether the date, time and name of the presenter on Ex. P. 11 were entered in his hand-writing or not. He also could not show any rule allowing him to return the application and could not give any reason as to why he returned the application to the presenter instead of passing proper orders on this application. The statement of Shri Aggarwal read as a whole does show that he did not act with the responsibility and care that he was supposed to bestow on the application Ex. P. 11. Inspite of all this, I feel that the story given by him is true. This was the earliest version given by him in Ex. P. 7/A and P.W. 35/A Ex. P.W. 7/A reads as under:—

> "The person who wanted to present the notice of withdrawal did not give any proof that he was authorized by the candidate nor he had anything in writing by the candidate in this behalf as is required u.s. 37(1) of the Representation of the People Act, 1951."

Same reply was repeated in Ex. P.W. 35/A and it was further added that the notice of withdrawal was not presented by the person authorized in this behalf in writing by the candidate and was, therefore, not admitted. Both these documents show that P. 12 could not have been presented along with P. 11. Even otherwise it appears highly improbable that Shri Aggarwal would have returned P. 11 if in fact it had been accompanied by Ex. P. 12 authorizing Sh. Ramnij Das to present the notice of withdrawal. In that case there would have been no reason or motive for Shri Aggarwal not to pass proper orders on Ex. P. 11. Shri Aggarwal's mistake lies in not passing any orders on Ex. P. 11 when it was presented without P. 12. His explanation seems to be correct that he returned P. 11 asking the presenter to give proof that he had been authorized to present the notice of withdrawal. Because Shri Ramnij Das had not brought the authority with him, he did not turn up again and P. 11 was not presented before Shri Aggarwal second time for obtaining his orders. While coming to this conclusion I am also conscious of the fact that the statement made by Shri Ramnij Das was not seriously challenged in cross-examination, but as the version given by Shri Aggarwal appears to be more probable, I accept Sh. Aggarwal's statement in this respect.

7. The question, however, still remains as to whether Shri Aggarwal had rightly not accepted the notice of withdrawal presented by Shri Ramnij Das. The withdrawal of candidature is dealt with in Section 37 of the Act, which reads as under:—

> "Any candidate may withdraw his candidature by a notice in writing which shall contain such particulars as may be prescribed and shall be subscribed by him and delivered before three O'clock in the afternoon on the day fixed under clause (c) of Section 30 to the returning officer either by such candidate in person or by his proposer or election agent who has been authorized in this behalf in writing by such candidate."

According to the above provision a notice of withdrawal duly subscribed by the candidate can be presented either by the candidate himself or his proposer or by his election agent, who has been authorized in this behalf in writing by such candidate. If the notice is presented by the proposer it is not necessary for him to carry a written authority from the candidate, which is necessary in the case of an election agent. Sub-section (2) of Section 37 further shows that a notice once presented cannot be cancelled. In this case notice Ex. P. 11 was presented by Ramnij Das, who admittedly was proposer of one of the forms of Shri Manohar Lal. He could, therefore, present the notice of withdrawal without a letter of authority signed by Shri Manohar Lal. The Assistant Returning officer was not justified in returning Ex. P. 11 on the ground that the person presenting the same did not give proof that he had been authorized by the candidate. As the withdrawal form had been presented by a proposer, the Assistant Returning Officer could not ask the proposer to produce a written authority on behalf of the candidate. All that he could demand in such a case was the satisfaction that the notice was genuine and that the person presenting was the proposer. Neither from the statement of Shri Aggarwal nor from the documents Exs. P. 7/A and P.W. 35/A it emerges out that the returning officer had demanded satisfaction on any one of these two points. In fact Shri Aggarwal only wanted a writing duly signed by the candidate showing that Ramnij Das had been authorized to present the notice of withdrawal. This demand was not warranted by law, as Shri Ramnij Das was a proposer and could present the notice of withdrawal without any accompanying letter of authority. Taking this view of the matter I hold that Shri Aggarwal had illegally returned the notice of withdrawal and had improperly dis-allowed Shri Manohar Lal to withdraw. In fact having received Ex. P. 11 Shri Aggarwal could not have permitted Shri Ramnij Das to take it back, as it had been properly presented, and having been presented could not have been withdrawn.

8. The next question is as to what is the effect of this improper refusal to accept the withdrawal of Shri Manohar Lal. Manohar Lal had secured 7269 votes. Firstly, it is difficult to hold that all these votes would have gone to the petitioner in case Manohar Lal's withdrawal had been accepted, even considering that they belonged to the congress party and Manohar Lal was covering candidate of the petitioner. The psychological make up of the voters in the elections based on adult suffrage is so complex that his ultimate reaction is unpredictable. So many considerations weigh with the elector that it is difficult to say that in this case one particular consideration alone would have guided him to vote for a particular candidate. It is, therefore, not possible to hold that all the votes polled by Shri Manohar Lal would have been received by the petitioner.

9. Secondly, even if the petitioner had received all these votes, the result of the election would not have been materially affected because the total of the votes polled by the petitioner and Shri Manohar Lal is less than the votes polled by the successful candidates; the total of the votes of the petitioner and Manohar Lal being 101032, while the votes secured by Shri Yudhbir Singh are 105027. I, therefore, find this issue against the petitioner.

Additional issue:

10. The allegations covered by this issue are contained in paragraph 5(a)(i) to 5(a) (iv) of the petition. It is stated that the nomination papers of Sarvashri Devi Parsan respdt. 2, Paramjit Kumar respdt. 4, Bhartu respdt. 6 and Sudhan respondent 7 had been wrongly accepted by the returning officer and that the acceptance of the nomination papers of these candidates was a non-compliance of the provisions of Law relating to qualification and disqualification and this non-compliance has materially affected the result of the election of the returned candidate. No arguments were, however, addressed regarding the acceptance of the nomination papers of Sarvashri Paramjit Kumar and Bhartu, and the petitioner's case is only confined to the acceptance of the nomination papers of Sarvashri Devi Parsan and Sudhan.

11. The acceptance of the nomination paper of Shri Devi Parsan is challenged on the ground that he was a lower division clerk in the office of Government of India on the date of his nomination and was, therefore, not qualified to be nominated. In this respect there is the evidence of A.W. 1 Shri M. P. Chopra, Assistant Settlement Commissioner. His statement is that Devi Parsan respondent was working as a lower division clerk in the District Rent and Managing Office at Rohtak in 1961 and that his services were terminated in October, 1961, by the order of the Regional Settlement Commissioner. Devi Parsan was allowed four months' terminal leave, which expired on 28th February 1962 and he received his pay till that time. He further stated that Devi Parsan remained a temporary employee and that till the date his services were terminated he had not been confirmed. In November, 1961 proceedings were started for granting Devi Parsan quasi-permanent status, but he did not fulfil the conditions which were required to be fulfilled. He further stated that in January 1962 Devi Parsan was erroneously granted quasi-permanent status, as before that date his services had been terminated. His evidence further shows that on 15th December 1961 it was ordered that in case it was found that by issuing a quasi-permanent certificate, Devi Parsan could be retained in service such a declaration may be given. He further proved a letter Ex. P. 4 showing that Devi Parsan was recalled and was directed to be put on duty before 3rd January 1962, provided his terminal leave had not expired. As the terminal leave of Devi Parsan had not expired, he could join duty and could be made quasi-permanent after he joined duty. Shri Chopra further deposed that from Devi Parsan's service book it appeared that he did not join duty after the receipt of this letter and that Devi Parsan was re-appointed in April, 1962. He proved Ex. P. 6, which was the appointment order by which Devi Parsan had been appointed second time. Shri Chopra, however, stated that at the time of his second employment, Devi Parsan had been directed to come through the employment exchange and had not been appointed directly on the basis of his application.

12. On the basis of the above statement it is argued on behalf of the petitioner that as quasi-permanent status had been conferred on Devi Parsan in January 1962 and as he drew pay till 28th February 1962 he should be considered to be in the service of the Central Government at the time of filing of his nomination papers and at the time of the election. According to Article 102 of the Constitution of India a person is disqualified for being chosen a member of either house of Parliament if he holds any office of profit under the Government of India or the Government of any State. This disqualification has to be in force at the time a person is to be chosen and not earlier. If prior to the time of the election a person ceased to hold any office of profit he cannot be disqualified on that account. The question,

therefore, is whether Devi Parsan was holding any office of profit under the Government of India at the time he filed his nomination paper. No doubt it had been decided by Ex. P. 3 to grant quasi-permanent status to Sh. Devi Parsan, but because he did not join as directed in Ex. P. 4, this status could not be conferred on him. The fact that he drew pay till 28th February 1962 is also of no consequence, because this was only given to him as terminal benefit in lieu of the earned leave which was due to him at the time of retrenchment. Shri Chopra in this respect has stated that terminal leave was only granted as a terminal benefit. This did not have any effect on his status. This is further clear from Ex. P. 5 and Ex. P. 6. By Ex. P. 5 he had applied to be again absorbed on the ground that he was a quasi-permanent clerk. This position was not accepted because by Ex. P. 6 he was given a temporary appointment with effect from 6th June, 1962. If he had been a quasi-permanent official, he could not have been given temporary appointment again and would not have been directed to apply through the Employment Exchange as is the statement of Shri Chopra. No doubt Devi Parsan received pay from the Government for the months of January and February, 1962, but he was not holding any office at that time and this was only given as a benefit to him for not having taken earned leave during the period of his service. In my opinion, the expression "holds an office of profit" means that at the time of election he must be in office and not merely be enjoying certain benefits from the office, which he had earlier held. Considering the statement of Shri Chopra that service of Shri Devi Parsan had been terminated in October, 1961, and considering his status on his re-appointment, I hold that the nomination paper of Shri Devi Parsan was rightly accepted.

13. Even if for the sake of arguments it be considered that the nomination paper of Sh. Devi Parsan was improperly accepted, it has still to be established that this wrong acceptance had materially affected the result of the election before the petitioner can succeed. Devi Parsan had polled 32039 votes. These votes are more than the difference between the votes of the petitioner and the successful candidate Shri Yudhbir Singh.

14. In order to show that the petitioner would have secured majority of these votes he produced A. W. 32 Chandgi of village Badala, A. W. 33 Charanji Lal of village Kaila, A. W. 34 Sukh Lal of village Baund, A. W. 36 Sh. Bhim Sen of village Dharu Heru, A. W. 37 Banwari Lal of village Amravat and A. W. 38 Niranjan Lal of village Pur, who all deposed that if Shri Devi Parsan had not contested the election, all or 90 per cent of votes of their village would have gone to the petitioner, who was a congress candidate. They also stated that Devi Parsan had secured votes from their village on the ground that he was a Brahmin and that previously electors from their villages had been voting for the congress candidate. Some of them also stated that for the Assembly seat they had voted for the congress candidate. These witnesses had however admitted that they actually did not know which person had voted for which candidate as the ballot was secret. It is, therefore, difficult to accept *mere ipse dixit* of these witnesses that in fact majority of votes would have been received by the petitioner, if Devi Parsan was not a candidate.

15. The respondent also produced R. W. 12 Jagdish Rai of village Basa, R. W. 13 Ujagar of village Mundhal Kalan and R. W. 14 Ram Kumar of village Baupara. Jagdish Rai has stated that no meeting of Brahmins was held in his village to decide as to for whom the Brahmins should vote. To the same effect is the statement of Ujagar and Ram Kumar. Jagdish Rai has further deposed that if Devi Parsan had not contested the election, the votes polled by him would have gone in favour of Sh. Yudhbir Singh respondent. The bare statements of these witnesses also cannot be accepted, as it is nothing more than an opinion which may or may not be correct. The petitioner in his own statement had to admit that it was only his impression based on election results, that Devi Parsan had got votes on account of his being a Brahmin. The evidence on this part of the case, therefore, is exceedingly general and apart from the evidence by the witnesses who came forward as to their opinion, there is nothing definite about it. It is neither possible nor permissible to come to a conclusion that the wasted votes would have gone to the petitioner on the basis of mere impression or opinion. The entire evidence, which has been brought on the record regarding this part of the case is not decisive of the matter in view of the test laid down by Their Lordships of the Supreme Court in the case of Vashist Narain Sharma *Vs.* Devi Chand reported in 10 E.L.R. 30. In this case the Supreme Court had to consider a somewhat identical situation. One of the candidates stood disqualified under the Representation of the People Act. In dealing with the matter Their Lordships observed as follows:—

> "Before an election can be declared to be wholly void under section 100(1)(c), the Tribunal must find that 'the result of the election has been materially affected.' These words have been the subject of much

controversy before the Election Tribunals and it is agreed that the opinions expressed have not always been uniform or consistent. These words seem to us to indicate that the result should not be judged by the mere increase or decrease in the total number of votes secured by the returned candidate but by proof of the fact that the wasted votes would have been distributed in such a manner between the contesting candidates as would have brought about the defeat of the returned candidate."

"We are not prepared to hold that the mere fact that the wasted votes are greater than the margin of votes between the returned candidate and the candidate securing the next highest number of votes must lead to the necessary inference that the result of the election has been materially affected. That is a matter which has to be proved and the onus of proving it lies upon the petitioner. It will not do merely to say that all or a majority of the wasted votes might have gone to next highest candidate."

16. From these observations it is, therefore, clear that a mere general probability was not all that was required but some actuality had to be established. General evidence of a likelihood as has been led in this case is no decisive of the matter u/s 100 of the Act and a party, who wishes to get an election set aside, has to establish that the result of the poll had in fact been materially affected by the improper acceptance of a nomination paper. To do this, it has to be demonstrated and proved that the votes would have been divided in such a way that the returned candidate would not have secured the majority of votes. Their Lordships of the Supreme Court have no doubt considered the difficulty of establishing such a result by concrete and positive evidence, but have further stated that the matter could only be rectified by the Legislature and not by the Courts. The onus that has been placed on the contending party is insuperable and incapable of being discharged, but that again is not a matter to be considered by this Tribunal. Applying the law laid down in this ruling to the facts of the present case, I hold that the evidence produced is not sufficient to discharge the onus, which was on the petitioner—Shri Ram Kishan. The result, therefore, is that even if Devi Parsan be said to have been wrongly allowed to contest the election, the result of the poll must be said, on evidence, not to have been materially affected. On behalf of the petitioner reliance was placed on Yamuna Prasad *Vs.* Jagdish Prasad Khare and others, reported in 13 E.L.R. page 1. In this case the successful candidate 'A' had secured 1398 votes, while the next candidate 'B' had got 1337 votes and the next candidate 'C' had got 997 votes. It was found that the nomination paper of 'B' had been wrongly accepted and that 'B' and 'C' had been put up by the same political party. There was also evidence to show that if B's nomination paper had been rejected at the time of scrutiny, that party would have set up C. Some witnesses further gave evidence that all the votes cast by B would have been secured by C if B's nomination paper had been rejected. The Tribunal held that the evidence was sufficient for coming to a finding that the result of the election was materially affected by the improper acceptance of B's nomination. In coming to this conclusion the Tribunal had distinguished the case of Vashist Narain Sharma. The matter was taken up in appeal to the Supreme Court, but as the Assembly had ceased to exist and neither of the parties appeared before the Court, the Supreme Court dismissed the appeal without deciding the point involved. It is not necessary for me to consider whether the decision in the cited case is in accordance with Vashist Narain Sharma's case or not, because I find that this case was decided on its peculiar facts, which are not parallel to the facts of the instant case. Devi Parsan had not been set up by the Congress Party and it is, therefore, not possible to hold that the votes secured by him would have gone to the Congress candidate merely, because in the election to the Legislative Assembly more votes had been received by the Congress candidate than by Shri Ram Kishan. I, therefore, find that this authority does not help the petitioner, and that the petitioner has failed to establish that the result of the election of the returned candidate had been materially affected by the acceptance of Devi Parsan's nomination paper, even if the acceptance be considered to be improper.

17. Lastly I come to the case of Shri Sudhan. The petitioner's case is that the nomination paper Ex. P. 9/D of Shri Sudhan had been improperly accepted, because it did not comply with the provisions of Section 33 of the Act and that the other two nomination papers Exs. P. 9/B and P. 9/C had been wrongly accepted, because they did not bear the signatures of Sudhan, but the name of Shri Sudhan had been put by somebody else on these nomination papers. The evidence was led to show that the signatures on these two nomination papers did not tally with the accepted signatures of Sudhan. It is not necessary for me to

go into this evidence, as I find that the nomination paper Ex. P. 9/D had been rightly accepted. The only defect pointed out in this nomination paper is that in column No. 2, which relates to the electoral roll number of the proposer, only the number is mentioned and not the part of the electoral roll in which the name of the proposer stands. On account of the omission of the serial number of the part of the electoral roll in which the entry of the name of the proposer exists, it is argued that the form was not in accordance with Section 33 of the Act and should not have been accepted. Section 33 provides that the nomination paper should be completed in the prescribed form, which form is 2-A and of which the relevant portion reads thus:—

"FORM 2A

NOMINATION PAPER

(*See* rule 4)

Election to the House of the People

(To be filled by the proposer)

I hereby nominate.....as a candidate for election from the.....Parliamentary Constituency.

1. Full name of proposer.....
2. *Electoral roll number of proposer.....
3. Name of candidate's father/husband.....
4. Full postal address of candidate.....
5. *Electoral roll number of candidate.....

Date.....

Signature of proposer.

*Here insert—

(i) the name of the parliamentary constituency;

(ii) the name of the component assembly or electoral college constituency in the electoral rolls of which the name of the proposer or the candidate as the case may be, has been entered;

(iii) the serial number of the part of the electoral roll in which such entry occurs; and

(iv) the serial number of the entry in that part.

It is admitted on behalf of the first respondent that the nomination paper Ex. P. 9/D does not contain the serial number of the part of the electoral roll in which the entry of the name of the proposer occurs. It is, however, argued that the defect is not fatal to the acceptance of the nomination paper as it is not of a substantial character. This view emerges out from the provisions of Section 36(2) (b) read with Sections 36(4) and 33(4) of the Act. According to these provisions the returning officer may reject any nomination paper on the ground that there has been a failure to comply with any of the provisions of Section 33 or Section 34, but he shall not reject any nomination paper on the ground of any defect which is not of a substantial character. No doubt according to Section 33 of the Act the form has to be duly completed but the failure to enter the serial number of the part is not a defect, which in my opinion is of a substantial character, especially when the number can be identified with reference to the electoral roll. In this respect it may also be stated that no evidence has been led in this case that the electoral roll was in more than one parts. Neither the electoral roll has been got produced and proved, nor is there the statement of any witness to show that the electoral roll is in more than one parts. Leaving this apart, even if it be assumed that the electoral roll is in more than one parts, the omission to mention the serial number of the part is not fatal. Moreover, proviso to Section 33(4) lays down that it is the duty of the Returning Officer to permit any clerical or technical error in the nomination paper in regard to the names and electoral roll numbers of the candidate and his proposers to be corrected in order to bring them in comformity with the corresponding entries in the electoral roll. The imposition of such a duty leads to the inference that such a defect is not of

substantial nature. In this view I am fortified by the following observations made by the Hon'ble Supreme Court in Karnail Singh *Vs.* Election Tribunal, Hissar and others, reported in 10 E.L.R. 189:—

> "Where the name of the part of the electoral roll in which the name of the candidate appeared was not filled up against column No. 8 of the nomination paper, but there was no difficulty in identifying the candidate, and the entry of his name in the roll was pointed out to the Returning Officer, but the nomination was rejected by him on the ground that the nomination form had not been duly filled up:
>
> Held, affirming the decision of the majority of the Tribunal, that the defect was only a technical defect not of a substantial character and the nomination was improperly rejected."

Applying the above observations to the facts of the present case, I find that the nomination paper of Shri Sudhan was rightly accepted, as it did not suffer from any defect of substantial character. There is no evidence on the record that there was any difficulty in identifying the proposer or the entry of his name in the electoral roll. Some authorities to the contrary have been cited on behalf of the petitioner, but in view of the above observations of Hon'ble Supreme Court, these authorities cannot be considered to be laying down correct law. Leaving this apart, there is no reliable evidence in this case to lead to the conclusion that if Sudhan's nomination papers had been rejected, the majority of votes polled in his favour would have gone to the petitioner.

18. For the foregoing reasons I also decide this issue against the petitioner.

19. *Relief.*—It having been held that failure to allow Manohar Lal to withdraw had not materially affected the result and that nomination papers of Devi Parsan and Sudhan had been rightly accepted, the petitioner is not entitled to any relief.

20. The election petition therefore fails and is dismissed with costs to be paid to respondent No. 1. Respondent No. 2 will bear his own costs. Coming to the amount of costs, considering the time that has taken and the volume of evidence led, I assess the costs at Rs. 500/-. Respondent No. 1 will be entitled to recover this amount from the petitioner. Announced in open Court.

SCHEDULE

(iii) Whether Shrimati Anjali Dutta of the Lakurka Colliery, who has been given the pay scale of a Dai under the Coal Award is entitled to the pay scale applicable to Midwife? If so, from what date?

2. The workmen through their Union, Colliery Mazdoor Sangh, file their written statement on 27th December, 1962.

The employers also on 28th February, 1963 filed their written statement. Later, the workmen filed a rejoinder to the written statement of the employers on 29th March, 1963.

The case of the parties on the three items of disputes will be mentioned while deciding these questions.

3. Unfortunately, the management, on some excuse or other, has been prolonging this dispute and taking time after time, as will appear from the following facts: The reference was received by this Tribunal on 22nd October, 1962, and, the case was fixed for hearing on 17th October, 1963. The company on 17th October, 1963 filed a petition praying for an adjournment to some other date on the ground that the Chief Mining Engineer who was looking after this case, was ill. The workmen were represented but on the above petition for time the case was adjourned to a future date. The case was then fixed for hearing on 6th January, 1964, but, earleir on 3rd January, 1964 a petition was again received from the management for adjournment of the case fixed on 6th January, 1964 to some other date after one month due to labour trouble in the colliery. As the case was over six months old I rejected the petition for time and the company was informed on the phone that no adjournment would be granted on the date fixed.

On 6th January, 1964 Sri J. R. Varma, Labour Officer of the Company, appeared and again applied for time due to labour trouble in the colliery. Sri S. Das Gupta, who appeared for the workman, seriously objected to time being granted because of previous adjournments and pressed for costs, if time was allowed. As a last chance I allowed time till 9th January, 1964 on payment of Rs. 50/- as cost to the workmen concerned payment of which was to be condition precedent to the appearance of the company on the next date fixed. With the consent of the parties, 9th January, 1964 was, therefore, fixed for the hearing of the case as that was the earliest date which was suitable to the company as represented by Sri Varma. In token of this adjournment Sri Varma signed on behalf of the management on the order sheet and Sri Das Gupta signed for the workmen concerned.

On 9th January, 1964 a petition was received from the company through a messenger praying that due to illegal strike in the colliery it was not possible to attend the Tribunal on 9th January, 1964 and therefore the case may be adjourned *sine die* till unrest is over in the colliery. I rejected this petition for time as it was obvious from the attitude of the management that it was not in a mood to appear before the Tribunal and get the case disposed of soon. Furthermore, adjournment *sine die* at the instance of a party was something unheard of and it could not possibly be granted to suit the alleged convenience of the management.

It further appears that even before the Conciliation Officer, as will appear from his Failure Report Exhibit W.4, the management did not turn up on the dates fixed for the meeting of the parties by the Conciliation Officer.

In these circumstances, the case was taken up for *ex-parte* hearing, as it was already more than one year and two months old and it was not known when the alleged unrest in the colliery would be over.

The cost awarded to the workmen was also not paid nor sent through the messenger along with the petition for time sent on 8th January, 1964 which was received by the Tribunal on 9th January, 1964.

4. Shri Das Gupta, Secretary, Colliery Mazdoor Sangh, appeared for the workmen concerned. He examined two witnesses, namely, Tejoo Mahato, W.W.1 and, R. P. Ojha, W. W. 2. The workmen also filed documents which were marked as Exhibits W. to W.4.

I will now take up the three items of dispute separately.

Re: Item (i):

5. On this question, the case of the workmen is that Pits Nos. 1 and 3 of the Colliery were closed by the company and the miners working in these two pits, who were 150 or 175 in number, were laid off and were asked to work in 14 Seam quarry under contractors, which the workmen concerned refused as there were not sufficient working places even for all the miners who were working there, and even these contractors' workers, already-working in the quarry, had never been able to earn their minimum guaranteed wages.

The case of the management, however, was that the miners of Pits Nos. 1 and 3 were not entitled to any lay-off wages for the period 29th May, 1961 to 11th June, 1961 as these miners were given alternative jobs in the quarry which they refused.

It would appear from Exhibit W.2, the letter of Regional Labour Commissioner (Central), Implementation, Dhanbad, sent on 12th January, 1962 to the Secretary, Colliery Mazdoor Sangh, as also from the Failure of Conciliation Report dated 4th May, 1962, Exhibit W.4, as well as from the written statement of the employers, that the fact that the miners working in Pit Nos. 1 and 3 were laid-off, because these two pits in the Colliery were closed, is admitted, but the defence of the employers is that they were offered alternative employments in 14 Seam quarry but they refused.

The witness examined for the workmen, W.W.1, a miner, who has been working for the last 13 or 14 years at the Lakurka Colliery, has given reasons supporting the workmen as to why the miners refused the alternate job because it was not an equivalent job having the same facilities and emoluments. W.W.1 has stated that the workers requested the management to send the Overman, Munshi, and other supervisory staff, under whom they were prepared to work provided they were given the minimum earnings of a miner. But the Manager did not agree and, therefore, the miners were not provided with any other work nor their attendance was marked for the period.

On this un-controverted evidence of W.W.1 there is no doubt that the alternative job offered to the miners, who were laid-off, was not a suitable job and there was no prospect of giving the miners even their minimum guaranteed wages in the alternative job offered and, therefore, certainly they were justified in refusing this unsuitable alernative job.

For the reasons given above, I would, therefore, hold that the miners and leaders of Pits Nos. 1 and 3 of the Lakurka Colliery are entitled to lay-off wages for the period from 29th May, 1961 to 11th June, 1961.

Re: Item No. (ii):

6. On this question of alleged deduction in the rate of wages of the 15 monthly paid employees, mentioned in the reference, from May, 1958, the case of the management was that these workmen on monthly payments were paid higher rates of wages for 3 or 4 months and after the mistake was detected they rectified this mistake and, therefore, there was no question of any deduction in the emoluments of these monthly paid employees.

The case of the workmen, however, was that these workmen were paid increased wages correctly, but arbitrarily since May 1958 their wages had been reduced to the extent mentioned in Exhibit W.4 Failure Report of Conciliation Officer and also in the Chart, filed by the workmen showing the reduced rates and the rates which they ought to have got in May, 1958—Exhibit W. On the above question the workmen examined the Register Keeper of the Colliery Shri R. P. Ojha, W.W.2. He stated that the dates of appointment mentioned against the 15 workers mentioned in the references and in Exhibit W. were correct and that some increments were given to them in February, 1958 but that was discontinued from May, 1958 and they got increments according to the Coal Award only for three months. He further stated that workers Nos. 7 and 8, namely, Bishu Barhi and Ahmed Hussain, who were not monthly paid staff but were daily rated workers and there is no grade under the Coal Award for them, were given a special increment of Rs. 10/- or Rs 11/- per month in view of the fact that their income prior to the Coal Award of 1956 was higher. But this increment also was disallowed to them from May, 1958. He further stated that there was a strike in the Colliery in 1949, which lasted for about 3½ months, but none of the persons concerned in this item of dispute tendered resignation at that time nor did they either receive any fresh letter of appointment.

On this item of dispute also, therefore, there is uncontroverted evidence of W.W.2 and there is no evidence that the rates of wages were paid by the company for three or four months under some mistake and, that when the mistake was detected it was rectified.

Sri Das Gupta relied on page 316 of the decision of Labour Appellate Tribunal dated 29th January, 1957 which came into effect on 26th May, 1956 in which the directions were given for adjustments into new scales. Para 316 (2) lays down that after adjustment in the manner indicated in para (1) the workman shall be given one increment for every four completed years of service subject to the maximum of three increments, provided the two contingencies mentioned in

clauses (a) and (b) of sub-para (2) of Para 316 were satisfied. Sri Das Gupta said that these instructions were ignored and these workers were not given increment in the manner indicated above.

As there is no evidence on behalf of the management in justification of its reducing the emoluments of the 15 workmen, mentioned in Item 2 of the dispute, from the month of May 1958, I must hold that the management had no justification in reducing the emoluments of these workmen from the month of May, 1958 as indicated in Ext. W. and also in Ext. W.4.

I would, therefore, hold that these 15 workmen are entitled to their salaries or wages as the case may be at the rate mentioned in Ext W, which were the total basic wages which were payable in May 1958, and, since then each of the 15 workmen concerned is entitled to his wages at these rates which were mentioned in column 6 of Exhibit W. and the reductions shown in the 7th column of Exhibit W. are uncalled for and unjustified.

Re: Item No. (iii):

7. The case of the management regarding the claim of Smt. Anjali Dutta is that she was being paid the pay scale of a Dai under the Coal Award and, therefore, there was no justification for changing the same at this stage. The case of the the workmen, however, is that Shrimati Anjali Dutta was a mid-wife and appointed as such, as will appear from her appointment letter, Exhibit W.1, from 3rd March, 1954 on a monthly basic salary of Rs. 20/- and as such she was entitled to be given the pay scale applicable to a mid-wife. W.W.2 has also stated that she was a mid-wife and when the award of 1956 was implemented her designation was changed to Trained Dai There is nothing to contradict this evidence. I, therefore hold that Shrimati Anjali Devi of the Colliery is entitled to the pay scale applicable to a mid-wife from 26th May, 1956, as the date from when the Coal Award came into effect.

8. It appears from Exhibit W. that the workman Sri Kasim Mian, Workshop Head Fitter, a monthly paid worker expired on 2nd April, 1963, and, therefore, his emoluments, which may be due to him, according to this Award which I am giving, and which he would have got had he been alive, will be paid now to his heirs and legal representatives on their making a proper application.

9. It may further be mentioned that Bishu Barhi Serial No. 7 and Ahmad Hussain Serial No 8 in Exhibit W. and also in Item No. 2 of dispute under reference, both of whom are Turners, are not monthly rated workers but they are daily rated workers, but as they got lump sum as increment because they were already getting much more than what was fixed by the Coal Award, their names are also mentioned in Exhibit W. under monthly rated workers. I, therefore, direct, as mentioned earlier also, that they will get what was payable to them in May 1958 and as shown in Exhibit W.

10. I therefore, answer the reference, in the manner indicated above, in favour of the workmen concerned, in the absence of any evidence to the contrary on behalf of the management.

11. As the attitude of the management in this case has been most non-co-operative, obstructive and unhelpful, I direct the management to pay a sum of Rs. 200/- as costs of this case to the workmen concerned. The management will further pay Rs. 50/-, the cost which was awarded to the workmen concerned.

12. This award must be implemented within one month from the date when it becomes enforceable after its publication under Section 17 of the Act.

13. This is the award which I make and submit to the Government of India under Section 15 of the Act.

STATE: Bihar. INDUSTRY: Coal.

Camp: *Patna, dated the 24th January, 1964*

AWARD

This is a complaint, under Section 33A of the Industrial Disputes Act, 1947, made by the workman, Rabia Hari, Sweeper, Digwadih Colliery, on 6th April 1963 against the management opposite party, in References Nos. 45, 56, 65 and 84 of 1961, complaining against his dismissal from the company's service with effect from 15th January 1962 for misconduct punishable under Para 19(2) of the Standing Orders for having booked his attendance on 21st April 1962 and 27th April 1962 in the Office of the Welfare Officer but not having gone to his place of work.

2. The management opposite party filed its written statement on 16th May 1963 in which in para 6 an objection was taken that the complainant was not concerned in any of the references mentioned above and, therefore, the complaint was not maintainable and it was further stated that earlier the management filed an application under the Proviso to Sub-section 2(b) of Section 33 of the Act—Application No. 93 of 1962—for approval under misconception, but for the above reasons it was subsequently withdrawn as it was not maintainable.

3. This complaint was fixed for hearing at the request of the parties, at Patna on 24th January 1964, on which date the management was represented by Sarvashree S. N. Singh and N. Sen, and, the Complainant was represented by Sri P. Chanda, representing the Tata Collieries Workers' Union, Digwadih, which represented the complainant concerned. None of the parties examined any witness but the management filed documents which, with mutual consent, were taken in evidence and marked Exhibits M. to M. 9.

4. The management pressed its preliminary objection to the maintainability of the complaint on the ground that the complainant was not a workman concerned in any of the four references mentioned above and as such there was no contravention of Section 33 of the Act so as to entitle the complainant to make the complaint under Section 33A of the Act. In support of its case, the management filed the awards of the four references mentioned above, along with copies of the notifications sent by the Ministry of Labour & Employment, Government of India, to the management. These documents were marked Exhibits M. to M.7.

5. I will, therefore, address myself first to the determination of the preliminary objection and if it is upheld the complaint will be dismissed on this preliminary

ground alone and then the question of determination of the complaint on its merits will not arise.

6. In the instant case, the complainant, Rabia Hari, is a sweeper in Digwadih Colliery belonging to Tata Iron and Steel Company Ltd., Jamadoba and the question is whether his dismissal was justified and legal.

REFERENCE No. 45 OF 1961

7. In Reference No. 45 of 1961, as will appear from its Award dated 28th September 1962, Exhibit M. 3, the dispute was between the employers in relation to Digwadih Colliery and their workmen in respect of the following matter:

"Whether the dismissal of Shri Jagdish Singh an Underground Munshi, by the management of Digwadih Colliery was justified, and if not, to what relief is he entitled?"

It appears from the award Exhibit M. 3 that Jagdish Singh was Underground Munshi and was working in the Digwadih Colliery but subsequently he was dismissed and the question under consideration in the said reference was whether his dismissal was justified.

REFERENCE No. 56 OF 1961.

8. In Reference No. 56 of 1961, as will appear from its award dated 3rd August, 1962 Exhibit M. 1, the dispute was between employers in relation to the Digwadih Colliery and their workmen in respect of the following matter:

"(1) Whether the management was justified in terminating the services of Jaldar Singh.

If not, to what relief is he entitled?"

It appears from the award, Exhibit M. 1, that this Reference was concerning the termination of the services of one Jaldar Singh, by the management of Digwadih Colliery where he was working as a substitute as a stone cutter against temporary jobs, as and when required.

REFERENCE No. 65 OF 1961

9. In Reference No. 65 of 1961, as will appear from its award dated 9th November 1962 (Exhibit M. 7), the dispute was between the employers in relation to Digwadih Colliery and their workmen in respect of the dispute specified below:

"Whether the dismissal of Shri Ganesh Mahato by the management of Digwadih Colliery was justified, and, if not to what relief he is entitled?"

It appears from the award Exhibit M. 7 that in this reference the question was whether the dismissal of Sri Ganesh Mahato, Miner of Digwadih Colliery, was justified.

REFERENCE No. 84 OF 1961

10. In Reference No. 84 of 1961, which on being transferred to Sri H. K. Choudhuri, Presiding Officer, Industrial Tribunal, Patna, as Presiding Officer, Central Govt. Industrial Tribunal, was registered as Reference No. 10 of 1962, as appears from his award dated 5th June 1962, Exhibit M. 5, there was a dispute between the employers in relation to Digwadih Colliery and their workmen in respect of the following matter:

"Was the management justified in terminating the services of the workmen, whose names are mentioned below. If not, to what relief are they entitled:

1. Shri Jahiruddin, 2. Sri Ramsarup, 3. Shri Kaileshwar Lall, 4. Sri Ramdin Pande, 5. Shri Ramaudh Upadhyaya, 6. Sri Bijoy Upadhyaya."

In the above reference, as appears from its award Ext. M. 5, the question was whether the services of the above named six workmen were terminated properly and whether their termination was justified. Out of the six workmen, three of them, namely Nos. 1, 4 and 5 were given employments by the management and, therefore, their cases were not pressed by the Union. The cases of the remaining three workmen, namely, Nos. 2, 3 and 6 were pressed and decided. These six workmen were also substitute workers.

11. Relying on the above four references, Sri S. N. Singh, on behalf of the management, contended that from the facts stated above it was manifest that the

complainant could not be considered to be a workman concerned in the dispute of any of the four aforesaid references, and as such the present complaint was not maintainable.

12. In reply, it was contended by Sri Chanda on behalf of the complainant workman, that because in all the four References the Colliery concerned was the same, namely, Digwadih Colliery, as is the case in the present case, and all the cases, including the present case, are cases of dismissal, and the same principle applies as is clear from Section 23(1) of the Act under which all the workers of the Colliery were under law prohibited from going on strike, therefore, all the workmen concerned in the four references and in the present complaint were all concerned, and, further, because collectively dispute was taken up on behalf of all the workmen concerned the decision in these cases affected all the workmen concerned, and as such the complaint, in the instant case, must be considered to be a workman concerned in the aforesaid four references.

13. I have considered carefully the contentions of the parties, but, in my opinion, in view of the several decisions of the Supreme Court I am unable to hold that the dispute pending in any of the four references was such that it concerned all the workmen or that in involved any principle which applied to all the workmen concerned, in that, in each of these four cases, including the present case, it was an individual dispute and not a collective or representative dispute so as to bind all the workmen of the Colliery. The mere fact that in all these cases the concerned workman in each case belonged to the same Colliery, namely, Digwadih Colliery, further that those cases were concerned with dismissal of workmen, as is the case in the instant case, is also, in my opinion, no ground for holding that the complainant in the present case must be considered to be workman concerned in these references so as to make the awards therein binding on the complainant.

14. For the reasons given above, I, therefore, uphold the preliminary objection and hold that the complainant was not a workman concerned in the disputes in the aforesaid four references and as such there was no contravention of Section 33 of the Act which would entitle the complainant to make the present complaint under Section 33A of the Act, and, accordingly the present complaint is not maintainable, and, as such, it is dismissed as not maintainable.

15. This is the award which I make and submit to the Central Government under Section 15 of the Act.

Dhanbad, dated the 26th February 1964

AWARD

Ministry of Labour & Employment, Government of India, by its Order No. 2/44/63-LRII dated the 10th September, 1963 referred an industrial dispute existing between the employers in relation to the Digwadih Colliery of Messrs. Tata Iron and Steel Co. Ltd., Jamadoba, and their workmen, under Section 10(1)(d) of the Industrial Disputes Act 1947, for adjudication to the Tribunal, in respect of the matter specified below:

"Whether the non-payment of retirement gratuity by the management of the Digwadih Colliery of Messrs. Tata Iron and Steel Company Limited to Shri Haru Gope, driller, is justified. If not, to what relief is he entitled?"

2. On 19th February 1964 a petition was filed signed by the Chief Mining Engineer of the Company saying that on further scrutiny of the records of the concerned workman it has transpired that the workman concerned Haru Gope, an ex-worker of the Colliery, had not been dismissed or discharged from the Company's services due to any misconduct and that as the workman concerned had completed 15 years of service with the company, he was eligible to get Rs. 286.65 nP. as gratuity which the management was prepared to pay to the said Haru Gope before the Tribunal.

3. That as Haru Gope, the workman concerned, is not present today in person to receive this gratuity amount, I direct that the said amount of Rs. 286.65 nP. should be paid to him within one month from today, when he should present himself before the management, after taking proper receipt from him which should be filed before this Tribunal.

4. The reference, is therefore, disposed of by saying that non-payment of retirement gratuity by the management to Haru Gope, Driller, was not justified and now that position having been accepted by the management the concerned workman is entitled to get Rs. 286.65 nP. from the management which he will get within one month from today on being personally present before the management.

5. Sri S. N. Singh, for the management, wants it to be recorded that this award will not affect other cases where the stand taken by the management is that the workmen concerned in such cases have been dismissed for misconduct. It is obvious that this award will govern only the present case and not any other case.

6. This is the award which I make and submit to the Government of India under Section 15 of the Act.

APPEARANCES:

For the Employer—Shri S. G. Borker, Advocate, authorised by Shri K. R. Thorat, Chairman, Wadi Bunder Kamgar Sahakari Society, Bombay.

For the Workmen—Shri M. P. Joshi, Assistant Secretary, Transport & Dock Workers Union, Bombay.

Dated at Bombay the 23rd day of March 1964.

INDUSTRY: Bagging and grain filling in the Docks. STATE: Maharashtra.

AWARD

The Central Government by the Ministry of Labour and Employment's Order No. 28/33/63 LRIV dated 28th August 1963, made in exercise of the powers conferred by clause (d) of the sub-section (1) of Section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), was pleased to refer the industrial dispute between the employers in the relation to Messrs Wadi Bunder Kamgar Sahakari Society Limited (hereinafter referred to the as 'Society') and their workmen, for adjudication to me in respect of the subject matters specified in the following schedule to the said Order:

SCHEDULE

"Whether the workmen employed by Messrs. Wadi Bunder Kamgar Sahakari Society Ltd., Bombay are entitled to extra wages for carrying bags beyond a distance of 70 feet and for stacking big bags, that is to say, any bag weighing 65 kg. or more, above the height of 16 big bags, or for stacking small bags, that is to say, any bag weighing below 65 kg. above the height of 18 small bags; if so, what should be the quantum of such extra wages?"

After the reference was made, notices were issued inviting the written statements of the parties. The Transport and Dock Worker's Union, Bombay, (hereinafter called the 'Union') filed its Written Statement dated 27th November 1963, in which it expressed its surprise that a dispute regarding non-payment of wages had been referred for adjudication. The Union has stated that it had entered into some correspondence with the Government, and was expecting some decision from the Government in regard to this reference, which the Union contends is not with regard to the demand which it had made. The Union, therefore, did not file any statement on the merits of this dispute.

2. The Tribunal also received a letter, dated 9th October 1963 from Shri D. A. Uttam Singh, Deputy Director (Accts. II) for Regional Director (Food), in which he stated that he was informed that the dispute between the Society and their Workmen, regarding wages for long lead had been referred to this Tribunal for adjudication. The letter further stated that since the Society was working as handling contractors at the godowns of the Regional Director (Food), he desired to watch the proceedings in the matter, and requested that he may be intimated of the dates of hearing of the dispute, and he was informed thereof accordingly. Thereafter, the dispute was fixed for hearing on 17th January, 1964.

3. However, at the adjourned hearing of the dispute on 19th March, 1964, Shri Uttam Singh, Deputy Director (Accts. II) for Regional Director (Food), appeared and stated that as this dispute was between the Society and its workmen, the Regional Director (Food) was not interested in the dispute and did not desire to put in any appearance.

4. At the hearing on 19th March 1964, Shri M. P. Joshi, the Assistant Secretary of the Union, stated that as this dispute was not in respect of the demand for which the Union had raised a dispute against the Society, he would file a non-prosecution application and the dispute was adjourned to 20th March 1964, when the Union filed a statement in which after recording the events which according to it had transpired, it stated that the terms of reference having no relevance whatsoever to the actual complaint of breach of agreement, which according to him, the Society was making. He prayed that the Tribunal may return the reference as there was no existing or apprehended dispute in the form mentioned in the terms of reference.

5. The matter was, thereafter taken up on 21st March 1964, when Shri Joshi for the Union stated that for the reasons stated in the Union's Statements, dated 27th November 1963 and 19th March 1964, the Union did not want to press this demand and that the reference may be disposed of as not prosecuted. Shri S. G. Borker, Advocate for the Society, stated that without admitting the facts stated

and the statements made by the Union, the employer Society did not object to the reference being disposed of for want of prosecution.

6. I, therefore, dispose of this dispute as non-prosecuted.

7. No order as to costs.

No. IIT/SS-E.14/64 K. C. CHAKRAVARTY
Dated, the 9th March 1964 *Registrar*

S.R.O.—In pursuance of Section 19(2) of the Dargah Khwaja Sahib Act 1955 (36 of 1955), the Dargah Committee, Ajmer, hereby publishes the reports on the administration of the Dargah Khwaja Sahib, Ajmer for the year 1961-62, together with the accounts of the Dargah for the said years and the reports of the auditor thereon.

Administration Report of the Dargah Hazrat Khwaja Sahib, Ajmer for the year 1961-62

MEMBERS OF DARGAH COMMITTE, AJMER.

1. Mr. Ismail Sheriff, Retired Labour Commissioner, Bangalore. President.
2. Khan Bahadur Syed Molvi Waheed Sahib, Amjer. Member
3. Molvi Assadullah Sahib, Hyderabad Deccan. Member

4. Mr. H. H. Ismail, Consulate General for Duminion Republic, Bombay. Member
5. Maulana Mohammad Miyan Faruqi, Allahabad. Vice-President
6. Mr. Mazhar Imam, M.P., Patna.
7. Chaudhry Hyder Husain Sahib, Bar-at-Law, Lucknow.

ADMINISTRATIVE MATTERS

Although the Committee has succeeded judicially from the Highest Court of India, namely Supreme Court regarding its powers, privileges and functions under Dargah Khwaja Sahib Act, 1955, but the implementations of the provisions of the Act, Bye-laws and resolutions of the Committee passed thereunder, could not be effectively enforced in the absence of a penal clause in the Dargah Khwaja Sahib Act. There has been active opposition on behalf of the local elements against the reform and at times Dargah Administration found it very difficult to stop troublesome persons from delivering, political, communal, and other irresponsible kind of speeches in Dargah area, or to stop disorder and other undesirable activities of people opposed to reforms.

Exploitation of visitors and pilgrims continues unabated and offerings meant for Dargah and for its allied institutions are openly solicited and accepted by Khadims within Dargah and when objections are made by Dargah staff, organized resistance is offered. During Urs, Dargah desk kept in Begami Dalan was forcibly removed. Instances of tampering of Dargah offering Boxes are numerous. The Dargah Administration should therefore be armed with some sort of authority to cope with the ever increasing trouble. The question of the suitable amendment to the Act is an absolute necessity to safeguard Dargah interest and its endowment. I would therefore suggest that the Committee may very kindly take up this matter with the Central Government as early as possible and very seriously.

DARGAH FINANCES

Figures of the income and expenditure and savings of the year under review with that of 190-61 will show the financial position of the Dargah at a glance.

The Committee will appreciate that the contribution from the charitable Trust of H. E. H. the Nizam has been a real help to the just and proper needs of the Dargah.

However, there is steady increase in the Nazurat income due to the awareness of the public of the real situation.

The scholarships were awarded to boys of all communities. Contribution from the charitable Trust of H.E.H. the Nizam of Rs. 5,000/- proved very helpful and none of the applicants were refused scholarship. ANNUAL URS

During the year under review Urs commenced on 11th December, 1961 and concluded on 16th December. As usual special and elaborate arrangements were made by the Dargah Administration for the stay and comfort of pilgrims. The number of pilgrims who attended the Urs is reported to have exceeded 1,50,000. Special arrangements for extra camps for the pilgrims, was made and the entire area of Dargah Shareef was covered with Shamayanas and canopies. One way traffic was enforced, as in previous years to regulate the flow of traffic. Extra arrangements for light and water and sanitation were made on extensive scale. Special attention was paid towards medical aid to the pilgrims. The Dargah dispensary was adequately equipped and it rendered good and useful service. No deaths occurred during the Urs Fair by exposure. Langar was distributed in time and the quantity and quality of the food was good.

Mahfils in the Samakhana were held as usual. The programmes were well regulated to the satisfaction of the pilgrims. Use of loud speaker was prohibited within the Dargah premises which was a great relief to the public.

Municipal officials rendered excellent services during Urs.

Railway and Postal authorities did their best to serve the pilgrims, Scout parties from Allahabad and Kanpur were very helpful. No political parties were allowed to deliver any political or communal speeches with the result that this year's Urs celebrations were orderly.

DARGAH COMMITTEE MEETING

The Dargah Committee held three Meetings during the year under review. The Committee continued to take keen interest in the affairs of the Dargah. The Dargah Administration was fortunate in getting full co-operation of the members of the Dargah Committee and the able guidance of the President in Dargah administration was a source encouragement and improvement.

INSPECTION REPORT ON THE AUDIT OF THE ACCOUNTS OF DARGAH KHWAJA SAHIB AJMER FOR THE YEAR 1961-62

PART—I

1. *INTRODUCTION*

The audit of the accounts of the Dargah Khwaja Sahib, Ajmer for the year 1961-62 was conducted by Shri R. C. Sehgal, U.D.C. from 24-12-62 to 3-1-63 and was supervised by Shri M. K. Sekhri Asstt. Accounts Officer. During the period under audit, the following officers/officials held the charge of the posts noted against each :—

1. Nazim (Administrator) ..	Syed A.M. Shah U.C.S.
2. Superintendent	Shri R. H. Hashmi
3. Chief Accountant-cum-Peshkar	Shri Mohd. Iqbal Hussain
4. Accountant	Shri Mohd. Wahiuddin.
5. Store-keeper	Shri Mohd. Yonnus khadim

This report includes only important irregularities/observations and not the minor ones which have been included in a separate note not published.

OUTSTANDING PARAS OF THE PREVIOUS INSPECTION REPORTS

Para 7-9|R 57-58 Para 4-9|9|R 58-59, Para 29|R 60-61 listing of *Tosha Khana Valuables.*

2. It has repeatedly been pointed out by Audit during the last few years that the listing of Tosha Khana Valuables held in charge of Khadim Haft Bari (7 families) should be done. This could not be done previously as the very right of the Dargah Committee to administer the Dargah affairs had been challenged in the court by the Khadims This was decided in favour of the Committee in 3/61. The listing of valuables has still not been done. It was stated that this was due to the fact that all the seven Khadims are required to be present before the valuables can be listed and this could not be ensured due to one or the other Khadim having gone to Pakistan or falling sick. As the listing of these valuables has never been done so far, so that the Committee knows what it possesses. The committee may consider best to do so, so that the valuables are accounted far.

3. *Para* 16|*I*|*R* 58-59, *Para* 3 *I*|*R* 60-61 *sale of Land* 78 Sq. yards of land (Khata No. 1167, Khasra No. 3013) was stated to have been taken possession of by P.W.D. and as such this could not be handed over to Shri Benjaman, to whom the full one Bigha of land was sold. Consequently he paid less than 70 Sq. yards. It was stated that the case regarding the recovery of compensation of 78 yards of land taken by P.W.D. was in the court of S.D.O. Ajmer. Further progress in the matter may be intimated to audit.

Para 8|*IR* 60-61 *Idle Bank Accounts.*

4. It was pointed out in the last I/R that small sums were kept in two banks one with the Central Bank of India for Rs. 90·18 and the other with the State Bank of India for Rs. 282 there have been no transaction since 1958 and these accounts unnecessarily involve payment of half yearly bank charges and need to be closed. The suggestion of the Audit was agreed to by Nazim. The accounts have, however, not so far been closed. Immediate action needs to be taken in the matter without further delay.

PART II (CURRENT AUDIT)

LOANS AND ADVANCES TO EMPLOYEES AND OTHERS

5. A statement showing the position of outstanding loans and advances to the Dargah employees and others may be seen at Annexure 'A'. In this connection, the following observations are made :—

(a) No rules have been framed for regulating the grant of loans and advances to the Dargah employees. An office order issued in 1954 laid down certain conditions for the grant of such loans and advances but neither those conditions are being observed in practice at the time of grant of loans, perhaps, that order can be validly applicable after the formation of Dargah Committee under an Act of parliament in 1956. Rules on the subject may be framed and got approved by the Dargah Committee.

(b) Loans were given to staff temporarily employed during URS. These were not subsequently recovered even when the services of the employees were terminated (*e.g.* S. No. 2, 4, 5, 17, 18). Steps may be taken to recover these amounts and if irrecoverable, sanction of the Dargah Committee be obtained for write off.

(c) Advances have been given to outsiders (*e.g.* S. No. 12, 13, 14, 26 & 27) which have not been recovered since long. It was stated that though shown as advances, these were not meant to be recovered. If so, there was no purpose in showing these as advance. Any way, sanction of the Dargah Committee may now be obtained from the payment of the amount.

(d) It was stated that all loans and advances granted to the employees are meant to be recovered within the same year. From the annexure (S. No. 1, 3, 8, 9, 10, 19 etc.) it shall be seen that not only this is not being done, but in certain cases, loans are given even before the last loan has been cleared. As suggested above, rules may be framed on the subject to regulate such loans.

(e) A sum of Rs. 14,622/2/- is outstanding towards the Dargah lawyer. This is due to the fact that during the last 4 years, only advances have been given to the lawyer and the account has been rendered by the lawyer, which was under scrutiny of the Officer. This may be finalized early.

HEAVY OUTSTANDINGS OF RECOVERABLE REVENUE

6. The details of recoverable revenue outstanding are given in Annexure 'B'. From its perusal, it shall be observed that instead of improvement, there has been deterioration in the matter of realization of revenue. As against the outstandings of Rs. 1,31,200/- on this accounts on 31-3-61, the arrears have accumulated to Rs. 1,39,304/8/2 on 31-3-62. As the income from property is one of the main source of revenue of the Dargah, its prompt realization is an essentiality

SHORTAGE/WASTAGE IN THE GRAIN

7. Out of the total purchase of Barley weighing Mds. 777-Srs. 6-Chh. 4 and wheat weighing 140 Mds.-13 Srs.-8 Ch., a quantity of 31 Mds.-18 Srs.-10 Ch. of barley and 3 Mds. 15 Srs. and 8 Ch. of wheat was accounted for as wastage/shortage etc. and the quantity of grain in hand reduced to that extent. Similar reductions were noticed last year also and it was suggested that the reduction constitutes a write off and may be got regularized by the sanction of the Committee. This has not been done so far and may be done for the last as well as this year's *shortages*.

NON-DISPOSAL OF UNECONOMIC AGRICULTURAL FARM OF THE DARGAH

8. Following are the figures of Income and expenditure for the last 2 years of the Agriculture farm of the Dargah :—

	1960-61 Rs.	1961-62 Rs.
Estimated Income	1500/-	2000/-
Actual Income	216/-	621/6/-
Estimated Expenditure	1000/-	1000/-
Actual Expenditure	1217/11/-	1723·39

From a perusal of the above, it shall be seen that the income is always less than the estimates and expenditure more than that further the farm has been a source of increasing loss to the Dargah every year. Considering this fact, the Dargah Committee had resolved *vide* resolu- No. 8, dated 7-4-62 that the Farm being an uneconomic holding should be disposed off. Early steps may please be taken to carry out the resolution of the Dargah Committee.

PURCHASE OF GOLD AND DEFENCE BONDS

9. The gold (weighing 200 Tolas, 7 Masha and 3 Rattis) with the Dargah and Rs. 1,00,000/- in cash were stated to have been given to the Collector and the City Magistrate for investment in Gold and Defence Bonds respectively. The bonds when received may be intimated to Audit.

NON-DISPOSAL OF UNCURRENT/DAMAGED COINS AND NOTES

10. The total misc. Income was shown to be Rs. 7593.03 during the year 1961-62. A scrutiny of the details indicated that as such as Rs. 7398.84 represented the undisbursed amount under various heads of expenditure which had earlier been charged as final expenditure. Similarly a sum of Rs. 100/- received as security deposit from a Contractor was accounted for under the head Misc. Income. Due to such wrong classifications, the figures of both income and expenditure have been inflated. This should be avoided in future so that the figures represent the correct state of accounts.

EXCHANGE OF PAKISTANI CURRENCY, NOTES AND COINS

12. Out of the Pakistani currency notes laying with the Dargah, currency notes worth Rs. 50/- were purchased by Shri Molid, Yunas, an employee of the Dargah for an equal amount of Indian Currency notes. It was stated that he required these in connection with sending relative of his to Pakistan and that in exchange did not involve any infringement of the provisions of Foreign Exchange regulation such notes/coins still lying with the Dargah on 31-3-62 was Rs. 752.04 and of Pakistani postal order worth Rs. 54/-. Action may be taken to deposit in Reserve Bank for exchange of the Notes, coins and order provision for the employment of Extra staff during 'URS'.

13. As against the provision of Rs. 2000/- in the budget during the year, the expenditure was Rs. 6,894.31 under this head. A scrutiny of the expenditure indicate that the extra staff was employed not only during 'Urs' but some were retained all the year round. Month-wise expenditure on this account is given below. It is suggested that if additional staff for the office is required all the year round, sanction of the Dargah Committee be obtained new posts instead of the payment being made from under the above head.

MONTH	*EXTRA*
4/61	110/-/-
5/61	407/15/-
6/61	456/14/9
7/61	562/14/10
8/61	505/10/9
9/61	721/3/3
10/61	810/-/-
11/61	727/-/-
12/61	
1/62	1108/-/-
2/62	591/15/3
3/62	646/8/6

MEDICAL REIMBURSEMENT TO DURGAH EMPLOYEES

14. It was observed that charges on account of consultation fee with private medical practitioners etc. had also been re-imbursed to the Dargah Staff. As now pay, leave and gratuity rules have been framed for the employees, it is suggested that, Medical charges reimbursement rules may also be framed and got approved from the Dargah Committee.

Similarly rules for Medical Aid to Khadims also need to be framed as suggested in the last inspection Report.

FINANCIAL STATEMENT

15. The statements of receipts and payments (Annexure C) of Dargah Khawaja Sahib Ajmer for the year 1961-62 duly audited and endorsed are enclosed.

PART III

A test audit Note incorporating minor irregularities was handed over at the spot. The compliance may please be shown at the time of next audit.

The table given below shows the annual vital rates for each of the years 1957—61 for all municipal towns, each with population 30,000 and over based on the final yearly data. The corresponding annual rates for 1961 and various periods in 1962 compiled from the weekly figures, which were published from time to time in this Supplement, are also shown to draw attention to their possible use in tracing current trends.

Appropriate adjustments in the population base were made in cases, where the data for any town could not be included. The rates for States not shown are much too deficient for being presented. Even the data for States, which are shown are deficient to a varying degree. Efforts have to be made to improve the completeness.

The two sets of rates for 1961—one based on the annual returns and the other on weekly returns—are presented to give an idea of the extent of variation between the final and the weekly figures. The two agree closely in the case of Gujarat, Punjab and Orissa only, otherwise for other States the difference is quite appreciable. However, the rates for all the eight States combined agree fairly well showing that, perhaps with emphasis on the improvement of the completeness of State figures, they may help in a study of current trends.

तीस हजार या उससे अधिक जनसंख्या वाली नगरपालिकाओं के जन्म तथा मृत्यु दरें नीचे दी हैं। ये दरें वर्ष के अन्त तक प्राप्त किए आंकड़ों पर निर्धारित हैं। समय-समय पर जो साप्ताहिक आंकड़े इस परिशिष्ट में प्रकाशित हुए हैं उन पर निर्धारित 1961, 1962 की वार्षिक दरें भी दी हैं। संभवतः इन दरों से वर्तमान प्रवृत्तियों का अनुमान लगाने में उपयोग किया जा सकता है। अगर किसी नगर के आंकड़े प्राप्त नहीं थे तो उसकी जनसंख्या भी दर निकालने में छोड़ दी गई है। कुछ प्रदेशों की दरें इसलिए नहीं दी गई हैं कि वे बहुत ही अपूर्ण हैं। जिन प्रदेशों का विवरण भी दिया है उनकी दरें भी कहीं अधिक कहीं कम अपूर्ण हैं। इनको पूर्ण करने के लिए प्रयत्न करना होगा।

अन्तिम व साप्ताहिक आंकड़ों में कितना भेद है इसका अनुमान उन पर निर्धारित वार्षिक दरों से किया जा सकता है। केवल गुजरात, पंजाब और उड़ीसा के दोनों दर बहुत कुछ मेल खाते हैं। परन्तु अन्य सभी प्रदेशों की दरों में बहुत कुछ अन्तर है। अन्यथा संयोजित आठ प्रदेशों की दरें बहुत कुछ मिलती-जुलती हैं। जिससे यह प्रतीत होता है कि यदि प्रदेशों के आंकड़ों को पूर्ण करने के लिए प्रयत्न किया जाए तो साप्ताहिक आंकड़े भी वर्तमान प्रवृत्तियों के अध्ययन करने में उपयोगी हो सकते हैं।

ANNEXURE

ELECTION COMMISSION, INDIA

Opinion

The question whether Shri Priya Gupta, a Member of the Lok Sabha, has at any time become disqualified for being such Member by reason of his holding an office of profit under the Government of India, namely, the office of Electrical Foreman in the North-Eastern Railway, has been referred by the President of India to the Election Commission for its opinion under clause (2) of article 103 of the Constitution.

This question was raised on the 20th December, 1963 in the Lok Sabha by Shri P. G. Sen, another Member of that House, calling the attention of the Minister of Law to the situation arising out of the judgment of the Supreme Court delivered on the 5th September, 1963 in Civil Appeal No. 713 of 1962—Shri Priya Gupta *versus* The General Manager, North-Eastern Railway. After a discussion, the House decided that the Minister should refer the question for the decision of the President and this was done by the Minister in a letter dated the 7th February 1964.

At about the same time the question was also raised before the President by one Shri Bholanath Biswas in a petition dated the 21st December, 1963.

The circumstances in which this question has arisen are as follows. Shri Gupta entered railway service in 1944 as an assistant electrical foreman in the former Bengal and Assam Railway, was appointed in 1949 as an electrical foreman in the former Assam Railway and continued to serve in the same capacity in the North-Eastern Railway until the 8th August, 1956. On that day he was holding the office of electrical foreman in the North-Eastern Railway's power house at Pandu in Assam. His services were terminated by the General Manager of the Railway by giving him one month's notice as provided in the relevant service rules, namely, rules 148(3) and 149(3) of the Indian Railway Establishment Code.

Feeling aggrieved by this order, Shri Gupta, on the 22nd November, 1956, filed an application under article 226 of the Constitution in the Allahabad High Court praying for a writ quashing the General Manager's notice terminating his services and directing the General Manager to treat him as being in service on the same post. This application was heard by a single Judge of the Allahabad High Court who dismissed it by a judgment dated the 11th September, 1958. Shri Gupta's appeal to a division bench of the same High Court was dismissed on the 15th December, 1959, and his further application for leave to appeal to the Supreme Court also was rejected by the High Court on the 23rd September, 1960. Thereafter he applied on the 21st November, 1960, to the Supreme Court itself for special leave to appeal against the judgment of the Allahabad High Court. The Supreme Court, after hearing Shri Gupta's application along with two other similar applications, granted leave to all three applicants on the 13h January, 1961. Shri Gupta's appeal was registered as Civil Appeal No. 713 of 1962.

Meanwhile, on the 2nd March, 1962, Shri Gupta was declared to have been duly elected at the last general election to the Lok Sabha from the Katihar parliamentary constituency in Bihar. He took his seat in the House in due course and there was no election petition challenging his election in any way. He, however, pursued his appeal then pending before the Supreme Court.

Shri Gupta's appeal was heard, along with six other appeals which raised a common question of law, by a bench of seven Judges of the Supreme Court in October, 1963 and was finally decided on the 5th December, 1963. The operative part of the formal order drawn up pursuant to the judgment of the Supreme Court is in the following terms:—

"THIS COURT DOTH DECLARE that Rules 148(3) and 149(3) of the Indian Railway Establishment Code Vol. I are invalid as the said rules contravene the Constitutional safeguard provided by Article 311(2) of the Constitution of India.

AND ACCORDINGLY DOTH in allowing the appeal above mentioned ORDER THAT the judgment and Order dated the 11th September 1958 of the Allahabad High Court in Civil Miscellaneous Writ No. 3962 of 1956, confirmed on appeal by the judgment and Order dated the 15th December 1959 of the said High Court in Special Appeal No. 502 of 1958, be and are hereby set aside.

And in place there of AN ORDER allowing the aforesaid writ Petition filed by the Appellant herein in the Allahabad High Court being Civil Miscellaneous Writ

No. 3962 of 1956 and quashing the Order No. E/(ss)-19-208/1 dated the 8th August 1956 terminating the services of the Appellant herein made by the General Manager, N.E. Railways, Gorakhpur; AND THE DIRECTION that the Appellant herein be deemed to be in continuous service of the Railway be and the same is hereby substituted." To summarise the relevant facts—

(i) Shri Gupta was for a few years in railway service and, until the 8th August, 1956, was holding an office of profit under the Government of India, namely, that of an electrical foreman;

(ii) on that date, his service was terminated by the appropriate authority under certain rules then considered to be legal and valid;

(iii) after a long period of 7 years and 4 months spent in litigation, Shri Gupta obtained from the Supreme Court a declaration that the rules were invalid, an order quashing the General Manager's order terminating his service and a direction that he "be deemed to be in continuous service of the Railway";

(iv) meanwhile, more than five and a half years *after* he had ceased to hold the office of electrical foreman and one and a half years *before* the final adjudication of the matter by the Supreme Court, he was duly elected to the Lok Sabha at a general election.

On receipt of the reference from the President, the Election Commission gave notice thereof to Shri Gupta, and also to Shri Bholanath Biswas who had sent a petition to the President raising the question and to the Secretary of the Law Ministry. On the date of the hearing given by the Commission Shri Gupta was present with his legal advisers and put in a written statement supported by a personal affidavit in reply to the reference. Shri Biswas also was present at the hearing and subsequently put in a written statement setting out his view of the matter.

It is necessary to refer to two or three points which have been clarified by Shri Gupta in his affidavit. It appears from the Report of the Lok Sabha proceedings of the 20th December, 1963 that the Minister of Law gathered from Shri Gupta the impression "that the Allahabad High Court has amended his prayers in the petition for declaring him to be still in service so as to treat him to be so only up to that date, which is prior to his standing for election to the Lok Sabha" but the correctness of the statement had not yet been verified. Shri Gupta has made it clear before the Commission that the reference to the Allahabad High Court was under a misapprehension and what he had in mind was the prayer made in the statement of case lodged on his behalf before the Supreme Court for the purposes of his appeal. This reads as follows:—

> "That the High Court should have held that the General Manager has no power to terminate the services of the Appellant by his order dated 8th August, 1956 and that the said order terminating the service of the Appellant was bad in law and should have issued appropriate writ, order or direction quashing the said order of the 8th August, 1956 and directing that the Appellant be deemed to have continued in service until the date of Judgement of the Allahabad High Court."

This statement was filed on the 6th March, 1963, *i.e.* after his election to the Lok Sabha. The fact remains, however that despite this limited prayer in the statement of case the order of the Supreme Court directs that the appellant be deemed to be in continuous service of the Railway without any limiting date.

Another fact which has been brought to notice by Shri Gupta in his affidavit is that the North Eastern Railway was bifurcated in or about January, 1958, into the North Eastern Railway with headquarters at Gorakhpur and the North East Frontier Railway with headquarters at Pandu, under two different General Managers. The Office of the Electrical Foreman at Pandu, which Shri Gupta was holding before the 8th August, 1956, fell within the jurisdiction of the North-East Frontier Railway and under the authority of the General Manager of that Railway at Pandu and the General Manager of the North-Eastern Railway at Gorakhpur ceased to have any jurisdiction over that office. The point which is apparently sought to be made by Shri Gupta is that since the former General Manager was not a party in those proceedings before the Supreme Court, its order regarding Shri Gupta would not automatically be binding on him, and the General Manager of the North-Eastern Railway could not automatically reinstate him in the office of Electrical Foreman at Pandu since that office was no longer under his control.

Shri Gupta has further stated in his affidavit that he has not held any office of profit under the Government since his election to the Lok Sabha, that immediately after the grant of the special leave by the Supreme Court on the 13th January, 1961, he had in a communication to the General Manager, North East Frontier Railway,

informed him that even if he, Shri Gupta, succeeded in his appeal, he would not rejoin the post of Electrical Foreman at Pandu or anywhere else in the Railway, and that he does not intend to join this post or office.

It is settled by the decision of the Supreme Court in Election Commission *versus* Saka Venkata Rao (2ELR499) that articles 190(3) and 192 are applicable only to disqualifications to which a member of a State Legislature becomes subject after he is elected as such and that neither the Governor nor the Election Commission has jurisdiction to inquire into a member's disqualification which arose long before his election. Since the corresponding provisions of the Constitution governing members of Parliament, *viz.* articles 101(3) and 103, are identically worded, it is clear that the present inquiry must be confined to the question whether Shri Gupta has, at any time after his election to Parliament, become subject to the disqualification mentioned in article 102(1)(a). If, for instance, the legal position is found to be that Shri Gupta, at the time of his election in March, 1962, was or must be deemed to be holding an office of profit under the Government of India, there can be no question, according to the decision of the Supreme Court cited above, of his becoming subject to that disqualification after his election and consequently no inquiry can be made, nor decision given, under article 103 in regard to that pre-election disqualification.

What exactly is the consequence in law of the Supreme Court's final order in Shri Gupta's appeal? The material part of this order has been set out above from which it will be seen that the Supreme Court has (a) quashed the order made on the 8th August, 1956, by the General Manager of the North-Eastern Railway terminating Shri Gupta's services and (b) directed that Shri Gupta be deemed to be in continuous service of the Railway. This is exactly as he had prayed for in his original writ petition to the Allahabad High Court and also in his petition for special leave to appeal to the Supreme Court. Although in his statement of case presented before the Supreme Court at a later stage, he had limited his prayer to a direction that he be deemed to have continued in service until the date of judgment of the Allahabad High Court, the order actually made by the Supreme Court does not specify any terminal date. Shri Gupta must therefore be deemed to be in continuous service of the railway from the 8th August, 1956, onwards, and further, such service could only be on the post which he was holding on that day, *viz.* that of electrical foreman at Pandu. It is impossible to dissociate service under the Government from a particular post or office in which the service is to be rendered. Shri Gupta himself, as already pointed out, had asked in his writ petition and appeals for a direction to the opposite party to treat him as being in service on the post from which he was illegally ousted.

Shri Bhola Nath Biswas who had raised the question before the President urges that Shri Gupta was not subject to a disqualification at the time of his election and that it was only after the judgment of the Supreme Court allowing his prayer in the writ petition that he became disqualified for being a member of Parliament. It is no doubt true that but for the order of the Supreme Court on Shri Gupta's appeal the question of his disqualification would not have arisen, but the retroactive effect of that order should not be overlooked in considering the question whether he was subject to the disqualification even before, and at the time of, his election. The Supreme Court's order is not to the effect that Shri Gupta should be deemed to be in service on and from the date of the order, but that he should be deemed to be *in continuous service*, counting from the date of the General Manager's illegal order purporting to terminate it. The disability accruing from this continuous service under the Government having been declared to have existed all along the principle laid down in Saka Venkata Rao's case must be regarded as applicable to the present case. It has to be borne in mind that, apart from this declaration nothing else has happened from which it can be said that Shri Gupta began to hold an office of profit after his election and thereby became subject to a disqualification.

The Election Commission accordingly tenders the opinion that Shri Priya Gupta has not, at any time after his election to the Lok Sabha, become subject to a disqualification for being a member of Parliament by reason of his holding any office of profit under the Government of India.

Sd./- K. V. K. SUNDARAM,
Chief Election Commissioner.

LOK SABHA

The following Bills were introduced in Lok Sabha on the 10th April, 1964:—

BILL No. 21 OF 1964

A Bill further to amend the Constitution of India.

BE it enacted by Parliament in the Fifteenth Year of the Republic of India as follows:—

1. (1) This Act may be called the Constitution (Amen[illegible]it) Act, 1964. Sho[illegible]itl and commencement.

5 (2) It shall come into force at once.

2. In article 217 of the Constitution, for sub-clause (b) of claus (2), the following shall be substituted, namely,— Amendment of article 21[illegible]

"(b) has for at least ten years practised actively as an advocate in a High Court or two or more such Courts in succession, and has had an income from such legal practice n[illegible] less than the salary of a Judge of a High Court during the last three years prior to his appointment as a Judge of a High Court."

10

STATEMENT OF OBJECTS AND REASONS

The intention behind article 217(2) (b) is that an advocate may be appointed a Judge of a High Court if he has practised actively in a High Court for at least ten years. The present clause is, however, not happily worded. An advocate may be on the roll of a High Court and yet may confine himself to courts other than a High Court or may appear before a High Court in a few cases only.

Besides impartiality and independence, integrity and honesty are necessary qualifications to become a Judge of a High Court and therefore an advocate having an income equal to the salary of a Judge of a High Court only should be appointed a Judge of a High Court.

Hence the Bill.

NEW DELHI;

PURUSHOTTAMDAS R. PATEL.

The 31st *January*, 1964.

BILL No. 29 OF 1964

A Bill further to amend the Constitution of India.

BE it enacted by Parliament in the Fifteenth Year of the Republic of India as follows:—

1. (1) This Act may be called the Constitution (Amendment) Act, 1964. Short title and commencement.

5 (2) It shall be deemed to have come into force on the 5th September, 1964, or on such date as the President may, by notification in the Official Gazette, appoint.

2. In the Seventh Schedule to the Constitution,— Amendment of the Seventh Schedule.

(1) in List II—State List, entry 11 shall be omitted.

10 (2) in List III—Concurrent List, after entry 25, the following new entry shall be inserted, namely:—

"25A. Education including universities, subject to the provisions of entries 63, 64, 65 and 66 of List I."

STATEMENT OF OBJECTS AND REASONS

The task of reconstructing the educational system and to foster its creative development is a task of supreme national importance. Educational integration is a primary pre-requisite of national integration. The objective of educational integration would remain a far cry unless the Union jurisdiction is extended to cover the field of education concurrently with the States.

Hence the Bill.

NEW DELHI; L. M. SINGHVI

The 9th March, 1964.

BILL No. 28 OF 1964

A Bill further to amend the Salaries and Allowances of Members of Parliament Act, 1954.

BE it enacted by Parliament in the Fifteenth Year of the Republic of India as follows:—

1. This Act may be called the Salaries and Allowances of Members of Parliament (Amendment) Act, 1964. Short title.

5 2. In section 3 of the Salaries and Allowances of Members of Parliament Act, 1954 (hereinafter referred to as the principal Act),— Amendment of section 3.

(1) for the words "four hundred rupees", the words "five hundred rupees" shall be substituted; and

(2) for the words "twenty-one rupees", the words "thirty-
10 **one rupees" shall be substituted.**

3. In section 5 of the principal Act, in the proviso, the following words shall be added at the end, namely,— Amendment of section 5.

30 of 1954.

"except that a member having his place of residence beyond 750 kilometers from the place where a session is held, shall be
15 **entitled to two air-fares for forward and return journeys in each session of a duration of more than 2½ months and one air-fare in a session of lesser duration, even though the air-fare may be in excess of the total amount of the daily allowance which should have been admissible to such member if he had**
20 **not remained absent".**

STATEMENT OF OBJECTS AND REASONS

The emoluments of members provided in the parent Act are inadequate in relation to the high cost of living. Members of Parliament have to incur considerable expenses on account of various demands of public life. They have to maintain two establishments most of the time. It is, therefore, proposed to raise their salary and daily allowance.

2. Members having their places of residence beyond 750 kilometers from Delhi are greatly inconvenienced for lack of air travel facilities for intermediate journeys under the existing Act. To mitigate their hardship it is proposed to entitle them to two return air journeys during a session of 2½ months duration and one return air journey for a session of lesser duration.

NEW DELHI; RAGHUNATH SINGH.

The 3rd April, 1964.

FINANCIAL MEMORANDUM

The provisions of the Bill if enacted would involve an additional expenditure of approximately Rs. 13,50,000 in Daily Allowance and approximately Rs. 9,00,000 on account of increase in salary. It is difficult to assess the expenditure on account of the provision of intermediate air journeys. It is, however, likely that an expenditure of about Rs. 10,00,000 may have to be incurred on this account.

MINISTRY OF TRANSPORT

(Transport Wing)

PORTS

New Delhi, the 31st March 1964

RESOLUTION

No. 9-PG(112)/63.—The Government of India have received the Administration Report of the Port of Calcutta for the year 1962-63. The following are the important features of the report:—

1. *FINANCIAL POSITION*

The Port Commissioners' revenue receipts for the year under review amounted to Rs. 1696.98 lakhs as against Rs. 1505.85 lakhs in the previous year. The increase in revenue receipts was mainly due to an increase of about 10% in the total traffic handled.

The expenditure during the year amounted to Rs. 1644.71 lakhs as against Rs. 1423.13 lakhs in the previous year. The year ended with a surplus of Rs. 52.27 lakhs in the revenue account. The increase in expenditure was due to additional expenditure on the dredging of the port, maintenance and repairs of vessels, locos, labour charges, electric light and power.

The amount available for appropriation in the Revenue Balance Account at the end of the year, composed of the year's surplus and the balance brought forward from the previous year, was Rs. 52.45 lakhs. Out of this amount, a sum of Rs. 52 lakhs, was appropriated to the Capital Account as contribution from revenue, and the balance was carried forward to the next year.

In addition for financing capital works, the Commissioners borrowed Rs. 70 lakhs during the year from Government and Rs. 287.69 lakhs in foreign exchange from the World Bank.

The total balances in the various Revenue Reserve Funds as on the 31st March 1963 amounted to Rs. 785.95 lakhs.

2. *TRAFFIC*

The total tonnage of imports and exports which passed through the port during the year amounted to Rs. 5.480 millions and 4.723 millions respectively as against the corresponding import and export figures of 4.884 millions and 4.418 millions in the year 1961-62.

The tonnages of imports and exports of some of the important commodities handled during the year 1961-62 and 1962-63 are given below:—

Commodities	1961-62 (Million tonnes)	1962-63 (Million tonnes)
	IMPORTS	
Foodgrains	0·993	1·083
Salt	0·392	0·408
	EXPORTS	
Coal	1·740	2·151
Gunnies	0·967	1·078
Tea	0·174	0·157
Ores	0·632	0·550

Passenger Traffic: The number of passengers who embarked from the Port during the year was 10,923. The number of passengers who disembarked was 8,942. The corresponding figures were 16,580 and 12,266 during 1961-62.

3. *LABOUR*

The labour situation in the port during the year continued to be satisfactory.

The average rate of discharge per ship per day in the case of general imports excluding foodgrains was 445 tonnes as against 469 tonnes during the previous year. In the case of

foodgrains imports, the average rate of discharge per ship per day worked to 1,372 tonnes as against 1,414 tonnes during the previous year. The fall in the rates of discharge was due to mixed stowage of cargo meant for the port and fluctuating output of labour working on Board vessels.

The average rate of loading per ship per day in the case of general exports excluding coal and ores was 526 tonnes as against 531 tonnes during the previous year. The fall in the rate of loading was due to the pattern of cargo loaded, delays in arrivals of export cargo and the fluctuating output of labour working on board vessels.

In the case of coal exports, the average rate of loading per ship worked out to 1110.3 tonnes as against 999.8 tonnes during the previous year. The average rate of loading in the case of ore vessels worked out to 1,306 tonnes as against 1,242 tonnes in the previous year.

The accommodation available in the transit sheds and yards was almost fully utilised during the year. There was no serious congestion in the Port at any time except for accumulation of cargo at heavy lift yards on account of irregular supply of special stock of railway wagons.

4. *SHIPPING*

The number of the vessels that entered the port during the year was 1,821 as against 1,806 in the previous year. The ship with the deepest draft to enter the port was the S.S. "Hudson" drawing 25 ft. and 8 in. for'd and 26 ft. aft and the ships with the deepest draft to leave the Port were the S.S. "Hwaan" and S. S. "Jay Shanti" drawing 26ft. both for'd and aft.

The increase in the number of vessels is less than what the additional traffic would have justified on part loading figures. This is an indication of the improvement in drafts which enabled ships to carry more cargo. The bars which controlled the draft of ships during the year were Balari for 220 days, Nurpur for 108 days, Eastern Gut for 26 days and Hopes Crossing for 11 days.

The total expenditure on dredging, including dredging of the navigable channel, berths, lock entrances and dock basin, amounted to Rs. 156.1 lakhs as against 109.4 lakhs during the previous year. The increased expenditure during the year was primarily due to the additional amount spent on maintenance and repairs to the dredging fleet and more particularly on reconditioning and conversion of Dredger Ganga to oil fuel.

5. *RIVER MODEL EXPERIMENTS*

All the items of technical equipment order with the exception of a few were delivered. The services of a foreign technician were obtained under the Colombo Plan to impart the necessary training to the technical staff in handling the various instruments. For taking scientific observations, launches and work boats were procured. Considerable progress was made on the construction of the Research Vessel "Anusandhani" in the U.K.

The studies carried out on the models at the Central Water and Power Research Station, Poona, concerned mainly with a suitable lock entrance for the proposed Haldia Dock System, effect of groynes at Diamond Sand in the estuary, and stability of the Balari-Haldia Channel in its long term aspect. Certain preliminary studies were also made of the effect of a second crossing over the River Hooghly.

6. *HOOGHLY PILOTAGE*

The income from pilotage during the year was Rs. 39.36 lakhs and the expenditure Rs. 59.39 lakhs, leaving a deficit of Rs. 20.03 lakhs. The deficit was partly due to the large expenditure incurred on repairs to the two Pilot Vessels, and partly due to the revenue from the existing scale of pilotage charges being inadequate to cover the growing expenditure. A part of the deficit was covered by a contribution of Rs. 10.65 lakhs from the Revenue Reserve Fund—Pilotage, and the balance was carried forward to the next financial year.

7. *PORT RAILWAY*

The income derived from the Railway during the year amounted to Rs. 249.82 lakhs as against Rs. 200.67 lakhs in the previous year. This includes earnings from local traffic and other miscellaneous services rendered.

8. *PILFERAGES*

The various measure introduced in 1959 to minimise the incidence of pilferage in the Port continued to be fully effective.

9. *HALDIA ANCHORAGE*

For the fourth year in succession, vessels importing foodgrains were worked at the Haldia Anchorage during the fair weather season from November 1962 to February 1963. In all, twelve foodgrain vessels were worked at the Anchorage. The deepest draft ship to use the Anchorage was the S.S. "Wabash" and the S.S. "Utvik" which drew 30 ft. 2 in. The total quantity of foodgrains discharged at the Anchorage was 62,535 tonnes.

10. *PORT DEVELOPMENT*

The expenditure during the year on Capital works in progress amounted to Rs. 494.62 lakhs.

Important projects progressed during the year were installation of electric cranes at berths in Dock No. 1, Kidderpore Docks, construction of a 30-tonne and a 60-tonne floating crane, construction of a Salvage-*cum*-Despatch Vessel, construction of a Tea Warehouse at Lybian Depot, and purchase of technical equipment and construction of a Research Vessel, ancillary craft, etc., for the Hydraulic Study Department.

11. *MISCELLANEOUS*

Another important event of the year was the approval by the Government of India of the acquisition of land for the construction of a new Dock system at Haldia. This gave an impetus to the detailed examination of various aspects of the Haldia project, including an examination of the hydraulic problems by the Central Water and Power Research Station, Poona, in close co-operation with the technical officers of the port.

12. *ACKNOWLEDGEMENT*

The Port Commissioners performed another year of useful work despite difficult conditions and Government view with appreciation the work of the Port Commissioners during the year under review.

प्रस्ताव

सं० 2-40/62-एलडी—भारत सरकार ने भूतपूर्व शिक्षा, स्वास्थ्य तथा भूमि विभाग के प्रस्ताव संख्या एफ 142/38-ए दिनांक 15 दिसम्बर 1938 के अनुसार राष्ट्रीय पशुधन समिति (जिसे पहले अखिल भारतीय पशु प्रदर्शनी समिति कहा जाता था) का गठन किया था। उस समय समिति को मुख्यत: अखिल भारतीय और प्रादेशिक पशु तथा कुक्कुट प्रदर्शनियों के आयोजन का कार्य सौंपा गया था। 1955 में समिति ने सेल्स इंटेलिजेन्स सर्विस की स्थापना की, जिसका अभिप्राय यह था कि विदेशों को निर्यात किये जाने वाले ढोरों के क्रय, परिवहन तथा उनको टीके लगाने के विषय में सुविधायें प्रदान की जायें।

2. प्राक्कालन समिति (1959-60) की 80वी रिपोर्ट (द्वितीय लोक सभा) की सिफारिशों के अनुसार—जिसका अभिप्राय कार्यकलापों का विलय करके सरकार द्वारा संगठनो की मौजूदा संख्या को कम करना था—भारत सरकार कुछ समय से इस बात पर विचार कर रही थी कि राष्ट्रीय पशुधन समिति को एक अलग संगठन के रूप में जारी रखा जाये या नही। समस्त बातों को दृष्टि में रखते हुए अब यह निर्णय किया गया है कि इस समय समिति को एक अलग संगठन के तौर पर जारी रखने की आवश्यकता नही है। 1 अप्रैल 1964 से समिति का पशु तथा कुक्कुट प्रदर्शनी सम्बन्धी कार्य भारतीय कृषि अनुसन्धान परिषद् द्वारा ग्रहण किया जा रहा है और निर्यात के लिये पशुओं की खरीद का कार्य राज्यों के पशुधन सम्बन्धी निदेशकों को सौंप दिया गया है। इस प्रकार 1 अप्रैल 1964 से राष्ट्रीय पशुधन समिति समाप्त हो जायेगी।

भारत सरकार, भूतपूर्व शिक्षा, स्वास्थ्य तथा भूमि विभाग का प्रस्ताव संख्या 142/38-ए दिनांक 15 दिसम्बर 1938 रद्द किया जाता है।

आदेश

आदेश दिया जाता है कि प्रस्ताव की एक प्रतिलिपि निम्न को भेजी जाये :—

संकल्प

सं० 9-पी० जी० (112)/63—भारत सरकार को कलकत्ता बन्दरगाह की 1962-63 की प्रशासन रिपोर्ट प्राप्त हो गयी है। रिपोर्ट की महत्वपूर्ण बातें निम्नलिखित है :—

1. वित्तीय स्थिति :

विचाराधीन वर्ष में पोर्ट कमिश्नर को 1,696.98 लाख रुपया राजस्व प्राप्त हुआ जबकि पिछले वर्ष 1,505.85 लाख रुपया प्राप्त हुआ था। राजस्व में बढ़ोतरी, मुख्यतः सम्पूर्ण वाहित यातायात में लगभग 10 प्रतिशत की बढ़ोतरी के कारण हुआ।

पिछले वर्ष के 1,423.13 लाख रुपयों के व्यय के मुकाबले, इस वर्ष व्यय 1,644.71 लाख रुपये हुआ। वर्ष के अन्त में राजस्व लेखे में 52.27 लाख रुपये का अधिशेष रहा। बन्दरगाह के निकर्षण, जलयानों, इंजनों के संधारण और सफाई तथा मरम्मत, श्रमिक प्रभारों, बिजली की रोशनी और शक्ति पर अतिरिक्त खर्च होने के कारण खर्च में बढ़ोतरी हुई।

वर्ष के अन्त में, राजस्व शेष लेखे विनियोजन के लिए उपलब्ध राशि, जो कि वर्ष के अधिशेष और पिछले वर्ष के कुल बकाये से मिलकर बनी, 52.45 लाख रुपया थी। इस राशि में से 52 लाख रुपया, राजस्व से अंशदान के रूप में, पूंजी लेखे विनियोजन किया गया और शेष राशि आगामी वर्ष में ले जायी गयी।

इसके अतिरिक्त, मूल कार्यों पर खर्च करने के लिए कमिश्नरों ने इस वर्ष, सरकार से 70 लाख रुपया उधार लिया और वर्ल्ड बैंक से विदेशी मुद्रा में 287.69 लाख रुपया उधार लिया।

31 मार्च, 1963 को विभिन्न राजस्व आरक्षित निधियों (रेवेन्यू रिजर्व फण्ड्स) में कुल शेष राशि 785.95 लाख रुपया थी।

2. यातायात :

इस वर्ष, बन्दरगाह से होकर गुजरने वाले आयात और निर्यात किये गये सामान का कुल भार क्रमशः 54.80 लाख और 47.23 लाख टन था, जबकि 1961–62 में आयात और निर्यात किये गये सामान का कुल भार क्रमशः 48.84 लाख और 44.18 लाख टन था।

1961–62 और 1962–63 में इस बन्दरगाह से आयात और निर्यात किये गये कुछ महत्वपूर्ण वस्तुओं का टनों में कुल भार नीचे दिया गया है :—

माल	1961–62 (10 लाख टनों में)	1962–63 (10 लाख टनों में)
	आयात	
अनाज . .	0.993	1.083
नमक . .	0.392	0.408
	निर्यात	
कोयला . .	1.740	2.151
बोरिया .	0.967	1.078
चाय . .	0.174	0.157
कच्ची धातु . .	0.632	0.550

यात्री यातयात : इस वर्ष, इस बन्दरगाह से जहाज पर चढ़ने वाले यात्रियों की संख्या 10,923 थी और जहाज से उतरने वाले यात्रियों की संख्या 8,942 थी। 1961–62 में इस बन्दरगाह से जहाज पर चढ़ने वाले और जहाज से उतरने वाले यात्रियों की संख्या क्रमशः 16,580 और 12,266 थीं।

3. श्रमिक :

इस वर्ष बन्दरगाह में श्रमिक परिस्थिति सन्तोषजनक बनी रही।

अनाजों के सिवाय अन्य सामान्य आयात के माल में उतारे गये माल का औसत प्रति जहाज प्रतिदिन 445 टन माल था जबकि पिछले वर्ष यह औसत 469 टन था। अनाजों के आयात के मामले में उतारे गये अनाज का औसत प्रति जहाज प्रतिदिन 1,372 टन था जबकि पिछले वर्ष यह औसत 1,414 टन था। जहाजों में सामान के मिले-जुले तौर पर रखे रहने और जहाजों पर काम करने वाले श्रमिकों के काम की मात्रा में घटाव-बढ़ाव होने के कारण सामान उतारने की गति कम हो गयी।

कोयला और खनिजों को छोड़कर बाकी सामान्य निर्यात के मामले में जहाजों पर चढ़ाये गये माल का औसत प्रति जहाज प्रतिदिन 526 टन था जबकि पिछले वर्ष यह औसत 531 टन था। चढ़ाये जाने वाले सामान के विभिन्न प्रकार के होने, निर्यात किये जाने वाले सामान के बन्दरगाह पर देर से पहुंचने और जहाजों पर काम कर रहे श्रमिकों के काम की मात्रा में घटाव-बढ़ाव होने के कारण सामान चढ़ाने की गति कम हो गयी।

कोयले के निर्यात के मामले में जहाजों पर चढाये गये कोयले का औसत प्रति जहाज 1,110·3 टन था जबकि पिछले वर्ष यह औसत 999·8 टन था। खनिज ले जाने वाले जहाजो के मामले मे, चढ़ाये गये खनिज का औसत 1,306 टन था जबकि पिछले वर्ष यह औसत 1,242 टन था।

ट्रांजिट शेडों और यार्डों में उपलब्ध स्थान इस वर्ष पूरी तरह इस्तेमाल किया गया। विशेष प्रकार के रेलवे वैगनों के नियमित रूप से न मिलने के कारण भारी लिफ्ट यार्डों पर माल जमा रहा। इसके सिवाय बन्दरगाह पर किसी भी समय सामान का भारी जमाव नही रहा।

4. जहाजरानी :

इस वर्ष बन्दरगाह पर आये जहाजों की संख्या 1,821 थी। इसके विपरीत पिछले वर्ष यह सख्या 1,806 थी। बन्दरगाह मे प्रविष्ट होने वाला सबसे अधिक डुबाव वाला जहाज "हडसन" था जिसका अगला डुबाव 25 फुट 8 इंच और पिछला डुबाव 26 फुट था। बन्दरगाह से जाने वाले सबसे अधिक डुबाव वाले जहाज एस० एस० "हवान" और एस० एस० "जयशान्ति" थे जिनका अगला और पिछला डुबाव दोनो ही 26 फुट था।

जहाजों की संख्या मे होने वाली बढ़ोतरी उस संख्या के मुकाबले कम है, जो कि जहाजो पर चढाये गये माल के पिछले आकडो के अनुसार अतिरिक्त यातायात के लिए न्यायसंगत होती। इससे जाहिर है कि जहाजो के डुबाव मे सुधार हुआ जिसके फलस्वरूप वे अधिक सामान ले जा सके। इस वर्ष जहाजो के डुबाव को नियंत्रित करने वाले बार, 220 दिन के लिए बलारी, 108 दिन के लिए नूरपुर, 26 दिन के लिए ईस्टर्न गट और 11 दिन के लिए हाप्स क्रासिंग थे। नौगम्य जल मार्गो, घाटो, बध फाटको और डाक बेसिनो के निकर्षण सहित निकार्षण पर इस वर्ष कुल 156.1 लाख रुपए खर्च हुए जबकि पिछले वर्ष 109 4 लाख रुपये खर्च हुए थे। इस वर्ष प्रथमत: निकर्षण बेड़े की देखभाल और सफाई व मरम्मत, और खास कर ड्रेजर गंगा मे सुधार करने और उसे तेल से चलने वाला ड्रेजर मे बदलने पर हुए अतिरिक्त खर्च के कारण व्यय अधिक हुआ।

5. नदी माडेल प्रयोग .

मगाये गये तकनीकी उपस्कर की कुछ मदो के सिवाय, बाकी सभी मदें प्राप्त हो गयी थी। विभिन्न उपकरणो को इस्तेमाल करने में तकनीकी कर्मचारियो को आवश्यक प्रशिक्षण देने के लिए, कोलम्बो योजना के अन्तर्गत, एक विदेशी तकनिशियन की सेवाए प्राप्त की गयी। वैज्ञानिक प्रेक्षण लेने के लिए, लांचेज और कार्य-नौकाए प्राप्त की गयी। यू० के० मे अनुसधान-जहाज "अनुसंधानी" के निर्माण में बहुत प्रगति की गयी।

केन्द्रीय जल और विद्युत् अनुसंधान स्टेशन, पूना में माडलो पर किये गये अध्ययन इनसे सम्बद्ध थे—प्रस्तावित हल्दिया डांक प्रणाली के लिए एक उपयुक्त बंध फाटक, मुहाने पर डायमण्ड सैण्ड पर ग्रोइनो (ठोकरो) का प्रभाव, और लम्बी अवधि की दृष्टि से बलारी-हल्दिया जल-मार्ग का स्थायित्व। हुगली नदी पर दूसरे क्रासिगों के प्रभाव के बारे में भी कुछ प्रारंभिक अध्ययन किये गये।

6. हुगली पायलटेज :

इस वर्ष पायलटेज से 39·36 लाख रुपये की आय हुई और 59·39 लाख रुपया व्यय हुआ। इस प्रकार 20·03 लाख रुपये का घाटा रहा। यह घाटा कुछ तो दो पायलट जहाजों की सफाई व मरम्मत पर अधिक मात्रा में किये गये खर्च के कारण हुआ और कुछ इस कारण हुआ कि पायलटेज प्रभारों की विद्यमान दरों से प्राप्त हुआ राजस्व बढ़ते हुए खर्चों को पूरा करने के लिए अपर्याप्त था। घाटे का कुछ भाग, राजस्व आरक्षित निधि (रेवेन्यू रिजर्व फण्ड)—पायलटेज से 10·65 लाख रुपये का अंशदान लेकर पूरा किया गया और शेष भाग आगामी वित्तीय वर्ष में आगे ले जाया गया।

7 बन्दरगाह रेलवे :

रेलवे से इस वर्ष 249.82 लाख रुपये की आय हुई जबकि पिछले वर्ष 200.67 लाख रुपये की आय हुई थी। इसमें स्थानीय यातायात से, और अन्य विविध सेवाओं की व्यवस्था से प्राप्त आय सम्मिलित है।

8. छुट-पुट चोरिया :

बन्दरगाह में छुट-पुट चोरियो की घटनाओं को कम करने के लिए 1959 में आरम्भ किये गये उपायों में पूरी तरह कामयाबी मिलती रही।

9 हल्दिया लंगरगाह :

विदेशो से आयात अनाज लाने वाले जहाज लगातार चौथे वर्ष, नवम्बर, 1962 से फरवरी, 1963 तक के अच्छे मौसम में हल्दिया लगरगाह पर ठहरें। अनाजलाने वाले कुल 12 जहाज लंगरगाह पर ठहरे। लंगरगाह का उपयोग करने वाले सबसे अधिक डुबाव वाले जहाज एस० एस० "वाबाश" और एस० एस० "उतविक" थे जिनका डुबाव 30 फुट 2 इंच था। लंगरगाह पर कुल 62,535 टन अनाज उतारा गया।

10 बन्दरगाह विकास :

चालू महत्वपूर्ण कार्यों पर इस वर्ष, 494.62 लाख रुपया खर्च हुआ। वे महत्वपूर्ण प्रायोजनाएं जिनपर इस वर्ष काम चालू रहा, ये है :—किदरपोर डाक्स के डाक नं० 1 के घाटों पर बिजली की क्रेनों का लगाया जाना, 30 टन की और 60 टन की फ्लोटिंग क्रेनों का निर्माण, माल्वेज-कम-डिस्पेच वेसल का निर्माण, लीबियन डिपों मे एक चाय गोदाम का निर्माण, और तकनीकी उपस्कर की खरीद और द्रवीय अध्ययन विभाग (हाइड्रालिक स्टडी डिपार्टमेण्ट) के लिए एक अनुसंधान पोत, सहायक जलयान, इत्यादि, का निर्माण।

11. विविध :

हल्दिया में नयी गाड़ियो के निर्माण के लिए जमीन प्राप्त करने में भारत सरकार का अनुमोदन मिलना, इस वर्ष की दूसरी महत्वपूर्ण घटना है। इसके कारण, बन्दरगाह के तकनीकी अधिकारियों के निकट सहयोग से केन्द्रीय जल और बिजली अनुसंधान स्टेशन, पूना द्वारा द्रवीय समस्याओं की जांच सहित, हल्दिया प्रायोजना के विभिन्न पहलुओं के विस्तृत जांच कार्य तेजी से किये जाने लगे हैं।

12. सराहना :

कठिन परिस्थितियों के बावजूद, पोर्ट कमिश्नरो ने दूसरे वर्ष भी उपयोगी कार्य किया और सरकार पोर्ट कमिश्नरों के विचाराधीन वर्ष के कार्य की सराहना करती है।

APPEARANCES:

On behalf of employers.—Shri Monoranjan Basu, Advocate.

On behalf of workmen.—Shri Patit Paban Pathak, Vice-President, Colliery Mazdoor Sabha.

STATE: West Bengal. INDUSTRY: Coal Mines.

AWARD.

The Government of India, Ministry of Labour and Employment, by their order No. 6/20/63-LRII, dated 23rd September, 1963, have referred the industrial dispute existing between the employers in relation to Toposi Colliery and their workmen in respect of the question whether the management of the Toposi Colliery was justified in refusing employment to Shri Malu Ram, Bailing Mazdoor, with effect from the 7th June, 1963, and if not, to what relief the said workman was entitled, for adjudication to this Tribunal.

2. When the matter came up for hearing before me to-day, the parties stated that there had been a compromise between them. They produced a memorandum of settlement, copy of which is appended herewith. Under the terms of compromise, the workman concerned is to be taken back in service without a break in service but the period of absence is to be treated as on leave without pay. I have gone through the record of the case and I think that the compromise is fair and reasonable.

3. The parties stated that orders for costs should be passed by the Tribunal. After hearing the parties, I think that the proper order in the case should be that the management should pay Rs. 100 (one hundred) as costs to the workman's Union.

I therefore pass an award in terms of the compromise subject to the order of costs.

Sd./- L. P. DAVE,
Presiding Officer.

AWARD

Ministry of Labour and Employment, Government of India, by its Order No. 2/15/63-LR. II, dated 15th June, 1963, referred, under Section 10(1)(d) of the Industrial Disputes Act, 1947, an industrial dispute existing between the employers in relation to the Digwadih Colliery owned by Messrs Tata Iron and Steel Co. Ltd., Jamadoba, and their workmen, for adjudication to this Tribunal, in respect of the matter specified below:

"Whether the dismissal of Shri Ashraf, Electric Fitter, Digwadih Colliery, Post Office Jealgora (District Dhanbad), owned by Messrs Tata Iron and Steel Co. Ltd., Jamadoba, Post Office Jealgora (District Dhanbad) with effect from 17th January, 1963, was justified? If not, to what relief is he entitled?"

2. The employers filed their written statement on 5th August, 1963, in which their case was that it was reported by Sri N. Sen, Welfare Officer, that Shri Ashraf, workman concerned, had taken away two complete sets of flourescent tubes

from the Company's Bhelatand Stall, which was set up during the safety Tableau competition and after great persuasion Shri Ashraf, handed over these tubes to Sri Jamaluddin on 27th November, 1962, in the presence of Sri N. Sen, Welfare Officer, and later Shri Ashraf also went to the Bungalow of Sri Sen the same night and apologised; that the workman, therefore, was charge sheeted on 14/15 December, 1962, to which he gave a reply denying the charge; that thereafter departmental enquiry was held on 21st December, 1962, and 22nd December 1962, and later the statement of Sri Attahar, who was on leave, was taken in the presence of the workman concerned, on 4th January, 1963; that the Enquiry Officer Sri N. C. Sinha, Welfare Officer, submitted his report on 26th December, 1962, and also later a supplementary report on 5th January, 1963, after the statement of Sri Attahar was taken; that at the said departmental enquiry the workman concerned was found guilty of serious misconduct of theft of the company's property and was, therefore, dismissed by letter of 9th January, 1963, with effect from 17th January, 1963; that on receipt of the letter of dismissal the workman concerned made a representation on 17th January, 1963, to the Chief Mining Engineer, who after due consideration, upheld the dismissal and rejected the appeal of the workman concerned; and that, therefore, the dismissal of the workman concerned was *bonafide* for proved misconduct and as such was not entitled to any relief.

3. On behalf of the workman concerned, the Tata Collieries Workers' Union, Digwadih (hereinafter referred to as TCWU for brevity) filed a written statement on 20th August, 1963, in which the case of the concerned workman was that the charge was false and was manoeuvred and cooked up by Sri Jamaluddin, who is a member of the Colliery Mazdoor Sangh, which is the favourite union of the management, on account of hostility; that Sri Jamaluddin and his other co-members of his Union, Colliery Mazdoor Sangh, have a grievance against TCWU and its members of which the workman concerned is a member which resulted in making a false report against the workman concerned and in consequence of which a false charge sheet was served against him and the workman concerned was later dismissed; that the domistic enquiry conducted by the management was improper, *malafide*, and not fair and the report of the enquiry officer is also perverse; that the workman concerned had been dismissed by way of victimisation due to his being a member of the TCWU which the management did not like; that the concerned workman has a record of clean service for the last 20 years and even if he was suspended for acts of misconduct in 1960, and 1961, the said record does not establish his record of service to be a bad one; that the punishment of dismissal inflicted on the workman concerned is very disproportionate without taking into consideration his clean record of service for the last 20 years and the fact that he had been granted regularly increments annually; that the workman did not receive any reply to his appeal dated 17th January, 1963, to the C.M.E. and, therefore, he approached the Agent, Sri R. S. Mody, who is superior to the C.M.E., for justice on 6th February, 1963, and Sri Mody after giving a patient hearing assured him that a fresh enquiry would be held as injustice had been done; but the said promised enquiry was never held; that, therefore, the dismissal of the workman concerned being illegal, void, unjustified and against the principles of natural justice, and being an act of victimisation on the part of the management, may be set aside and he may be reinstated to his former post with full back wages.

4. This case, at the request of both the parties, was fixed for hearing, to suit their conveniences, at Patna on 23rd January, 1964, on which date it was taken up for hearing in the presence of both parties. At the hearing the management was represented by Sarvashree S. N. Singh, N. Sen and Lal Behari Mahato. The workman concerned was represented by Sarvashree P. Chanda and B. Sarkar, representatives of the Union, which represented the workman concerned.

5. No witness was examined by the management but the Union examined the workman concerned Shri Ashraf, W.W. 1. Both parties however, filed documents, which, with mutual consent, were taken in evidence and marked as Exhibits M. to M. 31, on behalf of the management, and, Exhibits W. to W. 4, for the workman concerned.

6. On 23rd January, 1964, a petition was filed on behalf of the management that the case may be adjourned to enable it to file the peon book which by mistake had been left behind at Dhanbad. After the conclusion of the evidence on 23rd January, 1964, the Tribunal adjourned the case to 25th January, 1964, for production of the peon book and also for arguments.

7. On 25th January, 1964, both the parties were represented as before and they were heard at length in support of their respective contentions, but the peon book

which was asked to be produced and for which the case was adjourned, was not filed.

8. On the documents filed by the parties, the facts of the case may be summarised thus:

Sri N. Sen, Welfare Officer, of the Colliery reported that Shri Ashraf, the workman concerned, had taken out two complete sets of flourescent tubes from the Bhelatand Stall which was set up during the safety tableau competition at Bhelatand. On great persuation from Sri Jamaluddin Sri Ashraf, agreed to return them back to him and later the tubes were handed over to Shri Jamaluddin the presence of the Welfare Officer, Sri N. Sen on 27th November, 1962, and on the same day the workman concerned went to Sri N. Sen's bungalow and apologised for the above act. As the acts committed by the workman concerned amounted to serious misconduct under Standing Order 19(2) for committing theft of company's materials a charge sheet, Exhibit M, was issued to the workman concerned on 19th December, 1962; the workman submitted his explanation on the same day, Exhibit M. 1, in which he denied all the facts alleged against him by the management and said that presumably the story had been concocted and the case had been cooked up by Sri Jamaluddin, as the workman had long enmity with him while he was in service at the Digwadih Colliery as Fitter Helper. The enquiry, thereafter, was held on 21st December, 1962, and 22nd December, 1962, by Sri N. P. Sinha; on 21st December, 1962, Shri Jamaluddin, Electric Fitter, whose statement is Exhibit M. 3; Sri Gopi Chatterjee, Fitter Helper, Ext. M.4; Sri H. S. Dutta, Manager, Ext. M.5, Sri Sarjoo Prasad, Electric Fitter Helper, Ext. M.5A; Shri H. P. Chatterjee, Electric Fitter, Ext. M.7; Sri N. Sen, Welfare Officer, Ext. M.8 and Sri Ashraf, Electric Fitter, workman concerned, Ext. M. 2, were examined and the workman concerned cross-examined Jamaluddin who was also cross examined by the Enquiry Officer, Ext. M.3, but the cross-examination of the other witnesses for the management was declined by the workman concerned; on 21st December, 1962, the enquiry was adjourned to 22nd December, 1962, as will appear from the notice Exhibit M.9; on 22nd December, 1962, Sri N. Sen was cross-examined by Sri Ashraf Exhibit M.10, and Sri T. V. K. Nair, Colliery Engineer, Exhibit M.11, was also examined and he was also cross-examined by the workman concerned Exhibit M.15; Sri S. N. Pandey, Welfare Officer, Exhibit M.16, and Sri N. R. Khan, Grade II Clerk, Exhibit M.17, were examined; on the petition of the workman concerned on 22nd December, 1962, Exhibit M.18 for permission to produce two or three defence witnesses on 24th December, 1962, the prayer of the concerned workman was allowed and on 24th December, 1962, defence witness Shri A. K. Bose, Exhibit M.19, was examined; later Shri Attahar, Electric Fitter Helper, who was on leave, was examined on 4th January, 1963, Exhibit M.22. Most of these witnesses were not cross-examined by the workman concerned which fact was noted at the end of the statement of the witnesses and the initial of the workman concerned was taken on each page of the statement recorded by the Enquiry Officer; earlier a preliminary enquiry was held on 18th December, 1962, at which Shri Ashraf Ali, Electric Fitter, Exhibit M.12, Sri A. Hussain, Electric Fitter Helper, Exhibit M.13, and Sri Attahar Exhibit M.14, were examined; after the examination of the witnesses for the management on 21st December, 1962, and 22nd December, 1962, and the examination of the defence witness on 24th December, 1962, and of the workman concerned on 21st December, 1962, the enquiry officer submitted a report Exhibit M.20 to the Manager saying that the examination of Shri Attahar, a Fitter Helper, of the Digwadih Colliery which could not be recorded as he was granted 20 days' leave from 12th December, 1962, is of great evidentiary value because Shri Attahar, who was examined at the preliminary enquiry on 28th November, 1962, has given two conflicting statements (Exhibits M.13, and M.14), and therefore, time may be extended so that the statement of Sri Attahar may be recorded after he resumed duty. On this report of the Enquiry Officer Exhibit M.20, the prayer was allowed, as will appear from Exhibit M.21, and thereafter Shri Attahar was examined on 4th January, 1963, Exhibit M.22, in the presence of the workman concerned; the Enquiry Officer, thereafter, on 5th January, 1963, submitted a supplementary report Exhibit M.23, in continuation of the earlier report Exhibit M.20, saying that on consideration of the evidence of the witnesses for the management and the defence witness he was of the opinion that the charge against Shri Ashraf, the concerned workman, was established and further that the witnesses brought by Shri Ashraf to prove that he was at Jharia at the time of the occurrence does not stand in view of the fact that many persons, including Sarvashree N. Sen, Gopi Chatterjee, Jamaluddin and Attahar have all stated about Ashraf's persence at Digwadih on the material date and the material time. On receipt of this report Exhibit M.23, the Manager recommended on 5th January, 1963, (Exhibit M.24), for the dismissal of the workman concerned, which was later approved on 8th January, 1963, by the Assistant Chief Mining Engineer Exhibit M.25. The workman, thereafter, on 9th January,

1963, was served with a letter of dismissal Exhibit M.26, and he was informed that he was dismissed from the company's service with effect from 17th January, 1963. The concerned workman, thereafter, on 17th January, 1963, filed an appeal against the order of dismissal Exhibit M.27, to the C.M.E. in which he prayed for a fresh enquiry but the said prayer was rejected by the C.M.E. on 6th February, 1963, (Exhibit M.28); the matter was then taken up by the Conciliation Officer who filed its failure report Exhibit W.3, on 28th April, 1963, and thereafter the reference was made to this Tribunal which was received here on 19th June, 1963.

9. Sri Singh, on behalf of the management, contended, relying on the papers of the domestic enquiry filed in the case, that the enquiry was fair and proper, the witnesses for the management were examined in the presence of the workman concerned and he was given an opportunity to cross-examine them; that the workman concerned was given opportunity to examine defence witnesses and he did, as a matter of fact, examine one defence witness and, therefore, there was no infirmity either in the enquiry proceeding or in the report of the Enquiry Officer which is well reasoned and as such the dismissal of the concerned workman was justified.

10. Shri Chanda, on behalf of the workman, raised several objections to the enquiry and the enquiry report, which may be summarised as below:

(a) that the charge sheet Exhibit M. was vague and illegal in as much as the Colliery Engineer had no power to issue the same;

(b) the enquiry was unfair and vitiated as the workman was not given reasonable opportunity to defend himself and on the evidence no *prima facie* case had been made out for dismissal of the workman;

(c) the finding of the enquiry officer, as contained in his report Exhibit M. 20, was perverse;

(d) the management was guilty of bad faith and unfair labour practice and its act in dismissing the workman concerned was an act of victimisation;

(e) there was basic error of facts; and,

(f) the second part of standing order No. 20 regarding approval of dismissal by the Agent had not been complied with.

I will take these points in the order in which they are set out above.

Re: (*a*):

11. In order to appreciate this objection it is necessary to mention some more facts. Safety tablaue competition was held at Guest House No. 1 in connection with the safety week on 18th November 1962. At that safety week competition all the Collieries put their stalls and one such stall was put up by Bhelatand Colliery which was fitted with fluorescent tubes. When the safety symposium was over these tubes were taken away by the persons concerned. It appears from the evidence of Shri S. N. Pandey, Welfare Officer of Jamadoba Colliery, Exhibit M. 16, that on 19th November 1962 his Manager instructed two persons to go with men and dismantle the Jamadoba Stall. While Jamadoba Stall was being dismantled Shri S. N. Pandey was informed by Shri Choksi, one of the two persons who were instructed by the management to dismantle the Jamadoba Stall that two of the corrugated sheets of Jamadoba Colliery were in Bhelatand stall and therefore they are also to be taken out but they were not taken out because tube lights, etc were fitted there and there was no man from Bhelatand. The Electric Fitter of the Digwadih Colliery Shri Ashraf, the workman concerned, informed that in Bhelatand stall corrugated sheet had also been used and that he was going to take out all the electric equipment immediately from the Bhelatand stall. When Shri Ashraf, workman concerned, was talking to Shri S. N. Pandey, Shri Gopi Chatterjee and the Electric Fitter were also there. Thereafter, Shri S. N. Pandey went away instructing his men to take away the corrugated sheet from the Bhelatand stall after the electric equipments were taken out. It further appears from the statements of Shri Ashraf Exhibit M. 12 and of Shri H. S. Dutta. Exhibit M.5 that he sent Shri Jamaluddin and Shri Gopi Chatterjee to bring back all the materials which had been used in the stalls after dismantling the structures. Sarvashree Gopi Chatterjee and Jamaluddin told him that after the work was done they had brought one tube light which was theirs and was given to Bhelatand Stall but Shri Ashraf, Electric Fitter of Digwadih Colliery, had dismantled the other two tube lamps from Bhelatand pandal and taken charge of the same. After a few days, the Manager, Bhelatand Colliery, contacted him

over the phone and wanted to get back those tube lights. Thereupon he was informed that the same were under the custody of Shri Ashraf, Electric Fitter of the Digwadih Colliery and he may collect the same from Digwadih. When the man from Bhelatand, with the slip, dated 26th November 1962 (Exhibit M.6) signed by the Engineer, Bhelatand Colliery came, Shri Dutta, sent for Sarvashree Jamaluddin and Gopi Chatterjee and asked them to go with him and get the tube lights from the workman Shri Ashraf, since it was reported that Shri Ashraf had taken custody of those two tube lamps. After some time these men returned from Digwadih and told the Manager that Shri Ashraf had denied before the Colliery Engineer of having removed and taken away these two lamps from the Bhelatand stall. Thereupon, Shri Dutta rebuked them very strongly and told them they were all a gang of thieves and unless the tube lamps are coming out the cost of these lamps will be realised from Shri Jamaluddin and Sri Gopi Chatterjee but they pleaded innocence and said they were trying their best to recover them. Later on, these two persons came and informed that the tube lamps were in fact with Shri Ashraf but as he had denied having taken them before the Colliery Engineer he expressed his inability to come out with these two lamps. Manager Dutta then discussed the matter with his Welfare Officer Sri N. Sen and it was decided to lay a trap to apprehend Shri Ashraf and therefore he instructed Sri N. Sen to observe the same. Later, he was informed by Sri Sen that these two tube lamps had been recovered from the workman Ashraf's house in his presence and thereafter the charge sheet was submitted against him.

The main objection to the charge sheet Exhibit M of Sri Chanda was that in the charge sheet neither the time nor the date of occurrence are mentioned and the charge sheet has been issued by the Colliery Engineer and not by the Manager and the Colliery Engineer had no power to issue charge sheet and further that the charge sheet had been served on the workman concerned on 15th December 1962, although the occurrence alleged to have been taken place on 19th November 1962 and, therefore, it is an afterthought.

In my opinion, there is no subsistance in this objection. Standing Orders do not mention as to who has to make the charge sheet. The Manager was a witness in the case as he was examined at the enquiry as a witness for the management and, therefore, naturally the charge sheet was issued by the colliery Engineer, who is admittedly a superior officer of the workman concerned. It is true that the time and the date of occurrence are not mentioned in the charge sheet but those omissions did not prejudice the workman concerned in his defence as will appear from his explanation Exhibit M.1. The workman knew what the charge was and in respect of which incident and when that incident had taken place. Furthermore, it will appear that the charge sheet was based on the report of Sri N. Sen, Welfare Officer, Exhibit M.34, in which he reported the incident to the Manager 6 and 7 Pits on 28th November 1962. On the basis of this report Exhibit M.34 the charge sheet Exhibit M. was issued as will appear from the charge sheet itself wherein there is a mention about the report by Shri N. Sen, Welfare Officer.

It further appears that the occurrence took place on 19th November 1962, but the fluorescent tubes were returned on 27th November 1962 by the workman concerned in the presence of Sri N. Sen to Sri Jamaluddin and, thereafter, the preliminary enquiry was held on 28th November 1962 at which two witnesses, namely Shri Ashraf Ali, Electric Fitter (Exhibit M. 12) and Shri Attahar Hussain (Exhibit M.13) and (Exhibit M.14), were examined. It further appears from Exhibit M 32 that on 29th November 1962 the Manager, Bhelatand Colliery, reported to the Manager, Digwadih Colliery that Shri Ashraf, one of the fitters of the Digwadih Colliery, opened two tube lights of Bhelatand Colliery and later Shri Ashraf, the concerned workman, refused in the presence of Sri Nair, Colliery Engineer of the Digwadih Colliery, to hand over the tubes but later on these tubes were recovered from him and therefore disciplinary action should be taken against him. On 5th December 1962, Assistant Chief Mining Engineer, Jamadoba Colliery Group, sent a letter Exhibit M.33 to the Manager Digwadih Colliery, along with the report submitted by Sri N. Sen Exhibit M.34, and asked him to take action against Shri Ashraf, workman concerned, for theft of the said tube lamps. Thereafter, the charge sheet Exhibit M was issued on 14/15th December 1962. In these circumstances, it cannot be said that the charge sheet was very much belated so as to cast suspicion on its genuineness. For these reasons, I would reject the first objection.

Re: (b):

12. In support of the charge sheet Sarvashree Jamaluddin, Exhibit M 3; Gopi Chatterjee Exhibit M.4; H. S. Dutta, Exhibit M.5; Sarjoo Prasad, Exhibit M.5A; Haripada Chakravarty Exhibit M.7; N. Sen Exhibit M.8; Sri T. N. K. Nair, Exhibits

M.11 and M.15, and Shri S. N. Pandey, Exhibit M.16; and Sri M. B. Khan Exhibit M.17 were examined at the domestic enquiry. Out of these witnesses Sarvashree Jamaluddin, H. S. Dutta, Manager, N. Sen, Welfare Officer, T. N. K. Nair, were cross-examined by Sri Ashraf, workman concerned, but cross-examination of the other witnesses was declined. The workman filed a petition before the Enquiry Officer Exhibit M.18 on 22nd December 1962 that he wanted to produce two or three defence witnesses on 24th December 1962 and the said prayer was allowed. But the workman concerned examined only one defence witness Shri A. K. Bose Exhibit M.19 on 24th December 1962 and thereafter the enquiry was closed. All these statements were recorded in English and were explained in Hindi and each page of them was signed by the workman concerned and the concerned workman, who was examined as W.W.1, before this Tribunal admitted his initials on these statements which were taken in his presence.

On the above facts, therefore, there is no doubt that the enquiry was proper, fair and the workman concerned had been given reasonable opportunity to cross-examine the witnesses for the management and also to examine his own witnesses.

Sri Chanda, however, argued that no witness from Bhelatand was examined and the main witnesses, namely, Sarvashree N. Sen, H. S. Dutta, Jamaluddin and Gopi Chatterjee were of 6 and 7 Pits and Shri S. N. Pandey of 3 Pit Colliery. In my opinion, the omission to examine any person from Bhelatand Colliery is immaterial when all the persons connected with the incident had been examined and their evidence on record was recorded in presence of Shri Ashraf, who was present throughout at the material times. The persons connected with the recovery of the tube lights from the house of the workman concerned and with the production of the tube lights and handing them over by Shri Ashraf to Shri Jamaluddin in presence of Shri N. Sen, Welfare Officer, and Sri Gopi Chatterjee, have all been examined. The question, therefore, from where the witnesses came and the Colliery to which they belonged is not material when the persons who witnessed the whole occurrence had been examined and, therefore, the objection on this score is devoid of any substance.

There is also no force in the argument of Sri Chanda that the two witnesses, whose statements are Exhibits M.13 and M.14, who were examined on 28th November 1962 at the preliminary stage, in the absence of the workman concerned, vitiated the enquiry because the final enquiry had not till then started. It was only after the preliminary enquiry that the management was satisfied that the charge sheet should be issued on 15th December 1962.

It is also not correct to say that the Enquiry Officer in his report Exhibit M.20 has relied on the statements of these two witnesses Exhibits M.13 and M.14 for coming to the conclusion that the charge sheet against the workman concerned was proved. On the other hand, it appears from the first report, dated 26th December 1962 Exhibit M.20 of the Enquiry Officer that in para 13 he has mentioned that Sri Attahar has given two conflicting statements during the preliminary enquiry made by the Colliery Engineer and therefore, he felt that Shri Attahar's evidence should be recorded after he resumes his duty. Sri Attahar was examined on 4th January 1963, Exhibit M.22, and, thereafter, the Enquiry Officer submitted a further enquiry report on 5th January 1963 Exhibit M.23 confirming his earlier opinion that the charge against Shri Ashraf, Electric Fitter, was established.

Likewise, there is no substance in the contention of Sri Chanda that the endorsement that the deposition was explained in Hindi as will appear from Exhibits M.5, M.8 and M.11, were not in the handwriting of the Enquiry Officer but by some one else because those endorsements are in different ink and therefore they show that they were subsequently put in. It may be noted that the initial of the workman concerned appeared in the same ink in which the endorsement is written.

There is also no substance in the contention of Sri Chanda that the fact that the Enquiry Officer re-examined Shri Jamaluddin, as will appear from Exhibit M.3, after his cross-examination by the workman concerned or that the fact that questions and answers were not recorded in the cross-examination of Sri Jamaluddin by Shri Ashraf, as will appear from Exhibit M.3, vitiated the enquiry.

There is also no substance in the contention of Sri Chanda that the enquiry was perfunctory. It is very significient to note that the objections now raised regarding the enquiry proceedings and as deposed to by the workman concerned W.W.1 are not mentioned in the Memo of Appeal Exhibit M.27 which was filed by the workman concerned against his dismissal on 17th January 1963. If the facts, as argued now and as deposed to by W.W.1, are correct, these objections ought to have been taken in the petition of appeal filed by the workman concerned but that was not done.

For these reasons, I have no hesitation in holding that the enquiry was fair and is not vitiated and a *prima facie* case was made out to dismiss the workman concerned and the workmn was given reasonable opportunity to defend himself.

Re: (c):

13. The objection of Sri Chanda that the finding of the Enquiry Officer is perverse, has also no substance. The Enquiry Officer has given detailed reasons in his first report Exhibit M.20 for coming to the conclusion that Shri Ashraf, workman concerned, removed the two lamps and later on after great persuation returned them to 6 and 7 Pits Colliery representative. Nothing has been suggested as to why the evidence of Shri N. Sen, Welfare Officer, the witness of the occurrence should be rejected. Nothing also has been suggested as to why Sarvashri Gopi Chatterjee, Attahar, S. N. Pandey and H. S. Dutta would depose falsely against the workman concerned. If there was enmity, as alleged by the workman concerned, it was with Shri Jamaluddin but on this score such responsible persons as Sarvashri N. Sen, Welfare Officer,, and others cannot be imagined to have been tutored to tell a lie to implicate the workman. For these reasons, in my opinion, the report Exhibit M.20 and Exhibit M.23 do not at all suffer from any infirmity.

It was, however, contended by Sri Chanda that contradictions were not taken into consideration by the Enquiry Officer and, therefore, his report must be considered to be perverse. The only contradiction pointed out was that Sri Sen said that Shri Ashraf came to his bungalow with Shri Haripada, Elec. Fitter, and the latter begged of him not to take any action against Shri Ashraf but Sri Haripada in Exhibit M.7 said that he had not gone to Sri N. Sen on 27th November 1962 at about 8.15 p.m. In my opinion, this solitary contradiction is not so material as to go to the root of the case and destroy the case of the management completely. This contradiction relates to a matter which took place after the main occurrence.

For these reasons, even if the contradiction has not been taken notice of by the Enquiry Officer, I do not think that on account of this the enquiry report can be said to be perverse. I, therefore, hold that the findings of the Enquiry Officer, as contained in Exhibits M.20 to M.23, are not perverse but are well reasoned and supported by evidence on record.

Re: (d):

14. It was then contended by Shri Chanda that the management was guilty of bad faith and of unfair labour practice and its act in dismissing the workman concerned was an act of victimisation. The only fact in support of it relied upon by Sri Chanda was that this case of victimisation was specially mentioned in the written statement by the workman concerned but it was not denied by the management and that the fact that the workman was dismissed itself shows that the punishment was disproportionate to the offence committeed by the workman. In my opinion, there is no substance in this contention also. On the evidence of the workman W.W.1 he was a mere member and not at all an office bearer of the Tata Colliery Workers Union, which had not been recognised and which it was alleged was not liked by the management, and, therefore, I cannot understand why the management, instead of prosecuting the office bearers who were active members of the Union would choose such an ordinary member to punish him. Standing Order itself provides that if a workman is found guilty of theft of company's properties it is open to the company to dismiss him. The question of punishment being within the discretion of the management, I cannot in view of the evidence of the workman concerned and in view of the charge proved against the workman, hold that the punishment was disproportionate.

For these reasons, I reject this contention as well.

Re: (e):

15. It was then contended by Sri Chanda that the management committed a basic error in as much as it never cared to find out as to who might have taken the tubes from the Bhelatand Colliery. In my opinion, on the evidence as it is and on the report of the Enquiry Officer, the misconduct of the workman concerned has been proved and it has been found that the tube lights were removed by Shri Ashraf workman concerned as will appear from the report of the Enquiry Officer Exhibit M.20, para 10, and therefore, this grievance is also imaginary.

Re: (f):

16. It was then contended that the second part of Standing Order No. 20 requires that the dismissal should be approved either by the Owner, Agent or

Chief Mining Engineer of the company but in this case it has not been done. It will appear that the dismissal of the workman was approved by the Assistant Chief Mining Engineer, who was also Agent of the Jamadoba group of collieries on 8th January 1963, as will appear from Exhibit M.25. It further appears that Shri H. Niyogi was appointed as Assistant Chief Mining Engineer as well as Agent of Jamadoba Group of Collieries by the Chief Mining Engineer on 31st March 1962 as will appear from Exhibit M.30. Standing Order No. 20 defines the word 'Company' as meaning Group of collieries or collieries of the company. In view of this, it is obvious that the approval of the Agent of group of Collieries is tantamount to approval by the Agent of the Company. On Exhibit M.30 it is manifest that Sri Niyogi was Agent, Jamadoba Group of Collieries and also Assistant Chief Mining Engineer and, therefore, standing Order No. 20 has been complied with.

17. Lastly, it was argued that in his appeal Exhibit M.27 the workman asked for fresh enquiry which was allowed by the Agent Shri Mody, as will appear from Exhibit W.2, which is a letter by the workman to the Assistant Chief Mining Engineer to provide him with copies of the enquiry proceedings in order to enable him to go through them before the re-enquiry. I may mention the management does not admit the genuineness of Exhibit W.2 nor does it admit that this letter Exhibit W.2 was sent to or received by Assistant Chief Mining Engineer. There is, therefore, no evidence to show that the appeal of the workman was allowed and re-enquiry was directed. In support of its contention that the appeal was rejected, the management relied on Exhibit M.28, letter from Chief Mining Engineer, dated 6th February 1963 to the workman concerned, informing him that no fresh enquiry could be ordered in reply to the workman's appeal Exhibit M.27 and also on Exhibit M.31 which purports to be a letter from Shri R. H. Mody, Agent, to the workman concerned informing him that he could not do anything in the matter. This letter, Exhibit M.31 appears to have been sent to the workman concerned after his interview with Sri Modi on 6th February 1963. Exhibit M.31 is denied by the workman and it is said that this letter was never sent to the workman concerned. Be that as it may, it is perfectly clear that the enquiry was never re-opened and fresh enquiry was never ordered.

18. For the reasons given, I therefore, hold that the enquiry was proper and fair and the enquiry report is well reasoned and it does not suffer from any infirmity at all and the objections raised against the said enquiry and the enquiry report are devoid of any merit.

I, therefore, uphold the enquiry and the enquiry report and when the misconduct of the workman concerned has been proved the management was competent to dismiss him from service as provided for in the Standing Orders.

19. I, therefore, answer the reference in favour of the management by holding that the dismissal of Shri Ashraf, Electric Fitter of Digwadih Colliery, owned by Tata Iron and Steel Co. Ltd., Jamadoba, with effect from 17th January 1963 was justified, and, therefore, the workman is not entitled to any relief.

20. This is the award which I make and submit to the Government of India, under Section 15 of the Act.

On behalf of workmen

State: West Bengal. Industry: Coal Mines.

AWARD

The Government of India, in the Ministry of Labour and Employment, by their order No. 6/16/63-LRII, dated 19th September, 1963, referred an industrial dispute between the employers in relation to Toposi Colliery and their workmen in respect of the question whether Shri Kashinath Panda, line mistry, had voluntarily resigned with effect from the 7th June, 1963 and if not, what relief he was entitled to for adjudication to this Tribunal.

2. When the matter came up for hearing before me today, the parties stated that the workman concerned had got another job and therefore the Union did not press his case. They further stated that the case should, therefore, be dismissed for non-prosecution and that the parties should be ordered to bear their respective costs. They produced a memorandum of settlement to this effect (copy appended herewith). In my opinion, the compromise is fair and reasonable. I therefore order that the present case be dismissed for non-prosecution and that parties should bear their respective costs.

I pass my award accordingly.

STATE: West Bengal. INDUSTRY: Coal Mines.

AWARD

The Government of India, Ministry of Labour and Employment, by their order No. 1/22/63-LRII dated 24th December 1963, have referred the industrial dispute existing between the employers in relation to the Jamuria 7/8 Pits Colliery and their workmen in respect of the questions whether the management were justified

in indefinitely laying off the 9 Coal Cutting Machine Drivers and Machine Mazdoors mentioned in the schedule and offering them alternate jobs at another colliery and if not to what relief they were entitled, for adjudication to this Tribunal.

2. When the matter came up for hearing before me today, the parties stated that they had entered into a compromise and produced a memorandum of settlement, copy of which is appended herewith. The dispute related to 9 workmen who were laid off and offered alternate jobs. Under the terms of compromise some of them had already accepted alternate jobs. The others however did not do so but they were again offered permanent employment and under the terms of compromise they have accepted the same. Under the terms of compromise, each of the workmen is to be paid a sum of Rs. 225/- as *ex-gratia* payment for the period for which they did not work. The management have agreed that the workmen will have continuity of service. In my opinion, the compromise is fair and reasonable and I accept it.

I therefore pass an award in terms of the compromise.

AWARD

Ministry of Labour & Employment, Government of India, by its Order No. 2/106/62-LRII, dated the 5th January, 1963, referred, under Section 10(1)(d) of the Industrial Disputes Act, 1947, an industrial dispute existing between the employers in relation to 6 and 7 Pits Colliery of Messrs. Tata Iron and Steel Company Limited, Jamadoba, and their workmen, in respect of the matter specified below, to this Tribunal for adjudication:

SCHEDULE

"Whether the dismissal of Sarvashri J. N. Karmakar, Gorachand Roy and J. L. Missir, Mining Sirdars by the management of Jamadoba 6 and 7 Pits Colliery owned by Messrs. Tata Iron and Steel Company Limited, Post Office Jealgora, District Dhanbad, was justified. If not to what relief are they entitled?"

2. The employers filed their written statement on 4th February 1963. Their case was that the three workmen concerned, who were Mining Sirdars, were to perform the duties as detailed in the Coal Mines Regulations and also to take the general precautionary measures in their respective shifts; that during the week ending 30th June 1962 in 50 H.P. Bottom De-pillaring Section the Mining Sirdar Shri Gorachand Roy, was on duty in 'A' Shift, Shri J. N. Karmarkar in 'B' Shift and Shri J. L. Missir in 'C' Shift in the same section; that during the inspection of the above section on 27th June 1962 in 'A' Shift the Manager, Shri H. S. Dutta M.W. 2, detected extensive robbing of both East and West side pillars throughout the full length between 23rd and 24th Junctions of 50 H.P. X Cut; that such extensive robbing of pillars could not have been done without the knowledge and connivance of the aforesaid Mining Sirdars, namely, the three workmen concerned, who were in charge of their respective shifts; that, therefore, for the above misconduct separate charge sheets, dated 29th June 1962 were issued to the three workmen concerned to which they gave replies and thereafter a departmental enquiry was held in the presence of Sarvashree G. C. Roy W.W. 2, and J. L. Missir W.W. 3, but Shri J. N. Karmarkar, W.W. 1 refused to attend although repeatedly asked for; that at the departmental inquiry the Mining Sirdars, who were present, were given full opportunity to cross-examine the witnesses for the management and to adduce witnesses in their defence but they refused to examine any defence witness; that at the departmental enquiry misconduct of the three workmen was established and, therefore, they were dismissed by letters, dated 23rd July 1962, as amended by letter, dated 26th July 1962; that, as such, the dismissal of the three mining sirdars, who were the workmen concerned was justified as their misconduct was proved and, therefore, they were not entitled to any relief.

3. The concerned workmen also filed their written statement through the Bihar Koyla Mazdoor Sabha on 18th February 1963. Their case was that they were all working in the same section of the colliery in consecutive shifts as alleged by the management; that from 25th June 1962 the dip section of the mine section under their supervision was water-logged as a result of which 10 to 12 miners employed in the section became surplus to the requirement and were to be laid off; that Shri Gora Chand Roy, who was in the morning 'A' shift, sought instruction from Shri S. P. Mukherjee M.W. 4, overman of his 'A' shift, who asked him to engage the miners temporarily, for stripping the pillars by 6" along the main line during the de-watering operation of the Dip Section and accordingly, the surplus miners were engaged by Shri G. C. Roy, W.W. 2, for stripping pillars; that Shri J. N. Karmarkar, W.W. 1, who was in the afternoon 'B' shift was informed by Shri G. C. Roy, W.W. 2, about the position and as the Dip Section was still water-logged rendering some miners surplus, Shri Karmarkar, W.W. 1, sought instruction from the Assistant Manager of his shift and was asked by him to follow the practice of 'A' shift till the de-watering was complete and accordingly Shri Karmarkar, W.W. 1, also engaged some miners for stripping the pillars; that Shri J. L. Missir, W.W. 3, who was in the night 'C' shift was informed by Shri Karmarkar of the 'B' Shift about the position and practices in the previous two shifts and Shri Missir, on finding the situation unchanged, followed the same practice of providing the surplus miners in pillar stripping work; that as the de-watering of the Dip Section continued next day also, a body of 10 to 12 miners continued to be engaged in the pillar stripping work on 26th June 1962 also in consequence thereof; that this pillar stripping operation was undertaken, with the consent and on the instruction of the Overman of the 'A' Shift Shri S. P. Mukherjee M.W. 4, and of the Assistant Manager of the 'B' Shift Shri B. P. Bose, M.W. 3, and the operation continued in consecutive six shifts with full knowledge of the rest of the Assistant Managers, and Overmen; that the Manager, Shri B. P. Bose, M.W. 3, who visited the underground on 27th June 1962, stopped this pillar stripping operation and issued charge sheets to these Mining Sirdars, workmen concerned; that the concerned workmen explained the circumstances and denied the allegations in their replies to the charge sheets against them; that an enquiry was held in which Shri J. N. Missir, W.W. 3, and Shri G. C. Roy, W.W. 2, participated, but Shri J. N. Karmakar, W.W. 1, did not participate in the enquiry as he was asked by the Manager to look after the raising of the coal at that time; that at the departmental enquiry on 16th July 1962 the two workmen concerned, namely, Shri G. C. Roy, W.W. 2 and Shri J. L. Missir, W.W. 3, were not given adequate opportunity to defend their case either by cross-examining management's witnesses or by producing defence witnesses; that the report of the Enquiry Officer, Shri N. Sen, M.W. 1, was perverse and the charges against the workmen are all unfounded; that these workmen having been made to bear the consequences of the mistake and carelessness of their superiors, were dismissed with the spirit of victimisation because their continued adherence to the unrecognised Union, and, that, therefore, their dismissal being *mala fide*, wrongful and unfair they were entitled to be reinstated with full back wages.

4. The case was taken up on 10th January 1964 and 13th January 1964 at Dhanbad, when Shri G. Prasad with Shri S. N. Singh, Legal Assistant and Shri Lal Behari Mahato, Office Clerk, appeared for the management and Shri Prosanta Burman, General Secretary of the Bihar Koyla Mazdoor Sabha, representing the Union, appeared for all the three workmen concerned.

Both parties filed documents, which, with mutual consent, were marked Exhibits as M to M-31 for the management and Exhibits W to W-3 for the workmen concerned.

The management examined in all four witnesses, namely, Sarvashree N. Sen M.W, 1; and H. S. Dutta M.W. 2 on 10th January, 1964; and B. P. Bose, M.W. 3 and S. P. Mukherjee on 13th January, 1964.

The workmen also on 13th January, 1964, examined the three concerned workmen, namely, Sarvashree J. N. Karmarkar, W.W. 1; Gora Chand Roy, W.W. 2, and J. L. Missir, W.W. 3.

Both the parties closed their evidence on 13th January, 1964.

5. On 13th January, 1964, at the special request of Sri Prosanta Burman, appearing for the workmen concerned, and, with the consent of Shri G. Prasad, appearing for the management, this case was fixed for arguments at Patna as Sri Burman was not ready for arguments on 13th January, 1964, after the evidence was closed at Dhanbad. In consultation with both the parties, therefore, this part-heard case

was fixed for arguments at Patna on 10th February, 1964 and the signatures of Shri Burman for workmen and of Shri S. N. Singh for the management, representatives of both the parties, were taken on the order sheet of the case on 13th January, 1964 at Dhanbad. When however, the case was taken up at Patna on 10th February, 1964, Shri G. Prasad, with Shri S. N. Singh, appeared for the management, but no one appeared for the workmen concerned. I waited for more than an hour and when neither any of the three workmen concerned nor their representatives nor their Union Bihar Koyla Mazdoor Sabha through its representative appeared before the Tribunal, arguments on behalf of the management were heard and the hearing was concluded and award was reserved.

6. It appears from the evidence of two of the workmen concerned, who have examined themselves as W.W. 1 and W.W. 2, that they are at present employed in the East India Coal Company Limited for the last one year. Shri Burman had conceded on 13th January, 1964 that all the three workmen are now working in the East Indian Coal Co Limited. That seems to be the reason why these three workmen are not very serious about the result of this case and, therefore, they did not pursue the matter further.

7. It also appears from the evidence of W.W. 1. Shri Jitendra Nath Karmakar that he was a member of the Bihar Koyla Mazdoor Sabha when he was in service in 6 and 7 Pits Colliery. It may, therefore, be that these three workmen are no longer members of this Union and, therefore, the Union is also not serious about their case and is not prepared to spend money by sending its representative to argue the case. otherwise, there seems to be no reasons why when this case was fixed for arguments at Patna at the special request of Sri Burman he did not turn up.

8. Be that as it may, the fact remains that neither the Union nor any of the workmen concerned turned up to argue the case on 10th February, 1964. Even till 13th February, 1964 when the award was made, no petition was received from the Union or the workmen concerned asking for time for arguments or the like. All the circumstances under which the award is made without hearing the arguments of the workmen concerned are mentioned in the Order Sheet dated 10th February, 1964 and 13th February, 1964.

9. The main argument, put forward on behalf of the management, was that all these three workmen were Mining Sirdars and as such it was their duty to see that there was no robbing of pillar of coal and no miner robbed coal from a place which was not his authorised allotted face as the Mining Sirdars had no right to permit robbing of pillar by any miner as it is an offence under Mining Regulations and as such, even assuming but not submitting, that these workmen concerned, who were Mining Sirdars, were permitted, as is their case, to allow miners to strip coal between 23rd and 24th Junctions 50 H.P. X Cut Bottom Section, which were not working faces of any of the miners who robbed the coal from there, in that, 23½ West was their working face, these workmen had no right to allow illegal thing to be done. It was further argued that the allegation that these workmen were permitted by Sri S. P. Mukherjee, Overman, M.W. 4, and by Shri B. P. Bose, Assistant Manager, M.W. 3, has not been proved, rather it has been dis-proved by the evidence of Shri S. P. Mukherjee, M.W. 4, and Shri B. P. Bose, M.W. 3, who were examined before the Tribunal. It was also argued that even Shri Mukherjee, M. W. 4, and Shri Bose, M.W. 3, have no right to permit the workmen concerned to allow stripping of pillar coal from a face which was not the working face of the miners, and therefore, the workmen concerned, as Mining Sirdars, had no right in any case to allow stripping of coal from the place in question.

10. On the case of the parties, the main defence, which is the sheet anchor of the three workmen concerned, is that 24th dip Section was water-lodged and, as such, work there was stopped and, therefore, the miners of that working face were employed on being permitted by the Overman, Sri Mukherjee, M.W. 4, and by the Assistant Manager, Shri Bose, M.W. 3 to strip coal from the pillar between 23rd and 24th Junctions 50 H.P. X Cut Bottom Section, and, therefore, these workmen were not guilty of any misconduct, and, as such, they could not be dismissed from service, and, their dismissal was illegal.

11. The crucial question for determination, therefore, is whether this defence is true and it is proved by any evidence at all, although such permission, even if allowed, is itself illegal and against Coal Mines Regulations, 1957.

12. Before, however, I decide the above question posed by me, it is necessary to refer to the domestic enquiry which was held on 11th July, 1962 and on 16th July, 1962. It may be mentioned that on 11th July, 1962 Sri S. P. Mukherjee, M.W. 4, whose statement in Exhibit M 22 was examined in the absence of all the workmen concerned, who did not appear that day, and, therefore, Sri S. P. Mukherjee was

not cross-examined at all. On 16th July, 1962, to which date the enquiry was adjourned, Sri J. N. Karmakar, one of the workmen concerned, W.W. 1, did not turn up, but the other two workmen, Shri G. C. Roy, W.W. 2, and Shri J. N. Karmakar, W.W. 3, appeared at the enquiry and their statements are Exhibits M. 28 and M. 27 respectively. It appears, however, from the enquiry report, dated 17th July, 1962, Exhibit M. 29 that the enquiry officer, Sri N. Sen, M.W. 1, in finding the three workmen concerned guilty also relied on the statement of Shri S. P. Mukherjee, Overman, Exhibit M. 22, although he was examined in the absence of the workmen concerned on 11th July 1962 and he was never offered for cross-examination on 16th July, 1962, when at least two of the workmen Shri G. C. Roy W.W. 2 and Shri J. L. Missir W.W. 3, were present. In such as situation, in my opinion, the enquiry suffers from this serious infirmity as it is very difficult to say how far the finding of the Enquiry Officer contained in his Report Exhibit M. 29 has not been influenced by the statement of Shri S. P. Mukherjee, Exhibit M. 22. According to the management itself Shri S. P. Mukherjee, Overman, M.W. 4 was a very important witness and his denial that he did not give permission for robbing of the pillar coal has also been relied upon by the Enquiry Officer. In view of this infirmity, which, in my opinion, vitiates the enquiry report, I am unable to place any reliance on the said report. I, therefore, hold that the enquiry itself was not fair and proper and that the enquiry report is vitiated due to this illegality.

13. The management, however, has taken the precaution to examine all the material witnesses before the Tribunal also. The witnesses examined by the management, as mentioned earlier also, are Shri N. Sen, Enquiry Officer, M.W. 1; Shri H. S. Dutta, Manager, M.W. 2; Shri B. P. Bose, Assistant Manager, M.W. 3; and Shri S. P. Mukerjee, Overman, M.W. 4. The management has also put in all the relevant documents, such as Report Book of the Overman, Exhibit M. 18, Breakdown Report of the Assistant Manager, Exhibit M. 16(a) and Sardars' Reports Exhibit M. 19, besides all the documents relating to the enquiry. The three workmen have also examined themselves before this Tribunal as W.W. 1, W.W. 2 and W.W. 3 and filed documents which have been marked as Exhibits W. to W. 3. The Tribunal, therefore, is in a position to come to its own conclusion on the evidence of all the material witnesses connected with the occurrence and decide for itself whether the case of the management or of the defence is correct. In view of the fact, however, that the concerned workmen admitted having allowed stripping of coal by the miners from the pillar between 23rd and 24th Junctions 50 H.P. X. Cut Bottom Section, although the working face of these miners was 23½ West, the only question material for determination is whether the defence of the concerned workmen that they were permitted by the Overman Shri S. P. Mukherjee M.W. 4 and the Assistant Manager Sri Bose M.W. 3, to allow the miners working in the 24th dip Section to strip coal between the 23rd and 24th Junctions is correct, assuming that they (M.W. 3 and M.W. 4) had the power to permit such a stripping of coal by miners from a face which was not their working face.

14. In the above connection, the first defence of the workmen concerned is that as 23½ dip East which was the working face of the miners was drowned in water the miners working there became surplus and therefore the workmen concerned were permitted by M.W. 3 and M.W. 4 to allow these miners to strip coal from the place of occurrence on 25th June, 1962 and/or on 26th June, 1962 which was detected on 27th June, 1962, by the Assistant Manager, M.W. 3. The defence that 23½ Dip Section which was the working face of the miners, was drowned in water is not supported by any reliable evidence, except by the interested testimonies of the workmen concerned themselves, namely, W.W. 1, W.W. 2 and W.W. 3. But this fact is negatived by the Overman's Daily Report dated 25th June, 1962 of Shri S. P. Mukherjee, M.W. 4, Exhibit M. 18 which shows that 23½ dip Section was not water-logged and also by the evidence of the Manager, Shri H. S. Dutta, M.W. 2.

Moreover, discrepancy is found in the evidence of Shri G. C. Roy, W.W. 2, and of Shri J. N. Karmakar W.W. 1. Sri G. C. Roy, W.W. 2, who was in 'A' shift, said that in 23rd and 24th Junction de-pillaring operation was going on and after one week all available coal was extracted and there was subsidence then and he saw the waterlogged portions, probably meaning that 23½ dip was drowned in water, but Shri J. N. Karmakar W.W. 1 who was Mining Sirdar in 'B' shift, said that dip sections of 23½ East and 24½ East were waterlogged. It may be mentioned again that 23rd and 24th Junctions of 50 H.P. Bottom Section were not working faces of any miner and 23½ West was the working face of the miners.

Assistant Manager, Shri B. P. Bose, M.W. 3, besides denying that he permitted stripping of coal, further said that he did not inspect on 25th June 1962 nor did he meet W.W. 1 Shri J. N. Karmarkar on that date. Exhibit M-19, Sirdars Report dated 25th June 1962, also does not mention about 23½ West, which was the working face of the miners, as being water-logged. The story, therefore, that 23½ West, which was the working face of the miners, who were permitted by the workmen concerned to strip coal between 23rd and 24th Junctions 50 H.P.

X. Cut Bottom Section, was drowned in water is completely falsified by Exhibit M-18 and M.W. 2. This plea, therefore, is not established by the workmen concerned.

15. As regards the further defence that in order to avoid payment of lay-off compensation to the miners working in 23½ West dip section, as 23½ West dip section was water-logged and as a result of which 10 to 12 miners working there became surplus, and, therefore, they were to be lay-off, and, as such, they were permitted to strip coal, is falsified by Exhibit M-10 to M-10(a), which show that whenever miners have been laid-off they have been paid laid-off compensation by the management, and information has been given in Form O-1 to the Regional Labour Commissioner, Central, Dhanbad.

16. The plea of the workmen that the stripping of coal was only to the extent of 6" is not correct. The full length was 110 feet long × 1½ feet deep × 4½ feet broad and the full length of coal between 23rd and 24th Junctions of 50 H.P. X. Cut was stripped.

17. On the evidence adduced before this Tribunal, it is therefore, established that the three workmen concerned were not permitted by the Overman Shri S. P. Mukherjee, M.W. 4 and by the Assistant Manager, Shri Bose, M.W. 3 to allow the miners working in 23½ West dip to strip coal from 23rd and 24th Junctions of 50 H.P. X. Cut Bottom Section, and as such, when the three workmen concerned admittedly allowed the miners to rob coal from the pillar from the place in question they were guilty of misconduct as their act was illegal under Section 115(1) of the Coal Mines Regulations, 1957, and as such they had been rightly dismissed by the management. I find no reason to disbelieve M.Ws. 2 to 4 on the question of occurrence when they are supported by documents which I find to be reliable. The uncorroborated evidence of the three workmen concerned are not sufficient to brush aside the oral and documentary evidence on the side of the management. Simply because these workmen were members of this unrecognised union, is not a sufficient ground to prosecute these workmen only.

18. For the reasons given above, I would, therefore, answer the reference in favour of the management by holding that the dismissal of Sarvashree J. N. Karmarkar, W.W. 1, G. C. Roy, W.W. 2, and J. L. Missir, W.W. 3, Mining Sirdars, by the management of Jamadoba 6 and 7 Pits Colliery, owned by Messrs. Tata Iron and Steel Co. Ltd., was justified, and, as such, the three workmen concerned are not entitled to any relief.

19. This is the award which I make and submit to the Central Government under Section 15 of the Act.

STATE: West Bengal. INDUSTRY: Coal Mines.

AWARD

The Government of India, Ministry of Labour and Employment, by their order No. 6/3C/63-LRII, dated 22nd January 1964 have referred to industrial dispute existing between the employers in relation to North Brook Colliery and their workmen in respect of the questions whether the management is justified in not supplying Pick axes free of cost to the Pick miners employed in the colliery and if not, to what relief the Pick miners are entitled to, for adjudication to this Tribunal.

2. When the matter came up for hearing before me to-day, the parties entered into a compromise after some discussions and produced a memorandum of settlement, a copy of which is appended herewith. The dispute relates to the free supply of pick axes to pick miners. Under the terms of compromise, the management have agreed to this in principle. Some conditions are laid down, one of which is that the worker will have to deposit the price of the pick axe during the first 3 months of his service and as soon as he completes that service the price will be refunded to him. Three months' service is to be deemed to have been completed if a worker puts in 50 days' attendance. Another condition is that the pick axe would ordinarily be replaced after one year with a proviso that if the pick axe gets broken for no fault of the workman, it would be replaced even earlier. In my opinion, the compromise is fair and reasonable and I accept it.

In the result, I pass an award in terms of the compromise.

Equitable Coal Company Limited, Post Office Dishergarh, District Burdwan and their workmen which was received by the Central Government on the 28th March, 1964.

CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL, CALCUTTA

REFERENCE No. 6 OF 1964

PARTIES:

Employers in relation to the Bhanora Miners' Hostel, Bhanora Colliery of M/s. Equitable Coal Co. Ltd., and their workmen.

PRESENT:

Shri L. P. Dave—*Presiding Officer.*

APPEARANCES:

On behalf of Employers: Shri S. K. Bhattacharya, Labour Adviser.

On behalf of Workmen: Shri Keshab Banerjee, General Secretary, Colliery Mazdoor Union.

STATE: West Bengal. INDUSTRY: Coal Mines.

AWARD

The Government of India, Ministry of Labour and Employment, by their order No. 6/41/63-LRII, dated 24th January 1964 have referred the industrial dispute existing between the employers in relation to Bhanora Miners' Hostel, Bhanora Colliery of M/s. Equitable Coal Co. Ltd., and their workmen on the question whether the management was justified in dismissing Shri Rabbey Ali of Bhanora Colliery from service and if not, what relief he was entitled, for adjudication to this Tribunal.

2. When the matter came up for hearing before me to-day, the parties stated that they had entered into a compromise and produced a memorandum of settlement, copy of which is appended herewith. Under this compromise the management have agreed to allow the workman concerned to resume duties as loader at Bejdih colliery and that the period of his non-employment will be condoned for the purpose of continuity of service. It appears that the above workman was originally working in the Bhanora colliery but was transferred by the management in March 1963 to the Bejdih colliery which was under the same management. The workman failed to carry out the transfer and he was thereupon charge-sheeted and dismissed. Under the terms of the compromise, he is allowed to join duty at the place where he has been transferred with continuity in service. In my opinion, the compromise is fair and reasonable and I accept it.

I therefore pass an award in terms of the compromise.

For the Applicant company: Sri S. N. Singh, Legal Assistant.

STATE: Bihar. INDUSTRY: Coal.

Camp: Patna, dated the 22nd January, 1964

AWARD

These two cases were heard together, at the request of the parties, as the workman concerned in both the cases is one and the same, namely, Bindeshwar Mandal, Miner of 6 and 7 Pits Jamadoba Colliery.

2. Application No. 32 of 1963 was made in Reference No. 47 of 1962 on 12th February 1963 by the management applicant under the Proviso to Sub-section 2(b) of Section 33 of the Industrial Disputes Act (hereinafter referred to as the Act) for approval of their action in dismissing the workman concerned for misconduct under Standing Order No. 19(10) and 19(5) as he robbed pillar coal.

3. Complaint No. 20 of 1963 was made by the concerned workman under Section 33A of the Act on 26th June, 1963 in Reference No. 47 of 1962 complaining against his dismissal by the management.

4. These two cases were taken up for hearing at Patna, at the request of the parties to suit their convenience, on 21st January 1964. At the hearing the management was represented by Sarvashri S. N. Singh, N. Sen and L. Mahato, and, the concerned workman was represented by Sarvashri P. Chanda, President of the Tata Collieries Workers' Union and Sarkar, Member of the Executive Committee and Bhagwan Singh, Secretary of the Union. None of the two parties examined any witness, but they filed documents, which, with mutual consent, were marked Exhibits M to M.15 for the management and Exhibits W to W.2 for the workman concerned.

5. Sri Singh, on behalf of the management, raised a preliminary objection on the ground that the concerned workman was not a workman concerned within the meaning of Section 33 of the Act in Reference No. 47 of 1962 in which the application for approval has been filed by the management and the complaint had been made by the workman concerned and, therefore, both of them were not maintainable.

6. Sri Chanda, in reply, contended that if according to the management their application for approval is not maintainable they should withdraw it, and, as such the question whether the workman was concerned in Reference No. 47 of 1962 should not be decided. Sri Chanda further contended that the concerned workman was workman concerned within the meaning of Section 33 of the Act in Reference No. 47 of 1962. In view of this preliminary objection I think it is better to decide this question because if the objection raised on behalf of the management be decided in their favour then, it was conceded by both parties, that both the application for approval and the complaint will not be maintainable and they should be dismissed. If, however, this objection is over-ruled, then only the question of determination of the merits of the case will arise. I shall, therefore, address myself first to the determination of the preliminary objection.

Preliminary objection

7. Reference No. 47 of 1962 was between the employers in relation to 6 and 7 Pits Colliery of Jamadoba owned by Tata Iron and Steel Co. Ltd. and their workmen in respect of the following item of dispute:

"Whether the dismissal of Sarvashri Basdev Pasman, Bhairo Mondal and Upendra Mondal, Miners, by the management of Jamadoba 6 and 7 Pits Colliery owned by Messrs. Tata Iron and Steel Co. Ltd., P.O.

Jealgora (District Dhanbad) was justified If not, to what relief are they entitled?"

The above item of dispute was referred under Section 10(1)(d) of the Act by the Ministry of Labour and Employment, Government of India, by its Order No. 2/112/62-LR.II, dated the 27th November 1962 for adjudication to this Tribunal. The Tribunal gave its award in favour of the workmen concerned on 21st July 1963, which was subsequently published in the Gazette of India.

8. In the present two cases the workman concerned is also a miner of 6 and 7 Pits of Jamadoba Colliery owned by Tata Iron and Steel Co. Limited and the question for decision in these two cases is whether the dismissal of the workman concerned for robbing pillar coal and riotious behaviour punishable under para 19(19) and 19(5) of the Standing Orders of the Company was justified or not. In Reference No. 47 of 1962 also the three workmen concerned there, namely, Basdev Pasman, Bhairo Mondal, and Upendra Mondal were Miners of 6 and 7 Pits Colliery owned by Tata Iron and Steel Co. Ltd. and they had been dismissed for misconduct for robbing pillar coal punishable under Standing Order No. 19(19) and for violating Regulation 115(1) of the Coal Mines Regulations, 1957.

9. Sri Chanda contended that in as much as the three miners concerned in Reference No. 47 of 1962 and the Miner concerned in these two cases were all miners of 6 and 7 Pits Colliery belonging to the same owner and they had all been dismissed for misconduct for robbing coal, the concerned workman in the instant case must be deemed to be workman concerned in the dispute in Reference No. 47 of 1962.

10. Sri Singh, however, in reply contended that the present dispute was an individual dispute and not a representative dispute and in Reference No. 47 of 1962 no question of principle was involved which could apply to all the miners of 6 and 7 Pits Colliery so as to be binding on all the miners of that Colliery and as such the concerned workman here cannot at all be considered to be workman concerned within the meaning of Section 33 of the Act in the dispute pending in Reference No. 47 of 1962.

11. I have very carefully considered the submissions of both parties and, in my opinion, the objection raised by the representative of the management is well founded and must be given effect to. It is true that Reference No. 47 of 1962 was made with regard to an industrial dispute between the company on the one hand and the workmen on the other so as to give it the characteristic of a collective dispute but the fact remains that it was not such a dispute in which any principle, which may be applicable to all the workman in general irrespective of the category of class to which they belonged and of type of work they performed, including the complainant in the instant case, was involved. Reference 47 of 1962, therefore, cannot be considered to be an industrial dispute not only between the company and the three miners who were parties to it but also between the company and the present complainant, although a miner, who was not a party expressly or impliedly to the said reference. The present dispute with regard to the concerned workman is an individual dispute and not a representative one.

12. A similar question was raised before this Tribunal in Complaint No. 5 of 1961 arising out of Reference No. 56 of 1960 in which the workman concerned was Abid Khan, Watchman, Loyabad Workshop and I have given reasons in detail for holding that the complainant in that case was not a workman concerned within the meaning of Section 33 of the Act in Reference No. 56 of 1960. In that complaint I gave an award on 29th September, 1962 and the reasons which I have given there, in my opinion, apply to the present case also.

13. For these reasons, I accept the preliminary objection that the workman concerned is not a workman concerned within the meaning of Section 33 of the Act in Reference No. 47 of 1962 in which the application for approval or complaint has been made, and, as such, as admitted by both the parties, the application and the complaint are not maintainable and accordingly they are dismissed as not maintainable.

14. On my above finding that the preliminary objection made by the management is well founded, I do not think it is at all necessary to go into the merits of the application for approval filed by the management or the complaint filed by the complainant workman.

15. The result, therefore, is that the application No. 32 of 1963 and Complaint No. 20 of 1963 are both dismissed as not maintainable.

16. This is the award which I make and submit to the Central Government under Section 15 of the Act.

APPEARANCES:

STATE: Bihar. INDUSTRY: Cement.

Dated the 11th March, 1964

AWARD

BEFORE THE CENTRAL GOVERNMENT LABOUR COURT, DHANBAD

APPLICATION No. LC-19/1963

(A complaint under Section 33A of the Industrial Disputes Act.)

PARTIES:

Shri Ram Prasad, Watchman,
Khalari Cement Works,
P.O. Khalari, District Palamau, Bihar—*Applicant.*

Versus

The Associated Cement Co. Ltd.,
Khalari Cement Works,
P.O. Khalari, District Palamau, Bihar—*Opposite party.*

The applicant's case is that during the pendency of Reference No. 1 (NT) of 1961, *inter partes* the opposite party in contravention of the provisions of Section 33(2)(b) of the Industrial Disputes Act had wrongfully dismissed him from service. The opposite party filed an application under Section 33(2)(b) seeking Court's approval of the dismissal of the applicant and that at a belated stage. In the circumstances the applicant complained of his illegal dismissal and prayed for re-instatement in service with other incidental reliefs.

The opposite party put in a lengthy written statement denying applicant's allegations and contended that all formalities laid down in the Proviso to Section 33(2)(b) of the Industrial Disputes Act had been complied with and Court's approval was also sought in this behalf, so the dismissal was justified.

The case was fixed for hearing on 11th March, 1964 at Dhanbad. On this date the applicant filed an application for time on the ground of his inability to secure the services of a Lawyer. His plea was rejected as frivolous. Thereafter the applicant took no steps. So the application failed. Furthermore this application is not maintainable as the opposite party's application seeking Court's approval of his dismissal passed on 5th May 1961 had already been rejected by the National Tribunal by its orders dated 24th March 1962. As the dismissal order dated 5th May 1961 was given a go-bye and the opposite party again made a fresh application numbered as L.C. 22/63 the instant application directed against that order of dismissal dated 5th May 1961 since rejected, can no longer be maintained.

In the circumstances, his application is found to be not maintainable and is rejected.

APPLICATION No. LC-24/1963

(A complaint under Section 33A of the Industrial Disputes Act.)

PARTIES:

Shri Ram Prasad, Watchman, T. No. 8064,
Khalari Cement Works,
P.O. Khalari, District Palamau, Bihar—*Applicant.*

Versus

The Associated Cement Co. Ltd.,
Khalari Cement Works,
P.O. Khalari, District Palamau, Bihar—*Opposite party.*

The applicant's case is that during the pendency of Reference No. 1 (NT) of 1961, *inter partes* the opposite party in contravention of the provisions of Section 33(2)(b) of the Industrial Disputes Act had wrongfully dismissed him from service with effect from 15th April, 1962. The opposite party since the rejection by the National Tribunal, Bombay of its previous petition seeking Court's approval of the dismissal order dated 5th May 1961, again filed the instant application numbered as LC-22/63 seeking Court's approval of the dismissal orders passed on 15th April, 1962.

The applicant impeaches the aforesaid dismissal orders and seeks re-instatement in service.

The opposite party put in a written statement opposing the complaint on the ground that all provisions of Section 33(2)(b) of the Industrial Disputes Act have been complied with and that the dismissal is also justified on merits.

This application was fixed for hearing on 11th March, 1964 at Dhanbad. The opposite party was ready. The applicant filed an application for time on the plea that he could not secure the services of a Lawyer. His plea was rejected as frivolous and the applicant took no further steps. The application thus failed and is accordingly rejected.

These towns account for a population of 40,670 thousand out of a total population of 55,468 thousand in the country in 437 towns, each having a population of 30,000 and over.

In 235 towns having a population of 31,995 thousand in Group I, where registration is comparatively more complete; 17,994 births and 6,249 deaths were recorded giving a birth rate of 29·2 and a death rate of 10·2 per thousand of population. The rates registered in the various States are as follows :

तारीख 6 अप्रैल 1964 के साप्ताहिक विवरण में आंध्र प्रदेश, असम, बिहार, दिल्ली, गोआ, केरल, मध्य प्रदेश, मद्रास, महाराष्ट्र, मैसूर, उड़ीसा, पंजाब, राजस्थान, उत्तर प्रदेश और पश्चिम बंगाल प्रदेशों की नगर पालिकाओं के जन्म व मृत्यु के आंकड़े दिए हैं। भारत में 437 नगर ऐसे हैं जिनकी जनसंख्या तीस हजार या उससे अधिक है। इस विवरण में ऐसे 294 नगरों के आंकड़े दिए हैं जिनकी जनसंख्या 40,670 हजार है।

उन प्रदेशों के पंजीयन कार्य जो प्रथम वर्ग में दिए हैं दूसरे प्रदेशों की अपेक्षा अधिक पूर्ण हैं। उनमें 17,994 जन्म और 6,249 मृत्यु हुई। इनके आंकड़ों के अनुसार इन नगरों का जन्म दर 29·2, मृत्यु दर 10·2 प्रति हजार है। विभिन्न प्रदेशों के जन्म तथा मृत्यु दर इस प्रकार हैं :

The table given below shows the annual vital rates for each of the years 1957—61 for all municipal towns, each with population 30,000 and over based on the final yearly data. The corresponding annual rates for 1961 and various periods in 1962 compiled from the weekly figures, which were published from time to time in this Supplement, are also shown to draw attention to their possible use in tracing current trends.

Appropriate adjustments in the population base were made in cases, where the data for any town could not be included. The rates for States not shown are much too deficient for being presented. Even the data for States, which are shown are deficient to a varying degree. Efforts have to be made to improve the completeness.

The two sets of rates for 1961—one based on the annual returns and the other on weekly returns—are presented to give an idea of the extent of variation between the final and the weekly figures. The two agree closely in the case of Gujarat, Punjab and Orissa only, otherwise for other States the difference is quite appreciable. However, the rates for all the eight States combined agree fairly well showing that, perhaps with emphasis on the improvement of the completeness of State figures, they may help in a study of current trends.

तीस हजार या उससे अधिक जनसंख्या वाली नगर पालिकाओं के जन्म तथा मृत्यु दरें नीचे दी हैं। वे दरें वर्ष के अन्त तक प्राप्त किए आंकड़ों पर निर्धारित हैं। समय-समय पर जो साप्ताहिक आंकड़े इस परिशिष्ट में प्रकाशित हुए हैं उन पर निर्धारित 1961, 1962 की वार्षिक दरें भी दी हैं। संभवत: इन दरों से वर्तमान प्रवृतियों का अनुमान लगाने में उपयोग किया जा सकता है। अगर किसी नगर के आंकड़े प्राप्त नहीं थे तो उसकी जनसंख्या भी दर निकालने में छोड़ दी गई है। कुछ प्रदेशों की दरें इसलिए नहीं दी गई हैं कि वे बहुत ही अपूर्ण हैं। जिन प्रदेशों का विवरण भी दिया है उनकी दरें भी कहीं अधिक, कहीं कम अपूर्ण हैं। इनको पूर्ण करने के लिए प्रयत्न करना होगा।

अन्तिम व साप्ताहिक आंकड़ों में कितना भेद है इसका अनुमान उन पर निर्धारित वार्षिक दरों से किया जा सकता है। केवल गुजरात, पंजाब और उड़ीसा के दोनों दर बहुत कुछ मेल खाते हैं। परन्तु अन्य सभी प्रदेशों की दरों में बहुत कुछ अन्तर है। अन्यथा संयोजित आठ प्रदेशों की दरें बहुत कुछ मिलती-जुलती हैं। जिससे यह प्रतीत होता है कि यदि प्रदेशों के आंकड़ों को पूर्ण करने के लिए प्रयत्न किया जाए तो साप्ताहिक आंकड़े भी वर्तमान प्रवृत्तियों के अध्ययन करने में उपयोगी हो सकते हैं।

MINISTRY OF FINANCE

(Department of Revenue & Company Law)

NOTIFICATION

New Delhi, the 16th April 1964

G.S.R. 634.—Whereas under the Directive principles of State policy contained in article 39 of the Constitution of India, the State is required to direct its policy towards securing that the ownership and control of the material resources of the community are so distributed as best to subserve the common good and that the operation of the economic system does not result in the concentration of wealth and means of production to the common detriment;

And whereas the Central Government is of opinion that in order to ensure that the development of the economy in the crucial years ahead is in keeping with this principle, it is necessary to appoint a Commission of Inquiry for the purpose making an inquiry into certain matters connected with the concentration of economic power in private hands and the prevalence of monopolistic practices;

Now, therefore, in exercise of the powers conferred by section 3 of the Commissions of Inquiry Act, 1952 (60 of 1952), the Central Government hereby appoints a Commission of Inquiry consisting of the following persons, namely:—

Chairman

1 Shri K. C. Das Gupta, Judge, Supreme Court of India.

Members

2. Shri G. R. Rajagopaul.
3. Shri K. R. P. Aiyangar.
4. Shri R. C. Dutt.
5. Dr. I. G. Patel.

Shri V. Satyamurti shall function as Secretary to the Commission.

2. The terms of reference to the Commission shall be as follows:—

(a) to enquire into the extent and effect of concentration of economic power in private hands and the prevalence of monopolistic and restrictive

practices in important sectors of economic activity other than agriculture with special reference to—

(i) the factors responsible for such concentration and monopolistic and restrictive practices;

(ii) their social and economic consequences, and the extent to which they might work to the common detriment; and

(b) to suggest such legislative and other measures that might be considered necessary in the light of such enquiry, including, in particular, any new legislation to protect essential public interests and the procedure and agency for the enforcement of such legislation.

3. The Commission may also report on any other matter bearing on any aspect of national economy or functioning of the private sector and financial institutions that it may deem necessary to look into in connection with the foregoing terms of reference

4. The Commission shall hold its enquiry and submit its report to the Central Government by the 31st October, 1965.

AND

1. The Manager,
   National Grindlays Bank Ltd.,
   No. 3, North Beach Road, Madras-1.
2. The Manager,
   National Grindlays Bank Ltd.,
   Lloyds Branch, No. 378, N.S.C. Bose Road,
   Madras-1.

REFERENCE: Order No. 51(74)/63, LRIV dated 7th November, 1963, Government of India, Ministry of Labour and Employment, New Delhi.

ISSUES: 1. Whether the promotions in respect of Sarvashri V. Ramachandran, M. S. Varadarajan and L. P. Sampath as Probationery Assistants made by the management of the National and Grindlays Bank Limited, Madras are not unjustified in the light of the provisions contained in paragraph 529 of the Shastri Award? If so, to what relief are the persons senior in service to the said promotees entitled?

2. Whether the appointment of Sri K. P. Ananthanarayanan as a Checking Clerk at the Lloyds Branch of the National and Grindlays Bank Limited, Madras, is in violation of the rights, if any, of the persons senior to him in service and if so, whether it was justified. In case it was not justified, to what relief are the said seniors in service entitled?

This dispute coming on this day for final hearing upon perusing the claim and counter statements and the other material papers and records and upon hearing the arguments of Mr. P. J. Seetharaman, Advocate for the Union and Mr. V. Thiagarajan, Advocate instructed by M/s. King and Partridge for the management, the Tribunal passed the following.

AWARD

This reference made by the Government of India, Ministry of Labour and Employment, New Delhi, relates to a dispute raised by the General Secretary, National and Grindlays Bank Employees Union, Madras, touching promotion of three members of the clerical staff, Messrs. V. Ramachandran, M. S. Varadarajan and L. P. Sampath as Probationary Assistants and the appointment of Sri K. P.

Ananthanarayanan as a checking clerk. The schedule to the reference lists out two questions for the decision of the tribunal.

The National Bank was the parent institution with which Grindlays Bank and Lloyd Bank were amalgamated sometime ago. The employees who are now promoted were all employees of the National Bank originally. The case set up by the Union is that in the matter of making promotions concerned in question No. 1 of the schedule to the reference, the bank has disregarded the service records of many persons who were seniors to the three employees selected for promotion. The Bank has also disregarded the guiding principles laid down by Sastry Award in paragraph 529 and consequently the exercise of discretion by the management should be deemed to be arbitrary.

With reference to the appointment of Sri K. P. Ananthanarayanan as checking clerk the case of the Union is that it amounts to promotion although the post is borne in the same cadre as the clerical cadre to which he belongs by reason of the fact that the appointment is referred to in the letters produced by the union as emanating from the officers of the bank as promotion and particularly because the appointee has to undergo a period of probation in the post of checking clerk.

The management deny that there is any cause of action for complaint by the Union as there is no allegation that the promotions were made *mala fide*. They state that the promotions were made after giving due regard to the considerations which should govern a decision of this question. As regards Shri K. P. Ananthanarayanan they do not concede that his appointment as a checking clerk is a promotion.

The entries in the service registers of all persons senior to the three promotees and to Sri K. P. Ananthanarayanan have been exhibited in the case. The bundle of papers produced by the union containing letters written by the management to various members of the staff who complained against the promotions and appointment and other correspondence have been marked under as Ex. W-2 to W-45.

I will address myself presently to the second question as it could be disposed of on *prima facie* considerations. Sri K. P. Ananthanarayanan was appointed as a checking clerk in the Lloyds branch of the National and Grindlays Bank, Madras. The post of checking clerk is borne in the same cadre to which he belonged before appointment as such. Mr. Seetharaman, counsel for the union, stressed that the appointment was in the nature of promotion mainly on two grounds. First it carried an allowance in the nature of extra emoluments. Secondly the appointee was to be on probation for a certain period. In support of his argument Sri Seetharaman referred to various letters written by the officers of the bank like the Manager referring to this appointment as promotion. That does not however clinch the matter. It is quite possible that the manager and other officers of the bank were under a misapprehension as to the true nature of the appointment. It is well known that service in a banking institution is divided into various categories and each category by itself is a unit for promotion purposes. Clerical category is one such unit. The essential requisites of a unit are that a person who enters a unit has the automatic right to reach the top salary applicable to that unit in the absence of any efficiency bar and the unit as a whole has either a pay scale based upon annual increments or stages in the scale. When a person is promoted from a lower category to a higher category that is to say a post borne on a higher scale of pay, he is said to obtain a promotion. For example, a person in the clerical cadre, if promoted to the cadre of Junior Assistant which carries a higher pay scale and which involves greater responsibilities and more emoluments, certainly in law, it would be a promotion. The two points on which Sri Seetharaman relies for considering the appointment of Sri K. P. Ananthanarayanan as a promotion do not give valid support for his argument. Sri K. P. Ananthanarayanan does not come out of his cadre as clerk by being appointed as a checking clerk. The scale of pay is determined with reference to the scale of pay applicable to him as a clerk. A special allowance for a particular post in a cadre does not take that post out of that cadre. It is not even correct to say that checking clerk is a special post. It would be more appropriate to call it additional duties performed by that clerk in addition to other duties assigned to him. Whatever may be the nature of the duties it does not matter. So long as the clerk is not taken out of the clerical cadre and placed in another cadre which carries a different scale of pay and which should necessarily be a higher scale of pay, till then there can be no question of promotion of a clerk who is appointed as checking clerk.

Sri Seetharaman stresses the fact that a period of probation has been prescribed for the post of checking clerk and that according to him indicated that it is a promotion. The Rationale behind the provision of a period of probation is to

find out if the appointee is suitable for the post or appointment to which he is posted management reserving their right within the period of probation to terminate the appointment without assigning any reasons therefor. Beyond that the fact that a period of probation is prescribed for a post is not decisive on the question whether it is a post borne in a higher or different cadre. Promotion is essentially a transfer or transposition of an employee from a lower cadre to a higher cadre. None of the tests which would apply to a case of promotion would apply to the case of Sri K. P. Ananthanarayanan and I do not therefore feel called upon to examine the service registers or service records of people who are seniors to Sri K. P. Ananthanarayanan in service to find out whether the management have fairly and properly assessed the capabilities of the seniors in selecting Sri K. P. Ananthanarayanan to the appointment as checking clerk. However a good reason is apparently found in the service record for selecting Sri K. P. Ananthanarayanan. I have perused his service record and I am satisfied that the management had sufficient reason to feel that he would prove a good checking clerk having regard to his record of service. The fact that he has also passed the banking examination is an additional qualification which might be taken note of by the management in deciding the suitability of competing candidates for a particular appointment. This is however entirely beside the point, as I have held that it is not a promotion and it has not been established that in selecting Sri K. P. Ananthanarayanan for the post of checking clerk the management acted *mala fide* or capriciously or exercised their discretion in any arbitrary or unfair manner. This is my finding on question No. 2.

In regard to promotions of Messrs. V. Ramachandran, M. S. Varadarajan and L. P. Sampath, counsel for the Union stressed that promotions should be made mostly by a comparison of the service records of all candidates and in any case where a senior employee is not promoted but his junior is promoted the management should be able to establish good reasons for overlooking the claims of the senior. In support of his argument Sri Seetharaman invited my attention to paragraph 529 of the Sastry Award. He particularly laid stress upon the following sentence occurring in that paragraph:

> "We further direct that in the case of employees who are not found fit for promotion the decision should be borne out by service records of the employees and that when a person senior in service is superseded it should be for good and cogent reasons."

The answer to this argument of Sri Seetharaman is found in the rest of the paragraph 529. It is unnecessary for me to set out the entire paragraph. The gist of it is that promotion is a matter of exercise of discretion by the management, that no hard and fast rules can be laid down for guidance of management in this matter, that it would be impossible for management to consult the union of employees before deciding upon the question of promotion and that important factors to be taken into account, *viz.*, service record, educational qualifications, technical and professional qualifications, character and efficiency would be the guiding considerations. If all these things are equal certainly it would be the duty of the management not to overlook a senior in service on capricious grounds. Conceding that the principles laid down in paragraph 529 have to be applied by this tribunal I am unable to see how the union has made out a case for quashing the order of promotion of the three individuals concerned in the present dispute.

The Supreme Court had to deal with this matter in Brooke Bond (India) *v.* Their workmen reported in 1963 I L.L.J. 256. The same principles have been stressed by the Supreme Court in this decision and the following excerpt from the head not will be sufficient for my purpose:

> "In the instant case under the award of the national tribunal the formula required that if at a given time, if more than one person are eligible for promotion, seniority should be taken into account and should prevail unless the eligible persons are not equal in merits. It is true that though promotions would normally be a part of the management's function, if it appears that in promoting one employee in preference to another, the management has been actuated by malicious considerations or that the failure to promote one eligible person amounts to an unfair labour practice, that would be a different matter. But in the absence of *mala fides*, normally it must be left to the discretion of the management to see which of the employees should be promoted at a given time subject to the formula stated *supra*".

The main ground urged by the management in support of their action in the case of these three promotions is that they have taken into account the service records of all the employees and also the possession of technical qualifications indicated by the passing of the examination of C.A.I.I.B. (I am informed that it is a professional

qualification conferred as a result of passing an examination held by the Institute of Bankers in India). Sri Seetharaman stressed that one should not swear by these examinations as often persons who qualify by these examinations are found in practice not equal to employees who do not possess these qualifications. In support of this argument he invited my attention to paragraph 5·238 of the award of Justice Desai wherein he has referred to the stand taken by the Bombay Exchange Banks Association with reference to these diplomas. The Bombay Exchange Banks Association contended before Mr. Justice Desai that unless the employee would apply in practice the knowledge gained by the passing of an examination, mere possession of a diploma granted by the Institute of Bankers should not put an employee at an advantage over another who does not possess that diploma. That observation itself makes it clear that mere possession of a diploma is not sufficient, unless the theoretical knowledge possessed by the candidate who has obtained the diploma is utilised by him in practice to improve his work. It is not therefore correct to say that the diploma should be ignored on the question of promotion. Certainly it can be taken note of as a desirable qualification for promotion along with other factors. But a caution that the management should always bear in mind is that unless this theoretical knowledge gained by the diploma-holder is made use of in work or put into practice by the employee concerned showing improvement in his usefulness to the institution that should not be any decisive criterion for judging the suitability of a candidate for promotion.

An examination of the service records of all the candidates who are senior in service to the three candidates who have been promoted shows that except 4 or 5 of them the rest do not have equally satisfactory service records like the promotees. Even the four or five who have equally satisfactory service records cannot be said to be superior to the three candidates who have been selected. Two of them have passed the C.A.I.I.B. examination, and the other Sri M. S. Varadarajan, though he has not passed that examination, is considered by the management to be an outstanding employee entitled to promotion by reason of his intrinsic qualities like ability to lead, capacity to supervise and knowledge of foreign exchange control rules.

Sri Seetharaman invited me to peruse the service records of all the candidates and hold on the strength of the entries in those records that the promotion of these three candidates could not be justified or deemed fair or made on understandable grounds. It is not possible to accept this argument as it purports to ignore other considerations which must be kept in view by the management in selecting candidates for promotion although the large number of seniors overlooked lends a plausible colour to this argument. Obviously desirable qualities for promotion in a bank are personality, ability to deal with men tactfully, moral character, resourcefulness and a sound knowledge of Banking practice. Viewed against the background of these considerations the argument that the management had contravened the principles laid down in paragraph 529 of the Sastry Award has no force. The fact that the management has nowhere (so far as it appears from the record now before me) stated that the passing of the examination (C.A.I.I.B.) is a necessary qualification for getting promotion would not debar them from taking that also into account for deciding promotion although in fairness the management should have made this known to the employees early enough; and I should add there is no material to establish that the management acted unfairly.

Sri Seetharaman invited my attention to three awards—two awards of the Central Government Industrial Tribunal, Calcutta and one award of the Central Government Industrial Tribunal, Delhi—in relation to disputes concerning the employees and the managements of the Chartered Bank, Calcutta, Eastern Bank, Calcutta and the Central Bank of India, New Delhi. I have perused all the awards and I do not think that any of these awards give me any useful guidance in this case as they are all decisions on their own facts.

My finding on the first question therefore is that the promotions of the three employees viz., Messrs. V. Ramachandran, M. S. Varadarajan and L. P. Sampath are justified in the light of the provisions contained in paragraph 529 of the Sastry Award.

The further question as to the relief grantable to persons senior in service to the promotees does not arise on this finding.

There will be an award accordingly. There will be no order as to costs.

1. The Central Government, by the Ministry of Labour and Employment's Order No. 28/86/63, made in exercise of the powers conferred by clause (d) of Sub-section 1 of Section 10 of the Industrial Disputes Act, 1947, (14 of 1947), was pleased to refer the industrial dispute between the parties above named, in respect of the subject matters specified in the following schedule to the said order, to me for adjudication.

SCHEDULE

"Whether the demand for Output Clerks employed by Messrs. Jairam and Sons for equal wages as Mate Receipts Clerks is justified? If so, to what relief are they entitled?".

2. After the reference was made, the Steamer Tally Clerks' Union (hereinafter referred to as the Union) on behalf of the workmen filed its written statement of claim dated 25th January, 1964, and Messrs Jairam & Sons (hereinafter referred to as the company) filed its written statement on 22nd January, 1964. The dispute was thereafter taken up for hearing on 5th March, 1964, concluded on 7th March, 1964. At the hearing both parties led oral evidence and filed documents in support of their respective contentions.

3. The Company in its written statement of 22nd January, 1964, has stated that the demand of Output Clerks for equal wages as Mate Receipt Clerks was unjustified and in brief its main contention has been that the duty of Output Clerks mainly consists of filling in the Output Certificates from the Import/Export Tally Sheets prepared by Tally Clerks; that the same work till about November, 1962, was being done by the Agent's Superisors and submitted to the Stevedores Supervisors Foremen at the end of each shift or at the latest within 24 hours after completion of the shift; that the shipping Sub-committee of the Indian Chamber of Commerce had recommended to the Steamer Agents the engagement of an additional Tally Clerk in order to assist the Agent's Supervisors for expeditious filling in of the output certificates; that this recommendation was given effect to by only a few Agents. The employer company has pleaded that the work involved in the preparation of the output certificates could easily be done by some of the office staff of the Steamer Agents and that this company gave effect to the said recommendations of the Shipping Sub-committee from about 1962, and commenced employing one additional Tally Clerk for the purpose of filling in the "Ships Agents Certificate of output (Short/Overside)" form, (hereinafter referred to as "output certificate") which has to be filled in from the particulars given in the "Export/Import" Tally Sheets. In support of its contentions that the work of the output clerk is more or less of a mechanical nature, not requiring any initiative or much intelligence, the company has filed specimen of Output Certificates and export tally sheets forms for the 7th and 8th January, 1964, in respect of the Steamer S. S. "Jalakrishna". The Company in its written statement, has described the work of Output Clerks in the following words:—

"The Output Clerk has only to fill in the particulars given in the last column of the "Export Tally Sheets" namely, "idle period over 15 minutes with reasons" in 3 columns of the form of "Output Certificates" and total up the "Weight in Kilos" column of the Export Tally Sheets and put in the "Output Dead Weight Tons" Column of the output certificate by converting kilos into metric tons. A few other particulars in the "Export Tally Sheets" like the date, the name of the steamer, Gang number, berth number, crane number etc., will have to be mechanically carried to the output certificate form. This work of the output Clerks can be done in about 15 minutes to 30 minutes, as against working time taken by the Tally Clerks of 2½ hours 2 hours 20 minutes, 3 hours 25 minutes, 5 hours 10 minutes etc. as recorded in the "Export Tally Sheets" produced."

4. The Company has stated that for this kind of work the Output Clerks, are paid the same wages as Tally Clerks; that the work of the Mate Receipt Clerks is more onerous and responsible than that of even Tally Clerks. The Company has, therefore, submitted that the demand of the Output Clerks to get the same wages as the Mate Receipt Clerks is most unjust and unreasonable and should be rejected, as the Output Clerks on the facts stated by it are not eligible to be paid even the same wages as the Tally Clerks which they are now getting.

5. The Union in its written statement of claim has stated that the company is doing the business of Steamer Agents at Cochin, and is employing Tally Clerks,

Mate Receipts Clerks etc., for the purpose of its said business; that there are several other companies in this area who are doing the same business and employing such workmen and they are making payments to the different categories of workmen employed by them according to the terms of settlement reached in conciliation proceedings to which this company was a party; that the company had, however, refused to fall in line with the other major employers in the matter of payment to their Output Clerks. The Union has contended, as submitted in its written statement, that the duties of an Output Clerk are the same as those of a Mate Receipt Clerk. It has contended that the duties of an Output Clerk are more onerous and require better efforts, skill and care than is expected of a Tally Clerk, and that realising this the major employers in the trade pay their Output Clerks the same Wages as they are paying to the Mate Receipt Clerks, which rates or wages are higher than those paid to the Tally Clerk; that upon this company having refused to pay its Output Clerks the same wages as it is paying to its Mate Receipt Clerks the Union raised an Industrial Dispute which has resulted in this reference. The Union has, in its written statement, stated that the Output Clerks are entitled to equal pay as Mate Receipt Clerks on two main grounds *viz*:—(a) the Output Clerks are doing work at least of the same nature, if not more onerous than the Mate Receipt Clerks and (b) the majority of the employers within the part of Cochin who are engaged in similar business and are employing similar categories of workmen are paying the Output Clerks employed by them wages at the same rates as paid to the mate receipt clerks. The Union has, therefore, submitted that the refusal of this company to pay its output clerks the same wages as its mate receipt clerks was unjustified and it has prayed that the output clerks be awarded the same wages as mate receipt clerks with effect from 1st January, 1963.

6. At the hearing the Union examined two witnesses namely (1) K. K. Cheeku Antony, Tally Clerk employed in the company (w.w.1) and (2) Shri V. L. Augustine, Tally Clerk employed in M/s. Pierce Leslee and Co., Cochin (w.w.2) and the company also examined two witnesses *viz*., (1) its clerk, Shri T. D. Augistine (E.W.1) and (2) its Supervisor, Shri Viswanathan Raman (E.W.2). In addition both parties filed several documents through their witnesses and I have had the benefit of detailed and lengthy addresses from the learned advocates of the parties.

7. This company are the Agents at Cochin of Messrs Scindia Steam Navigation Company Ltd. There are 16 Tally Clerks in the employ of the company and of these the Union states only 5, who are capable of doing paper work, are only employed to do the work of output clerks. It is admitted that Tally Clerks are paid at the daily rate of Rs. 5·75 for day duty and Rs. 6·37 for night duty. It is further admitted that Mate Receipt Clerks are paid Rs. 7·50 for day duty and Rs. 8·25 for night duty.

8. The Dock Labour Scheme was introduced in Cochin on 5th November, 1962, prior to which it is admitted that the pool of the Tally Clerks included Tally Clerks, Mate Receipt Clerks, Plank Clerks and Manifest Clerks. Except for the Tally Clerks these other categories of clerks were recruited as and when occasion arose from the Tally Clerks themselves, but the recruitment was evidently confined to Tally Clerks experienced in paper work. It also appears that prior to the introduction of the Dock Labour Scheme and the constitution of the Dock Labour Board in Cochin the Stevedore labour was paid on an almost time-rated basis and a very small percentage of the cargo was handled on piece rates. Prior to 5th November, 1962, there was no system of payment of any incentive allowance to the Tally Clerks and, therefore there was no necessity for the preparation and issue of output certificates prior to that date. Upon the introduction of the Dock Labour Scheme the Dock Labour Board became the employers of the Stevedore labour and it became its responsibility to make payment to them, and for computation of the earnings of the Stevedore labour, correct and detailed data of the work done was required to be maintained. The details required to be maintained related to not only the work done, but also its nature and the nature of the cargo handled along with the details of the number of hooks used in the hatch and the number of idle hours. It was, therefore, decided that Output Clerks should be appointed for preparing the output certificates.

9. Now, the Union's case is that the claim under reference is justified on two main grounds, firstly that the work of an output clerk is more responsible and onerous than that of a Tally Clerk and can well be compared with that of a Mate Receipt Clerk, secondly the Union has contended that the other major steam ship companies are paying their output clerks the same wages as are paid to the Mate Receipt Clerks and it has relied upon the list of 11 firms mentioned by name by the Conciliation Officer, Shri B. K. Jayarama Rao, in his letter dated 15th June,

1963, addressed to Shri G. J. Asher of this company, copy of which he (the Conciliation Officer) had endorsed to the General Secretary of the Union and which is on file as Ex. W. 4, in which he had stated that these 11 firms are paying their output clerks the wages of mate receipt clerks.

10. Now, the company's case on the other hand is that the work of an Output Clerk is very simple and the only work that the output clerk is required to do is of copying down in the output certificate the entries in the last two columns of the import tally sheets or export tally sheet. In fact, the company has gone to the extent of stating that the work of an output certificate clerk is simpler and less responsible than even that of a Tally Clerk; that the Output Clerk has to work for lesser hours than the Tally Clerk in doing this simple work and its cross-examination of the union's witnesses and the documents which it has tendered through its witnesses has mainly been in support of this contention.

11. It is the union's case that the wages of Tally Clerks and other allied clerks were fixed under a conciliation agreement arrived at prior to the introduction of the Dock Labour Scheme on 5th November, 1962, under which the day rate of Rs. Rs. 7·50 and night rate of Rs. 8·25 was fixed for the Mate Receipt, Plank and Manifest Clerks. Whilst the Tally Clerks were on the lower scale of pay of Rs. 5·75 and Rs. 6·37 for day and night duty respectively, they were, however, entitled to incentive payment depending upon the number of slings handled. It is relevant to note that the incentive payment is confined only to the Tally Clerks. It is also necessary to state that the Union is not claiming payment of any incentive payment to the Output Clerks.

12. It is I think relevent also in order to understand the duties of the Output Clerks to state that under the pattern of work in the docks, the duties of the Tally Clerk is merely to note down the number of slings and the nature of the cargo carried in them. Whilst the other clerks namely the Mate Receipt, the Manifest and the Plank Clerks are required to make certain calculations, compute data and check and counter check entries, it is admitted that the Mate Receipt, Manifest and Plank Clerks are paid a common scale of pay which is higher (as stated above) than that of the Tally Clerk. It appears that on the very first occasion when this company asked a Tally Clerk to do the work of an output clerk and paid him the wages of a Tally Clerk, a protest was launched by the union and an industrial dispute was raised and the matter was referred by the union to the Conciliation Officer. The management refused to attend any conciliation meetings and this fact has been pointedly referred to by the Conciliation Officer in his failure report dated 17th October, 1963. The Conciliation Officer also wrote to Shri Asher, the managing partner of this company on 15th June, 1963, drawing his attention to the fact that the 11 companies mentioned by him by name were paying their output clerks the same wages as for receipt clerks and he requested Shri Asher to let him have his final reply by 24th June, 1963. It appears that in its correspondence with the Conciliation Officer, the company took the stand that the other employers were not paying the higher rate of mate receipt clerks to output clerks and it was in reply to this contention that the Conciliation Officer had mentioned specifically the names of the 11 firms who were paying their Output Clerks the same wages as to the Mate Receipt Clerks. There was no reply to the Conciliation Officer's letter dated 15th June, 1963, (Ex. W. 4) by the company with the result that this reference was made by the Government on 6th December, 1963. It is necessary to refer to the fact that the union had on 21st November, 1962, written to the company asking it to pay output clerks the wages of Mate Receipt Clerks and recording the company's refusal to do so. (Ex. W. 2) and the company had replied to it on 8th December 1962, that according to the decision taken by the Shipping Sub-committee of the Cochin Chamber of Commerce, they were engaging additional Tally Clerks in order to assist the Supervisors and Receipt Clerks and they are, therefore, not excepted to pay clerk's wages to the additional Tally Clerk.

13. Now, the onus of proving that the Tally Clerks are entitled to the wages of Mate Receipt Clerks, was clearly upon the union and in discharging that onus, the union has led the oral evidence of two witnesses and filed certain documents. The first witness of the union, Shri Kadambu Katak Checku Antony (w.w. 1), has been in the service of the company at Cochin for the last five years as permanent Tally Clerk. He stated that himself and some other Tally Clerks who were proficient in paper work were asked to do the output clerks' work. They were in all 5 out 16 Tally Clerks who were asked to do this work. He produced specimens of six forms which the Tally Clerk had to handle when doing the work of an Output Clerk, (Ex. W.1.). According to him the Output Clerk when preparing the output certificate has to handle the shipping bill, the boat note etc. He stated that in the case of short equipment he would, as an output clerk have to calculate the weight of each unit of the packing by dividing the gross rate as entered in

column 4 of Ex W. 1(a), the shipping bill, by the number of packages as entered in column 1 thereof. He would then have to multiply the unit weight by the number of packages actually shipped as per the boat note. If a part of the cargo as per one boat note is shipped by the workmen in one shift and if he is sent as an output clerk in the succeeding shift, he would have to calculate the unit weight from the entries in the shipping bill and arrive at the gross rate of the packages already handled by the previous shift and those that would remain to be handled by his shift. He referred to the Ex. W. 1(b), the import cargo manifest form, and explained that column 4 thereof shows the total number of packages and column 5 shows the gross weight in pounds. He further explained that the number of packages entered in the Ex. w. 1(b) would be handled by workmen of different shifts. Giving an illustration he stated that in Ex. W. 1(b) the number of packages shown is 188 and the gross weight shown is 5,47,371 pounds. In one shift 80 packages were unloaded and the next shift 105 packages were unloaded and in the next shi 3 packages were unloaded. In such a case the Tally Clerk would enter only the number of packages in form like Ex. w. 1(e), and would leave the column in that form blank. The output clerk would, therefore, have to calculate the weight of each package from the entries in columns 4 and 5 of the form Ex. W. 1(b), multiply the same with the number of packages unloaded in each shift and enter the gross weight of the packages unloaded in each shift in column 6 of Ex. w.1(e). He has stated that in form W. 1(b) the Output Clerk has to make entries regarding the duration of the working of double hook and multiple hook for the purpose of calculating the incentive wages for the Stevedore labour. He has further stated that in the remark column shown at the foot of the output certificate form [Ex. w. 1(d)] the Output Clerk would have to show the time during which hazardous cargo and heavy lift were handled by the stevodore labour. He has stated that the Output Clerk would have to calculate this time from the entries shown by the Tally Clerks in the Import Tally [Ex. w. 1 (e)]. According to him the Output Clerks has also to convert the weight of the cargo shown in lbs. in forms like Ex. w. 1 (e) (Import Tally) into Kilograms and metric tonnes and the same have to be entered in the appropriate columns in forms like Ex. w. 1(d) (output certificate). He stated that the forms like Ex. W. 1(e) import tally forms and Ex. W. 1(f) export tally forms, were filled in by the Tally Clerks and the Output Clerk takes the entries in these forms for the calculations which the Output Clerk has to make as described above. He explained that the Tally Clerk's work is only of making entries in the forms like the import and export tally sheets, Ex. W(1)(e) and Ex. W. (1) (f). He stated that many of the companies doing the same business of steamer agents at Cochin pay their Output Clerks wages of mate receipt clerks which are Rs. 7·50 per day and Rs. 8·25 per night shift and that some of them pay double these wages calculated on hourly basis, for work done between 3 A.M. and 6 A.M and between 5 P.M. and 6 P.M. He has stated that the nature of the work of the Output Clerk was responsible because the output clerks are employed for the purposes of preparing correct data to enable the Dock Labour Board to calculate the wages of Stevedore labour on tonnage basis, which would vary according to the nature of the cargo, and as also for the incentive, depending upon the number of hooks working at a time in each hold of the ship.

14. He explained that of the 16 Tally Clerks in the employ of this company, only 5 who were able to do paper work were authorised to do the work of preparing the output certificates. By paper work he meant those who were capable of making entries in mate receipt forms, manifest forms, cargo storage and the output forms. He explained that if there are more than 3 steamers to be handled the output clerks are employed from outside, and even additional men are taken from those who are experienced in paper work and who are available for employment from the pool.

15. This witness was searchingly cross examined at length by the learned Advocate for the company. He admitted that when working as Tally Clerk he has to write down the particulars of the boat note in the tally sheet and that entries in import tally sheets (Ex.E.1) are made by the Tally Clerks. He was shown several other import or export tally sheets and he admitted that these had been filled in by him [Ex. E. 1 (a) to E. (2)]. He stated that he had to in look into the shipping bill in order to prepare the output certificate, but admitted that sometimes it was possible to prepare the output forms without looking into the Shipping Bills. He explained that if there are 4 items in a boat note, then the total weight of all the items will be shown in the boat-note but if the 4 items relate to different hatches, then he would have to calculate the weight of each item from the total weight in the shipping bill. He admitted that it was not necessary to look into the shipping bill for preparing the import tally sheet or the output certificate [Ex.E.(2)]. He was shown several output certificates which are on file and he admitted that they had been prepared from the corresponding tally sheets and that it would not be necessary to

look into the shipping bill to prepare these certificates (Ex.E.3, Ex.E.4, Ex.E.5, Ex.E.6, Ex.E.7, Ex.E.8 and Ex.E.9). The witness further stated that while it was not necessary to look into the shipping bill for preparing some export tally sheets, it was necessary to look into the shipping bill to prepare some other export tally sheets. Whilst he admitted that it has not been possible to look into the Shipping Bill for preparing any of the output certificates which had been tendered as exhibits, it was nevertheless not true that all output certificates could be prepared from the tally sheets only. He explained in the case of the entire coastal cargo it is necessary to look into the shipping bill to prepare the output certificate, and stated that if pepper is mixed with any other item of cargo then the weight of each item will have to be calculated from the gross weight shown in the shipping bill because pepper is always stored in a separate hatch. He however, admitted that for foreign export cargo shipping bill need not be looked into for preparing the certificate of output. He further explained that as the coastal cargo is always a mixed cargo the shipping bills have necessarily to be looked into. He was thereopen shown the export tally dated 31st May, 1963, for the day shift and the corresponding output certificate in respect of the S. S. Jolatarang, a coastal steamer, carrying coastal cargo and he stated that the shipping bill was not looked into for preparing the relevant output certificate because all the items of cargo had gone into one hatch. (Ex. E.-10) and E.-10(a). He denied that the Output Clerk was only authorised to prepare the output certificate from the tally sheet and further denied that the output clerk has only to copy the entries in the last 2 columns of the tally sheets, which relate to the idle period over 75 minutes of the gang and the particulars of the weight. He denied that the output certificate contains only the particulars of weight and idle time and he stated that it contains other particulars also. When it was put to him that two other Tally Clerks were also doing the work of Output clerks he stated that they did so when helped by the supervisor or only when they were called upon to do this work in an emergency or when assisted by one of the 5 tally clerks who could do paper work. He denied that the duties of receipt clerks and tally clerks were higher than those of the output clerks and maintained that the output clerks' and the mate receipt clerks' responsibilities were higher than those of the Tally Clerks. He stated that some output certificates can be prepared in even less than 15 minutes and some would take more than half an hour to prepare. In re-examination he clarified that on occasions in one shift an output clerk has to prepare as many as 11 output certificates.

16. The second witness on behalf of the workmen, V. L. Augustine (w.w.2) is a Tally Clerk in the service of Pierce Leslie & Co., one of the leading steam ship companies in Cochin. He deposed that after the Dock Labour Board Scheme was implemented in the Cochin Port the practice of employing Output Clerks was started. This witness had also worked as Output Clerk with M/s. Aspinwal & Co., M/s. Harrison & Crossfields, M/s. C. J. Ravel & Co. He further stated that he had for a few months also worked as output clerk with Jayaram & Sons. He stated that when doing that work he was paid at the rate of Rs. 7·50 for day duty work and Rs. 8·25 for night duty work by all the companies mentioned by him except Jayaram & Sons who paid him at the rate of 5·75 and 6·37 for day and night shifts respectively. He stated that he accepted this payment from this company, under protest and referred the matter to the union. He stated that in Pierce Leslie & Co. and the other companies only experienced Tally Clerks were asked to do output clerks' work. According to him the duty of Output Clerks' is more responsible than that of Tally Clerks. He explained the duties of an Output Clerk in the following manner:—

> "The particulars of the weight of the cargo to be loaded are stated in the shipping bill. For import cargo the particulars of the weight are shown in the import manifest. Stevedore Labour is paid on the basis of the weight shown in the output certificate. If the complete cargo has been handled in a shift the Tally Clerk will enter the total weight in the tally sheet. If not, the output clerk will have to calculate the total weight, taking the weight from the shipping bill or the manifest bill as the case may be. Sometimes the stevedore labour challenges the correctness of the weight shown in the shipping bill or the manifest bill as the case may be. In such an event an Output Clerk and the Duty Officer would hold a sample check".

He further stated that he knew of no other company, except this company, where output clerks are not paid the same wages as the Mate Receipt Clerks.

17. This witness also was searchingly cross-examined by the learned Advocate for the company. In his cross-examination he stated that he had worked not only as a tally clerk and output clerk, but also as Mate Receipt clerk, and Plank Clerk. He admitted that all the other firms he had named were European Companies. He stated that he did not know whether the Chamber of Commerce in Willington Island

had recommended that Tally Clerks should be employed as Output Clerks. The witness stated that he knew of no instance where clerks other than Tally Clerks had been appointed as Output Clerks. He admitted in cross-examination that the rates of wages for Tally Clerks, Receipt Clerks and Supervisors are fixed under an agreement and that there was no such agreement relating to the wages of Output Clerks. He denied that all the entries in the output certificate are taken only from the tally sheets though he admitted that the entries in Ex.E.10(a) had been made from Ex.E.10. He explained that if there are two gangs working simultaneously in a section Tally Clerks will not mention that fact in the tally sheets, and, therefore, the Output Clerk would have to go on the spot and find out the particulars when the two gangs are working simultaneously and after accertaining this, the output clerks will enter it in the output certificate under the column, "double hook payable hours". He stated that he had made such entries in the output certificate when working for the other firms he had mentioned. He denied that the Output Clerks were not authorised to make any other entries in the output certificate except those made in the last 2 columns of the tally sheet. He admitted that except Jayaram & Sons, supervisors were casual workers in all the other companies with which he had worked and he admitted that all Tally Clerks, Receipt Clerks and Output Clerks were under the Supervisor of the respective firms and that supervisors in other firms were casual workers because they do not have work every day and that in Jayaram & Sons, the Supervisors were permanent because they have got work every day.

18. As I have stated earlier the company examined two witnesses. The first witness T. D. Augustine (E.W.1) was put in mainly to produce circular dated 30th October, 1962 which this company had received from the Cochin Chamber of Commerce (Ex. E.-11), para. No. 5 of which relates to, Compilation of Output Certificates—Tally Clerks", and which reads as follows:—

> "Since ships' supervisors are not likely to have the necessary time for preparing this certificate themselves *in toto*, this sub-committee recommends to Steamer Agents that in order to assist agents' supervisors and receipt clerks (because the latter may also be required to assist in the preparation of output certificate), one additional Tally Clerk be engaged per vessel per shift for this purpose."

This witness also identified a bunch of 24 mate receipts dated 24th January, 1964 (Ex.E.12) and he stated that he had received them from the Steamers. According to him these are prepared by receipt clerks.

19. In cross-examination by Shri T. C. N. Menon for the union, witness could not state when the wages of Tally Clerks and Mate Receipt Clerks were fixed. He admitted that at no stage was Ex.E.11 shown to the workmen or their union and he had to admit that he was not sure whether all the Steamer owners had accepted this recommendation of the Cochin Chamber of Commerce. With regard to Ex.E.12 the receipt forms—he stated that they were filled in by the help of the shipping bill and the tally sheet and boat notes of the shippers. He stated that the calculation of the entry in column 5 of Ex.W.1(b) were made by the company's clerk in the office. He further stated that steamer companies started employing output clerks from 5 11-1962. With regard to Ex.E.11 he stated that beyond having received the circular he did not know how the decision was arrived at. He stated that Shri G. J. Asher, the Chairman of the Shipping Sub-committee, whose name appears at the bottom of Ex.E.11 was one of the partners of this company. He admitted that this dispute had been raised with Jayaram and Sons by the Tally Clerk's Union and that he had handled some papers in connection with the dispute. He admitted to having received the notice from the Conciliation Officer (Central) in respect of the dispute and he identified the signature of Shri Jayarama Rao, the Conciliation Officer on Ex.W 4 and he further admitted that Ex.W.4 was copy of the letter which the Conciliation Officer had addressed to Shri Asher, as a partner of the Jayaram & Sons. He did not know whether the representatives of this firm had not attended the conciliation meetings called by the Conciliation Officer, and he stated that at no time after this dispute was raised had his firm enquired of the other agents of steam companies of the rates of wages they were paying to their output clerks. In re-examination he explained that because this company was following the recommendations of the shipping committee of the Cochin Chamber of Commerce it did not enquire about the rates of wages of an output clerk paid by the other Steamer agents in Cochin. To a question from me he stated that the Cochin Chamber of Commerce had not fixed any rates of wages for output clerks other then the rates of wages for Tally Clerks.

20. The next witness on behalf of the company was Shri Viswanath Rao, its Supervisor (E.W. 2). He stated that as Supervisor, he has to supervise the work of tally and receipt clerks, output clerk and he stated that he gave them instructions and supervised their work. He stated that he was one of the Supervisors

in Jayaram & Sons. He was shown a list of duties of Tally Clerks (Ex. E.-13) and those of Receipt Clerks (Ex. E. 14). According to him tally clerks had to work as output clerks in his firm. According to him the duty of output clerks is only to see the tally sheets and check up the idle time and tonnage of each gangs' work and that these entries are filled in in the output certificate form. Witness stated that the output clerks cannot fill in any other particulars of the output certificate form as they are not required to fill in any other particulars in the output certificate form. He stated that along with the output certificate, the company also sends a copy of the tally sheet to the Dock Labour Board office, and if there is any difference in the entries in the ouput certificate form and the tally sheets the Dock Labour Board would send back both to the company and he would correct the mistake and resubmit them to the Dock Labour Board. He stated that he would himself correct the mistake. He stated that if there was any mistake in the tonnage his company would give the Dock Labour Board according to the standard weight of each commodity, by making the necessary corrections in the output certificate form. He stated that he shows the output certificate before it is despatched to the Dock Labour Board and he would correct any mistake he would detect. He stated that if there was no entry regarding the weight in the second last column of the tally sheet he would correct the same and the output clerk would not correct it. But this would happen only on rare occasions. According to this witness the output clerks had not to look into the shipping bills, the boat note or the manifest to make the entries in the output certificate. He stated that it will take 15 to 20 minutes to prepare each output certificate and that the output clerks prepare the output certificate at the end of one shift on receipt of the tally sheets; that two Tally Clerks would be recruited if there are two gangs working in one hatch; that output clerks prepare one output certificate in each gang from the tally sheet of their gang. He was shown a final summary sheet of cargo loaded (Ex. E. 15) and he stated that this was prepared by the receipt clerks. According to this witness anybody could do the work of Output Clerk because the output certificate has to be sent 48 hours after the steamer has sailed. According to him, Tally Clerks, and Receipt Clerks did more responsible work than Output Clerk, whose word was very simple. In cross-examination he stated that the entries under the column "double hook payable hours" and "multiple hook payable hours" in the form Ex. W. 1(d) was made by Supervisors like himself by taking the figures from the tally sheets, and that in forms like W. 1. (e) (Import Tally) Supervisors make the entries regarding double hook and multiple hook payable hours. He stated that when 5 gangs are working the number of tally clerks would be seven and there would be one Supervisor on board. He then went on to say that he first makes entries in his diary regarding the double hook and multiple hook payable hours and that he makes the entries in the tally sheets from the diary notes, at the office. Pressed further he stated that sometimes he makes these entries directly into the output certificate, without entering them in the tally sheet, and he tried to explain this as being possible by stating that it is the Supervisor's job to depute gangs on double or multiple hooks. He had, however, to admit that none of the output certificate forms which had been exhibited in this case, bore his signature or contained entries made by him in respect of the double hook or multiple hook payable hours and he tried to explain this away by stating that double and multiple hook payable hours are uncommon. He stated that it was not necessary for a Tally Clerk to look into either the shipping bill or the boat note, but later he corrected himself and stated that it is not necessary for him to look only into the shipping bill. He stated that in his firm it was the Tally Clerks who calculate the weight of part-shipment and that in case of short-shipment it is the receipt clerk who calculates the weight. He had to admit in cross-examination that when there were no workmen of their own, the company engaged output clerks from outside. He said that it was not the company who books any of the 16 clerks to work as output clerks, but that it was the union who selects which of the Tally clerks shall work as output clerks. He admitted that the output clerks total-up the figure of the weight in kilos. He admitted that he was not a member of the Steam Tally Clerks' Union but that of the Jayaram & Sons Staff Association, which was also a registered union.

21. I have given due consideration to the evidence, both oral and documentary, on the record and I am of the opinion that the union has discharged its onus of establishing that the output clerks are entitled to the same wages as the mate receipt clerks. I am not satisfied that the work of output clerks is as simple as that of tally clerks. It is to be remembered that the preparation and issue of output certificates became necessary only after the Dock Labour Board Scheme came into force in Cochin from 5th November 1962 and the importance of the output certificate is that payment is made by the Dock Labour Board, on the statements made in the output certificates. It is to be remembered that prior to the introduction of the Dock Labour Board Scheme, the Stevedore Labour was paid on an almost time-rated basis and a very small percentage of the cargo handled

was piece-rated, and it was then not necessary to issue any output certificates and consequently there was then no category like that of output clerks. After the Dock Labour Scheme was introduced the Dock Labour Board became the representative of the stevedore labour and it became its responsibility to make payment to them. For computation of the earnings of the stevedore labour, collected details of the quantity and nature of the work done as also of the nature of the cargo handled was required to be maintained. A record had also to be maintained of the number of hooks worked as also of the idle hours. On an anxious consideration of the oral and documentary evidence, which I have reproduced in great detail above, I am not satisfied that all that the output clerks are required to do is to copy out the entries in the last two columns of the tally sheets in order to prepare the output certificate. A glance at the printed form of the output certificate on record is sufficient to show that many more details have to be filled in in those forms and I am not at all satisfied that the Output Clerks have never to look into the shipping bill, the boat notes and other documents, except the tally sheet, for preparing the output certificate. On the whole, I accept the evidence of the two witnesses of the union on the nature of the duties of Output Clerks and I am on an appreciation of the evidences both oral and documentary on record satisfied that Output Clerks have a much more responsible task to perform than Tally Clerks and that their work can with justification be compared with the work done by Mate Receipt Clerks. I am satisfied that the statement 1 of E.W.W. 1 that the shipping bill has to be looked into in preparing the output certificate in respect of coastal cargo which has not gone into one hatch is correct. I am not at all impressed by the evidence of the Supervisor of the company (E.W. 2). For one thing, in order to justify the company's stand he was taking upon himself too many responsibilities as Supervisor—albeit permanent—which, in my opinion it was difficult to believe, he could himself alone possibly discharge. His story about his making entries in his diary about the double and multiple hook entries was far from convincing or impressive and in cross-examination he was not able to sustain the story which he put forth in his examination in chief.

22. I am satisfied that the other major Steamer Agents companies in the Port of Cochin are paying their Output Clerks the same wages as for Mate Receipt Clerks. The Union's witness E.W. 2 who had worked as Output Clerk in the other firms mentioned by him stated that those firms had paid him the wages of a mate receipt clerk for having worked as Output Clerk and that only this company still declines to pay its output clerks the wages of mate receipt clerks. I accept the evidence of E.W. (2) on this point, as he is supported by the statements made in the letter of the Government Conciliation Officer (Ex. W. 4) to Mr. Asher, a partner in the firm of Jayaram & Sons. In that letter the Conciliation Officer has stated the names of 11 other steamer companies agents in Cochin—some of them Indian firms—who are paying their output clerks the same wages as to their mate receipt clerks and I was not much impressed by the ignorance on this point feigned by the company's witnesses and I am quite satisfied that the management of this company well knows that the other steamer agent companies in Cochin are paying their Output Clerks the same wages as to their Mate Receipt Clerks.

23. The management has laid much emphasis on the fact that the Cochin Chamber of Commerce had recommended that a Tally Clerk should be engaged to do the work of Output Clerks (Ex. E. 11). The company's witness (W.W. 2) who produced Ex. 11 did not have any personal knowledge of how this recommendation came to be issued. Paragraph 5 of Ex. E-11 says that one Tally Clerk should be engaged to do the work of an Output Clerk. It is significant that it is silent as to the wages to be paid to the Tally Clerk when working as Output Clerk. In this connection it is necessary and relevant to state that the union's case is and I am satisfied that it is so, that only 5 of the senior most and experienced 16 Tally Clerks, are asked to work as Output Clerks. There is some evidence that in an emergency two other tally clerks are also asked to work as Output Clerks, but the evidence shows that these two clerks, when working as Output Clerks are assisted by the Supervisor or one of the other 5 experienced Tally Clerks. I am, therefore, satisfied that the output clerks work is done by the more experienced of the Tally Clerks, which itself establishes that the duties of Output Clerks are more responsible than those of Tally Clerks. On a consideration of the evidence both oral and documentary on the record, I am satisfied that the work of output clerks is onerous and requires greater intelligence and more calculations to be done than are done by Tally Clerks, and that is the reason why the other steamer agent companies (see Ex. W. 4) are paying them the higher wages of mate receipt clerks. I am satisfied that it is right and proper to equate the work of output clerks with that of Mate Receipt Clerks for the purposes of their wages.

24. I therefore, hold on the first issue under reference that the union has established that its demand, that output clerks employed by Messrs Jayaram & Sons are entitled to equal wages as Mate Receipt Clerks, is justified.

25. With regard to the second issue as to what relief they are entitled to, in my opinion there is ample justification for the union's demand that output clerks should be paid higher wages of Rs. 7.50 for day duty and Rs. 8.25 for night duty, i.e. the rate at which the other companies are paying their Mate Receipt Clerks and there is no justifiable reason for this company not to pay these rates of wages to its Output Clerks. It is urged on behalf of the company that the other companies referred to by W.W. 2 in his evidence in which he had worked are all European Companies who can afford to pay the higher rates of wages. But Ex. W.4 shows that there are many Indian Companies among the 11 companies mentioned there, who are also paying the same rates to their output clerks as they are paying their mate receipt and manifest clerks. This company is also Agent of a big company like the Scindia Steam Navigation Company and it has not proved that it has not the capacity to bear the financial burden of the demand. There is, therefore, no justifiable reason for this company refusing to pay its output clerks the same wages as to its mate receipt clerks, as the other steamer agent companies are paying.

26. The Output Clerks in the other firms are being paid the higher rates of Rs. 7.50 and Rs. 8.25 for day and night shift work respectively since the Dock Labour Scheme came into operation on 5th November 1962 and I think it only fair that this company should also be directed to pay its Output Clerks the same rates of wages of Rs. 7.50 for day duty and Rs. 8.25 for night duty as for Mate Receipt Clerks with effect from 1st January 1963 which is the date from which the Union has made this claim in its written statement, and I direct it to pay the same from that date. I further direct the Company to pay its tally clerks who since 1st January 1963 have done the output clerk's work, the difference between the rates of Rs. 5.75 for day duty and Rs. 6.37 for night duty paid by it and the awarded rate of Rs. 7.50 for day duty and 8.25 for night duty I further direct that the amounts due under the Award shall be paid by the company within a month from the date this award becomes enforceable.

27. Shri T. C. N. Menon, the learned Advocate for the Union, has strongly pressed for an order for costs. He has, I think, justifiably taken exception to the attitude of the company in not appearing before the Conciliation Officer in the Conciliation proceedings, as recorded by the Conciliation Officer in his failure report dated 7th October 1963. Considering all the facts and circumstances of the case and the fact that I have held the company's defence unjustified, I think an order for costs of Rs. 150/- in favour of the union would be justified. Costs also to be paid within a month of the date this award becomes enforceable.

2. This Award relates to the categories submitted by the Calcutta Port Shramik Union. In the statement of claim filed by the Union it is stated, *inter alia*, as follows: The Government of India appointed a Committee for Classification and Categorisation of Class III and IV employees of major Ports with Shri F. Jeejeebhoy as Chairman. The Resolution of the Government recapitulated the background of setting up the Committee with the object of "bringing about as large a measure of uniformity as possible in the pay scales of posts of same category in all the major Ports, provided the duties are the same, on the—principle of equal pay for equal work". According to the Resolution the task of the Committee was to "examine the duties and responsibilities of the various posts and fit them into one or the other of the scales of pay given in the attached schedule, in the light of the scales of pay of posts with comparable duties and responsibilities in other Departments of Government. Should the Committee feel that, owing to the existence of gradations of skill and responsibility or both, the scales given in the schedule cannot be adopted fully in the case of particular post or group of posts, they are free to suggest breaking up of longer scales (*i.e.* scale extending over a number of years such as Rs. 60-3-81-EB-4-125-5-130(into two or three shorter scales for adoption in those cases. Shorter scales may also be suggested in cases where the method of recruitment is not direct but by departmental promotion or a higher start is justified owing to higher qualifications prescribed for the post. The Committee is not precluded from recommending scales going beyond indicated maximum if on a comparison of the duties and responsibilities of the categories of the posts in the Ports with the duties and responsibilities of similar categories in other establishments, the weight of evidence is in favour of such recommendation, provided that the scale recommended does not go beyond the scale adopted in the Government Departments for comparable categories". The Committee was also called upon to "recommend changes, where necessary, in the designation of posts so that standardised nomenclature may be evolved". The Committee gave its report on 28th May, 1961. At a meeting held on 11th June, 1961 at Bombay between the Minister of Shipping, Government of India and the representatives of Unions affiliated to the All India Port & Dock Workers' Federation stress was laid by the labour representatives on the need of rectifying anomalies in certain scales prescribed by the Committee. It was decided that the matters should be gone into the Port Authorities, and if not resolved they would be referred to a Tribunal. The anomalies are described by the Union as follows:

(a) Some posts have neither been properly categorised nor classified and pay scales have not been properly fixed.

(b) Some posts have either been wrongly classified and/or categorised equating them with posts of lesser duty and/or responsibility in complete disregard of comparable duty and responsibility of those posts.

(c) Fixation of pay scales of some posts have not been commensurate with duties and/or responsibilities attached to such posts.

(d) Fixation of pay scales of similar post in different departments or Ports has been different although duties and responsibilities of those posts are—either similar and/or the same.

(e) Consideration of Classification and/or Categorisation of some posts have been left out.

(f) Anomalies arising out of incorrect application of the report of the said Committee by the Port Authority.

The Union then goes on to give reasons for its considering that there are anomalies in the scales in respect of the—categories about which the dispute has been referred.

3. The Calcutta Port Trust Commissioners have in their written statement made, *inter alia*, the following submissions: It is seen from the Resolution of the Government of India appointing the Committee that its recommendations were to be regarded as final and binding on the Port Trust authorities as well as labour. Para 4 of the Resolution is as follows:

"The Committee will consult the Port authorities and representatives of Labour Unions in the—Ports. The Committee will also be free to co-opt at each Port experts or such others as they may consider necessary for facilitating its task. The recommendations of the Committee shall be final and binding on the Port Authorities as well as—the Labour."

The Committee was a tripartite body composed of representatives of Government, the Port authorities and Labour. The Ports representatives filed before the Committee a memorandum giving the duties and responsibilities of various posts, the qualifications required, method of recruitment etc. The Unions concerned filed their replies. The Committee heard all the parties and after deliberations made its report. After the Report the Unions raised disputes about alleged anomalies. At a meeting called by the Minister of Shipping on 26th March, 1962 at New Delhi the Minister emphasised that the said Committee's report being in the nature of an award, there could ordinarily be no room for reopening the issues settled by the Committee unless there was any practical difficulty in interpreting the Committee's decision on any particular issue. It was agreed, however, that all Heads of Ports should once again review the cases which the Unions pressed for reconsideration and submit their views to the Government and that on those cases on which there was no final agreement, the Government would try to reach a decision quickly and if there were a few cases on which the Government's decision were not acceptable to the Unions, arbitration or adjudication would be considered on merits. Pursuant to the above decision the Calcutta Port Shramik Union submitted a list of cases which were, in the opinion of the union, anomalies. In a number of cases the Calcutta Port—Trust Commissioners agreed to accommodate the workers' point of view. In regard to the remaining cases the Commissioners considered that there was no justification for altering the decisions of the Committee. The Port Trust Commissioners invite attention to the procedure adopted by the Committee which is referred to in paras. 16 and 17 of the Report. On the particular cases referred to by the Union the Port Trust—Commissioners submitted that the scales for the various posts have been fixed by the Committee after due consideration of the duties and responsibilities and there are no anomalies.

4. On the first day of hearing all the Unions who have raised disputes in regard to the various categories and the Port Trust Authorities of Bombay and Calcutta were generally heard on the general question as to what is meant by the term anomaly and what should be considered an anomaly, in the context of this Reference. Then the hearing on the demands raised by particular Unions started. The term anomaly is defined in Dictionaries as 'irregularity' or 'deviation from rule'. It appears to me, generally speaking, that if it is found that in any of the wage scales prescribed inconsistency is detected, or deviation by mistake or accident from the principles laid down by the Government and those followed by the Committee in the fixation of wage scales for the various categories, then that may be considered as an anomaly and can be rectified. This however, is not an exhaustive definition of what may be considered an anomaly; it is possible to point out an anomaly on the particular facts and in the context of this Reference without its being necessary to give an artistic or very exact definition of 'anomaly'.

5. It is necessary here to refer to what is stated in the Report of the Committee, above the procedure following by it. Therein it is stated,

"Between February and December 1960 the Committee held sittings at the different Ports and heard at length the case put forward by the Federations, Labour Unions, and individual employees. There were 3 sessions

of the Committee at Calcutta, 2 at Cochin, and 1 each at the remaining Ports, including a prolonged session at Bombay Port. The Committtee was in session at the different Ports for hearing of parties for an aggregate of 93 working days. During the hearings the parties tendered before the Committee 161 documents in support of their contentions, a list whereof is attached to he Report as Appendix 'F'..... As each category or group of categories came up for consideration, the Committee carefully examined the duties and responsibilities of the post and decided into which scale the particular category in the hierarchy of the Port could be appropriately fitted. In our deliberations we have always had in our mind the desirability of giving equal pay for equal duties and responsibilities in all the Ports, and our decisions are based on that—principle. If therefore a category in a particular Port has been given a different scale bearing the same designation in another Port, the difference in emoluments will be found to be due to differences between the two in matters of duties, responsibilities, and other relevant factors. The Committee—was moved by the principal consideration of doing justice to the extent prescribed by the Resolution, and in the process many a category has been upgraded. While it is true that in Bombay the scales are to some extent higher as to some categories than in other Ports our decisions have, in our opinion, resulted to a considerable extent in a fair rationalisation of the pay structure of all the Ports in terms of the Resolution.

The Committee's approach was by no means narrow or limited. It roved over scales of similar categories in the Railways, in the P.W.D., in the Navy, and in the Report of the Second Pay Commission and in every other available source of material, in order to discover the correct scale applicable to a category. The arguments raised by Labour at the open hearings and the documents filed by them were carefully considered by the Committee in session.

While for the majority of the decisions the scales as appearing in the Schedule to the Government Resolution have been found appropriate, there have been cases where the Committee has broken up longer scales into shorter ones in order to give effect to the object for which the Committee was appointed. In some—deserving cases the Committee fixed a higher starting pay in the prescribed scale, and the Committee has also fixed scales going beyond the indicated maximum in appropriate cases as is permissible under the Resolution In a few cases the Committee adopted scales prevailing in Government Departments but not shown in the Schedule to the Resolution."

Reference may also be made to paragraph 55 of the Report in which it is stated:

"This is the first occasion on which the wage structure of the Major Ports of India has been investigated on a broad and rationalised basis. This is also the first occasion on which representatives of the Ports and representatives of Labour have sat in conclave to decide the questions at issue. It is also the first occasion where it has been provided that the recommendations of the Committee would be final and binding on the Port Authorities as well as on Labour."

6. It is also necessary to bear in mind the safeguard provided by Government and which is referred to in paragraph 46 of the Report. It is as follows:

"The Government of India has decided that if in any case the scale prevailing prior to the revision is higher than the one fixed by the Committee, the higher scale shall continue to apply, *vide*—paragraph 7(iv) of the Government Resolution dated the 20th July, 1958. Thus there will be no reduction in the existing scale of any post even for future incumbents. Where any scale has been prescribed by an Award of a Tribunal, the employees concerned will be entitled to continue in that scale, if they so desire, so long as the Award remains in force."

7. It is to be noted that in the classification of so many categories it could not be expected that the Committee should give reasons for prescribing various scales for the different categories. But it is quite evident that the report was submitted after giving all the parties a full hearing. This reference cannot be treated as an appeal from the decisions of the Committee. At the hearing it was agreed by the

Port Trust and the representatives of the Unions which argued this case that the decision whether there is any anomaly or not will have to be decided on the basis of the evidence and material placed before the Committee and not on the basis of any new evidence. As stated above the Committee did not and could not give reasons for prescribing scales for the—innumerable categories in the different Ports. This, however, means that all the considerations which weighed with this very representative Committee in fixing the wage scales for each category are not before me. It has also to be borne in mind that the Committee was appointed in pursuance of an agreement between the Port authorities and the Unions concerned that the decisions of the Committee would be considered as final. There must be some end to litigation in industrial matters. In all these circumstances I do not think I should give reasons, when I find no anomaly, particularly when the reasons which influenced the Committee in its various decisions are not before me. Care has also to be taken that in purporting to rectify an anomaly, a further anomaly is not created, for if such a thing happens there will be more trouble than what happened after the Report of the Committee. I shall illustrate this point by an example. The Union has stated that the scale fixed by the Committee for greasers and winchmen *viz.* Rs. 50—2—60 is indequate because their responsibilities are higher than the fireman for whom the grade fixed is Rs. 40—1—50—2—60. The scale for the greaser and winchman before the Committee Report was Rs. 36—1—41. The Committee has therefore increased substantially the wage scales of the greaser and winchman. The grade of the Fireman which used to be Rs. 34—1—39 has been improved by the Committee to Rs. 40—1—50—2—60 and the post has been designated 'Fireman Grade I'. In Bombay the grade prescribed for the—winchman and greaser is the same as in Calcutta *viz.* 50—2—60, while the grade of the fireman in the Engineering Department is Rs. 35—1—50. It seems to me that if in the grade prescribed by the Committee for the greaser and winchman as compared with fireman there is an anomaly, the anomaly is that the grade for the fireman should have been lower than the grade prescribed. There is therefore no good reason for rectifying the alleged anomaly by giving a further increase in the wage scale prescribed for greaser and winchman whose wage scale was substantially—increased by the Committee. Any alteration in the grade prescribed would lead to an anomaly in the other ports where the wage prescribed for the greaser and winchman in Rs. 50—2—60 and there has been no grievance or complaint regarding this wage scale in the other ports. I have before me the statements of duties and responsibilities of the various categories as submitted by the Port Trusts and the Unions concerned as well as minutes of the oral arguments addressed to the Committee containing the submissions of both sides as to the duties and—responsibilities of various categories and the appropriate scales which should be fixed. If I am satisfied that there is an anomaly I propose to give my reasons. Having carefully considered the submissions and evidence in the case I have come to the conclusion that there are anomalies only in the following cases which should be rectified.

8. The grade fixed by the Committee for Khitmatgar (other vessels), officers' servant (other vessels), servant (other vessels), and servant and tiffin boy (other vessels) is Rs. 30—1—35. The minimum and maximum as they existed before the Committee Report were higher. The duties of these categories are described as serving food to officers, look after officers' cabins, clothes, etc. The grade fixed for these categories is the same as for the masalchi whose duties are to assist in washing and clearing—dishes. This is an obvious anomaly, and the scale prescribed for these categories is lower than that for persons having similar duties in other ports. These persons cannot be treated as the lowest category of mazdoors or servants. I revise the grades of the above mentioned four categories, *viz.*

Khitmatgar (other vessels)

Officers' servant (other vessels)

Servant (other vessels)

Servant & tiffin boy (other vessels)

to Rs. 30—1—40 with a direction that they should start on Rs. 35. The grade fixed by the Committee for Saloon Boy (Pilot Vessel) and the Mess Boy (Pilot Vessel) is Rs. 30—1—40. The duties of these persons are to serve food to officers on vessels. For the same reasons as given above I direct that the grade of the Mess Boy (Pilot Vessels) and the Saloon Boy (Pilot Vessels) should be revised to Rs. 30—1—40 with a starting wage of Rs. 35.

Gas Lascar.—The scales fixed for Gas Lascars are two *viz.* Rs. 30—1—40—EB—1—50 and Rs. 40—1—50. Before these scales were fixed by the Committee there was only one scale of Rs. 35—1—50. The Committee has re-designated the post of Gas Lascar on the higher side as Busy Light Attendant and fixed for that category the scale of Rs. 60—5/2—75. The Union points out that the posts of Gas

Lascars are filled by promotion of Lascars of the despatch vessels for whom the scale of Rs. 40—1—50 has been prescribed. From the exhibits filed before the Committee by the Port authorities it is seen that the duties of Gas Lascars are to attend to the lighting of Gas Busys on the river and that appointments are made by promotions from despatch vessels lascars. Since the scale for despatch vessel lascars is fixed by the Committee is Rs. 40—1—50 the fixation of a lower grade for the Gas Lascars seems to me to be an anomaly and I direct that the grade for all Gas lascars should be Rs. 40—1—50

Telephone Peon, Hooghly Point

According to the Union this Telephone peon for whom the grade of Rs. 40—2—60 has been fixed has to do the same work as the Junior clerk or literate jamadars (in the Health Section) of the Calcutta Port Trust for whom the higher scale of Rs. 60 rising to Rs. 85 has been fixed. The Port Trust Commissioners have denied that this incumbent has to do the same duties as Junior clerk or literate Jamadar. They say that his duties are—comparable to those of a telephone lascar. The scale fixed for the telephone lascar is Rs. 40—2—60. The minutes on page 226 of the evidence recorded in Calcutta by the Committee the Telephone peon, Hooghly Point stated before the Committee that his work was not that of an ordinary peon. He produced a log book maintained by him in English giving details of the movements of ships and other staff. He produced another book giving index notes written by him. He was required to transmit survey messages on the telephone to the River Surveyor's office. Having taken into consideration his duties it appears to me that his work is of a higher category than the ordinary telephone lascar. I direct that his grade be revised to Rs. 50—2—60—5/2—75.

Sub-Gunner:

The scale fixed by the Committee for the Sub-Gunner is Rs. 50—2—60. In the statement filed before the Committee by the Port authorities it was stated,

> "He assists the Shunter Gunner in Shunting Operations. Checks, seals, labels, rivets etc. of loaded wagons. Shunts out wagons to form or break a train and does other miscellaneous jobs in connection with shunting operations as directed by the Shunter Gunner"

According to the statement before the Committee by the Union he works as Gunner in the absence of the Gunner. The Union has stated that the scale prescribed for the Coupling Porter is Rs. 40—1—50—2—60, so the scale for the Sub-Gunner whose work is obviously of a higher order is low and anomalous. In the minutes of proceedings of the Committee at Vol. I it is stated,

> "At the outset, Shri Eastment stated that on each locomotive the working unit comprised one Gunner, one Sub-Gunner and two Coupling Porters, in addition to its Driver and Fireman. Shri Bhattacharjee pointed out that the Sub-Gunner, besides assisting the Shunter Gunner in shunting operations, was required to check seals, rivets, etc. of loaded wagons. As he was required to move with the train the Sub-Gunner had great responsibility. The Sub-Gunner had also to pass a test after one year's training from the Dock Training School of the Port Commissioners. In spite of this Shri Bhattacharjee added, the Port Commissioners had classified the category of Sub-Gunner as Class IV literate staff. The Federation was, therefore, justified in asking for a scale of Rs. 60—170 for the Sub-Gunner.
>
> On a query by the Chairman, Shri Varma, the Transportation Superintendent, stated that the complement of the comparable staff on the main line railway was I Shunting Jamadar and 2 Shunting Porters.
>
> Shri Kuldip Singh drew the Committee's attention to the fact that the Port Commissioners having abolished the posts of Point-setter, the Sub-Gunner was—required to also set points and move with the train.
>
> Shri Kale pointed out that the description of the work, given in the duty schedule to the Ports to be done by the Gunner and the Sub-Gunner suggested over-lapping of duties and desired explanation on the point from the Transportation Superintendent. Shri Varma explained that on a Shunting Engine, the Driver and the Fireman were concerned with its locomotion and the shunting staff comprising a Gunner, a Sub-Gunner and coupling porters had to accompany the engine. At the place of shunting operations, the Gunner would be on one side of the engine and the Sub-gunner on the other, while the porters would do the work of coupling and uncoupling."

At vol. 3 page 224 of the proceedings it is stated,

"As regards the Sub-Gunner, Shri Kurmi stated that he assisted the Shunter Gunner and his responsibility was nearly half that of the Shunter Gunner. He attended to all the points and the work was equally responsible. In the Cargo Section of the Traffic Department, the Assistant Gunner was in the scale of Rs. 50—92 as against the Railway Sub-Gunner's pay of Rs. 40—55. The Cargo—Tindal of the Traffic Section also got higher pay. Taking into consideration the higher responsibility of the Sub-Gunner as compared with that of the Assistant Gunner on the Cargo Side, Shri Kurmi desired that the post should be fixed in the scale of Rs. 75—170."

The duty of a Sub-Gunner is much more responsible than that of coupling porters for whom the scale prescribed is Rs. 40—1—50—2—60. Only senior coupling porters with experience and skill would be promoted as Gunners, and in my opinion the same maximum for the Sub-Gunner is an anomaly. I revise the scale to Rs. 50—2—60—5/2—75.

Duftry:

The scale prescribed by the Committee for the Duftry in all Departments is Rs. 35—1—50. The Union has stated that the Duftry has to operate duplicating machine, maintain records and registers, and their work is of a higher order than Record Suppliers for whom the Committee has prescribed the scale of Rs. 40—1—50—2—60. On reading the duties of the Duftries in the various departments, as put before the Committee by the port authorities it is seen that the duties in all departments are not identical. In the Deputy Conservator's department they are normally matriculates. In some departments they are promoted from Record Suppliers or head peons. It seems anomalous that where the promotion for the post in some departments is from Record Suppliers, that the grade for Duftry should be lower. I revise the grade of Duftry to Rs. 40—1—50—2—60. The post should be designated as Record Peon. This is desirable for otherwise there would be an anomaly in other ports, where the Record peon is given the scale of Rs. 40—1—50—2—60 while the Duftry is given the scale of Rs. 35—1—50.

9. In respect of other categories I am not satisfied that there is any anomaly. The demands in respect of these categories are rejected.

10. I direct that the revised grades shall come into effect on the same date on which the scales prescribed by the Committee came into effect *viz.* 1st October 1957, and the workmen concerned should be fitted into revised grades from that date in the manner set out in paragraph 45 of the Report of the Committee. Arrears payable, if any, should be paid within 2 months of the date on which this Award become enforceable.

AWARD

The Government of India, Ministry of Labour and Employment, by their order No. 6/32/63-LRII, dated 21st January, 1964, have referred the industrial dispute existing between the employers in relation to the Toposi Colliery and their workmen in respect of the following matters, for adjudication to this Tribunal:—

1. Whether the management of Toposi Colliery was not justified in treating Sarvashri Kuchra Bowri, Sudhir Bowri, Jamini Bowri, Atual Bowri and Gora Bowri, Smithy workmen, as fresh employees from the respective dates on which their names were brought on the muster rolls of the colliery? If so, what is the correct date of commencement of service in respect of each of them?

2. Whether the management of Toposi Colliery was justified in laying off Sarvashri Kuchra Bowri, Sudhir Bowri, Jamini Bowri, Atual Bowri and Gora Bowri, Smithy workmen, with effect from 9th September, 1963? If not, to what relief is each of them entitled?

2. In response to notices issued by this Tribunal, both parties filed written statements. The matter was then fixed for hearing to-day. At the hearing, after some discussion, the parties entered into a compromise and produced a memorandum of settlement, copy of which is appended herewith.

3. It appears that the five workmen concerned in this dispute were orginally employed by a contractor working in the colliery. Later on, they have been absorbed as the direct employees of the management and the first dispute between them was regarding the date on which they should be treated to be employees of the management. The second dispute is regarding their being laid off for some days from 9th September, 1963. They claim lay off compensation. The management however refused to pay any compensation on the ground that none of these workmen had completed either one year's service or 240 days' actual work.

4. Under the terms of the compromise, the workmen concerned are to be treated as direct employees of the management from the date on which they were taken over by the management. In the case of two of the workmen, the date is 1st January, 1963; in the case of a third, it is 10th August, 1963, and in the case of the other two, the date will be fixed after verification of the colliery records. Regarding lay off compensation, the management have agreed to pay a lump sum of Rs. 125 (One hundered twenty-five) in respect of the 5 workmen. It appears that none of the workmen have completed one year's service or 240 days actual work at the time of lay off and they could not have legally claimed any lay off compensation. But, under the terms of compromise, a lump sum is to be paid to them. They are also to be treated as having been taken in the direct employment of the management from the date on which they were actually taken over as such. In my opinion, the compromise is fair and reasonable and I accept it.

I therefore pass an award in terms of compromise.

BEFORE SHRI L. P. DAVE, JUDGE,

CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL.

In the matter of an industrial dispute between Messrs Toposi Colliery and Their workmen.

(Being Reference No. 2 of 1964).

The parties to the dispute most respectfully sheweth:

1. That the parties have been able to settle their disputes and difference amicably out of court.

2 That the parties agree that the purpose of calculating period of service for the workmen concerned the respective date of their joining directly with the company will be taken into account. For Kutchra Bowri and Sudhir Bowri, it will be from 1st January, 1963, for Gora Bowri it will be 10th August, 1963. For the other two management contends it will be from 11th July, 1963. All the relevant records not being present in the court, Shri Chatterjee the Vice-President of the Union will examine company's record at the colliery and satisfy himself. If it is from 11th July, 1963, he will accept the same. If it is from before, the management will accept the same.

3. That about the lay off compensation, the management without prejudice will make a lump sum payment of Rs. 125 (Rupees One hundred and twentyfive) only to the Vice-President of the Union who on his turn will distribute the same equitably amongst the workmen concerned in full and final settlement of the dispute under reference.

4 That this agreement settles both the issues covered under the reference.

5. The payment indicated in clause 3 above will be made by 10th April, 1964.

6 The parties will bear their own costs.

In the circumstances, the parties pray that an award may be made in terms as above.

S.O. 1353—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Industrial Tribunal, Bombay, in the matter of an application under section 33A of the said Act, from Shri K. B Chougule, General Secretary, Nowrozabad Colliery Mazdoor Sangh, Post Office Nowrozabad which was received by the Central Government on the 2nd April, 1964.

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL AT BOMBAY

APPLICATION No. C G.I.T 8 OF 1964

(arising out of Ref. No. CGIT 43, of 1962, and Ref. No. CGIT 19 of 1963).

Shri K. B. Chougule, General Secretary, Nowrozabad Colliery Mazdoor Sangh, P.O. Nowrozabad.

Vs.

The Manager,
Nowrozabad Colliery, P.O. Nowrozabad.

PRESENT:

Shri Salim M. Merchant,
Presiding Officer.

APPEARANCES:

For the applicant.—Shri K. B. Chougule in person.

For the Opposite Party.—Shri P. P. Khambatta, Advocate (o.s.) with Shri G.L. Goyil, and Shri M. S. Kappor, Labour Relations Officers of Nowrozabad Colliery of M/s. Associated Cement Companies Limited.

INDUSTRY: Coal. STATE: Madhya Pradesh.

Dated at Bombay, the 28th March 1964

AWARD

This application purporting to be under Section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), is dated 2nd November, 1963, and has been filed by Shri K. B. Chougule, General Secretary, Nowrozabad Colliery Mazdoor Sangh, P.O. Nowrozabad, District Shandol, Madhya Pradesh. The complaint is that during the pendency of two industrial disputes before this Tribunal, *i.e.*,—Reference No. CGIT 43 of 1962, and Reference No. CGIT 19 of 1963,—the Opposite Party had in contravention of the provisions of the Section 33 of the Industrial Disputes Act, reduced the employment of the badli workers employed in its Nowrozabad Colliery who are the workmen concerned in Ref. Nos. CGIT 43 of 1963 and 43 of 1962, without applying for the permission or approval of the Tribunal which was necessary as required by Section 33 of the Industrial Disputes Act. The Complaint appears to be that formerly the badli workers were getting employment for 4 to 5 days in a week or 16 to 20 days and even more, in the month, and that the Company *malafide* reduced their employment to a day or two in a week, merely to show that they were not completely stopped from work It is against this alleged charge that this complaint has been directed.

2. As I had doubts regarding the maintainability of the application, in the form in which it was presented, I issued notice on the applicant to show cause how the application was maintainable, and after hearing the submissions of Shri K. B. Chougule, the applicant, I directed the application to be taken on file and issued notice upon the opposite party for its written statement. The opposite Party in its written statement dated 18th November, 1963, has *inter-alia* raised preliminary legal objections as to the maintainability of the application and I heard Shri P. P. Khambatta, the learned Advocate for the Company, in support of the Company's preliminary objections at the hearing at Bombay on 24th March, 1964.

3. Briefly stated the objections urged are as follows:

(i) that there is no indication of the identity of the "about 300 in number" of badli workers, none of whom has been mentioned by name;

(ii) that the application is not with regard to an ascertained number of applicant workmen;

(iii) that an application under Section 33A of the Industrial Disputes Act, can only be made by the aggrieved workman and the section gives no independent right to make a complaint much less a collective complaint like this;

(iv) no authority in favour of Shri K. B. Chougule, by any one of these "about 300 badli workers" has been filed.

Shri Chougule has referred to Form (I) and Rule 59 of the Industrial Disputes (Central) Rules, 1957, which indicate that a complaint under Section 33A can be filed by more than one workman There is no doubt that there is a provision in the Rules for a plurality of petitioners as also opposite parties in an application under Section 33A, Rule 59 of the Central Rules is as follows:

"Complaints regarding change of conditions of service, etc. (1) Every complaint under section 33A of the Act, shall be presented and triplicate in Form 'I' and shall be accompanied by as many copies of the complaint as there are opposite parties to the complaint.

(2) Every complaint under sub-rule (1) shall be verified at the foot by the workmen making it or by some other person proved to the satisfaction of the Labour Court, Tribunal or National Tribunal to be acquainted with the facts of the case.

(3) The person verifying shall specify, by reference to the numbered paragraphs of the complaint, what he verifies of his own knowledge and what he verifies upon information received and believed to be true.

(4) The verification shall be signed by the person making and it shall state the date on which and the place at which it was signed.".

But, what Rule 59 clauses 2, 3 and 4 provide for is with regard to the person who can make the verification at the foot of the complaint and the rule is that the application may be verified by any person acquainted with the facts of the case. It does not mean that the rule does not require that the names of the workmen on whose behalf the complaint is filed should not be mentioned. Shri Chougule has explained that as the number of badli workers employed by the Company at any one time is uncertain, he was, therefore, not in a position to give their exact number. Section 33A of the Act is as follows:

"33A. Where an employer contravenes the provisions of section 23 during the pendency of proceedings as before a (Labour Court, Tribunal or National Tribunal), any employed aggrieved by such contravention, may make a complaint in writing, in the prescribed manner to such (Labour Court, Tribunal or National Tribunal) and on receipt of such complaint that (Labour Court, Tribunal or National Tribunal, shall adjudicate upon complaint as if it were a dispute referred to or pending before, it, in accordance with the provisions of this Act and shall submit its award to the appropriate Government and the provisions of this Act shall apply accordingly.".

Now from a plain reading of the Section it is quite clear that the Section provides for a complaint to be made by any employee aggreived by the contravention of Section 33 by the employer. It may be that in certain circumstances a Union Secretary may be authorised by workman/workmen to file a complaint under Section 33A on his or their behalf. But here as rightly pointed out by Shri Khambatta, not only have the names of the aggreived workmen not been stated, but no authority has been stated in the application as having been given to Shri Chougule by the aggreived workmen to file this complaint nor has any authority been produced by Shri Chougule at the hearing, though in para 12 of the application he had stated that the details of the names of the badli workers and other connected matters would be submitted by the applicant at the time of the hearing, as also the authority given to the applicant by the concerned workmen.

In the absence of any such authority and in the absence of names of aggreived workmen, and the un-certainty in the number of the aggreived workmen, this application must be held to be defective and not maintainable under Section 33A of the Act.

I, therefore allow the preliminary objection urged by the opposite party and dismiss this application as not maintainable under Section 33A, of the Indian Disputes Act, 1947, (Act XIV of 1947).

No order as to costs.

AWARD

Ministry of Labour & Employment, Government of India, by its Order No. 2/109/62-LR. II, dated the 21st October, 1963 referred an industrial dispute existing between Shri Basdeo Ram Chawan, Ex-Contractor, Loyabad Colliery, hereinafter referred to as the 'Contractor', and his workmen, under Section 10(1)(d) of the Industrial Disputes Act, 1947 to this Tribunal for adjudication, in respect of the matter specified below:

"Whether the idleness imposed on the following seventeen *hazri kamins* by the Contractor with effect from the 30th July, 1962, was justified. If not, to what relief are the workmen entitled?

1. Sairum Jolahin.
2. Nagia Bhuini
3. Ajhalowa Pashin
4. Bhatni Pashin
5. Safidan Jolahin
6. Anarwa Pashin
7. Gangia Dusadhin
8. Lacchmania Pashin
9. Janakowa Dusadhin
10. Kabutaria Dusadhin
11. Rajni Jolahin
12. Gouri Bhuiya
13. Marni Kamin
14. Munarwa Bhuini
15. Basowa Thakurain
16. Bhaswa Mahatain
17. Kablasia Dusadin".

2. On 2nd December, 1963 a petition was filed by Sri Lalit Burman, Secretary, Koyla Mazdoor Sabha, on behalf of all the seventeen concerned workmen, stating that Messrs. Burrakur Coal Co. Ltd. was a necessary party to the dispute in adjudication and, therefore, it should be impleaded as party to this reference, although Burrakur Coal Co. Ltd. has not been mentioned as a party to the dispute in the order of reference to this Tribunal.

3. On this petition being filed, I directed on 2nd December, 1963 to issue notices to Burrakur Coal Co. Limited to show cause why the application of the Union for addition of party should not be allowed. On 3rd December, 1963 Sri S. S. Mukherjee, Advocate, appearing for Messrs. Burrakur Coal Co. Limited, wanted time to file show cause notice and accordingly the case was adjourned to 8th January, 1964. A show cause petition was filed on behalf of the Burrakur Coal Co. Limited in which it was mentioned that the application of the Union was misconceived in as much as there was no relationship of employers and employees between Messrs. Burrakur Coal Company Limited and the concerned workmen of the Contractor.

4. The petition of addition of party, therefore, was taken up for final hearing today on 19th March, 1964 when Sri Mukherjee, Advocate, with Sarvashree S. S. Kapoor and J. L. Sinha, Group Personnel Officer, appeared on behalf of the Burrakur Coal Co. Ltd. and Sri Lalit Burman for the concerned workmen.

The Contractor, Sri Basdeo Ram Chawan, is not represented as it was stated on behalf of the workmen that he died on 30th September, 1962 before the Reference was made on 21st October, 1963.

5. It may be mentioned that the registered notice sent by the Tribunal to Shri Basdeo Ram Chawan was returned as refused and there also there is no indication about the death of Shri Basdeo Ram Chawan.

6. On the arguments of both parties, therefore, the only question for determination is whether the present reference is competent in view of the fact that at the time of the reference Sri Basdeo Ram Chawan, Ex-Contractor, one of the parties to the reference, was dead and as a matter of fact he died a year before. It cannot be disputed, and it has not been disputed by the contesting parties appearing before me, that a reference in respect of a dead person is infructuous as an award, if passed, against a dead person is a nullity and it cannot at all be implemented in such circumstances. The Contractor, late Sri Basdeo Ram Chawan, admittedly died on 30th September, 1962. It appears that the Ministry in ignorance of his death because no one informed the Ministry about it, the present reference was made on 21st October, 1963. In the reference, the dispute is alleged to exist between Shri Basdeo Ram Chawan, Ex-Contractor, and his workmen, who are 17 in number, and who are mentioned in the schedule to the order of reference. It was stated on behalf of the workmen that a letter was sent on their behalf on 7th December, 1963 to the Ministry informing about the death of the Ex-Contractor but even this letter was sent long after the present reference was made and that is the reason why no action was taken on that petition and no reply was sent by the Ministry as alleged by the workmen.

7. For these reasons, I hold that the present reference is bad in law and is incompetent, in that, no effective award can be passed either for or against a dead person and, accordingly, the reference is disposed of.

Presiding Officer.

AWARD

The Government of India, Ministry of Labour and Employment, by their order No. 6/31/63-LR-II, dated 9th December, 1963, have referred the industrial dispute existing between the employers in relation to the Russa Colliery and their workmen in respect of the following matters for adjudication to this Tribunal. The matters referred to for adjudication are:

1. Whether the dismissal from service of the Miners—

1. Shri Athith Dome

2. Shri Sathadal Dome
3. Shri Sudan Muchi, and
4. Shri Dorai Shk.

by the management of Russa Colliery was unjustified?

2. If so, to what relief are the workmen entitled?

2. When the matter came up for hearing before me to-day, the parties stated that they had amicably settled the matter amongst themselves and produced a joint memorandum of settlement, a copy of which is appended herewith.

3. The dispute relates to the dismissal of 4 workmen. Under the terms of compromise, the management have agreed to re-instate them in their former posts. The period of non-employment is to be treated as leave without pay *i.e.*, continuity of service is to be maintained. In addition, the employers have agreed to pay a sum of Rs. 250/- (Two hundred and fifty) to each of the workmen as a gesture of good will. In my opinion the compromise is fair and reasonable and I record it.

Applications from all other candidates, whether in private employment or in Government owned industrial undertakings or other similar organisations, can be entertained direct. If such a candidate forwards his application through his employer and it reaches the Union Public Service Commission late, the application, even if submitted to the employer before the closing date, will not be entertained.

No application received by the Commission after the date prescribed in the Notice will be accepted.

3. Candidates are warned that they should not furnish any particulars that are false or suppress any material information in filling in the application form.

4. A candidate must send the following documents with his application :—

(i) A Treasury Receipt or Crossed Indian Postal Orders payable to the Secretary, Union Public Service Commission at New Delhi Post Office, for the prescribed fee.

(ii) A Certificate of Age.

(iii) A Certificate of Character.

(iv) A Certificate of Educational Qualification.

(v) Two copies of recent passport size (2"x2¾" approximately) photograph of the candidate.

Details of the documents mentioned in items (i), (ii), (iii), (iv) and (v) are given below :—

(i) **A Treasury Receipt or CROSSED Indian Postal Orders for the prescribed fee.**—The amount may be deposited in the nearest Government Treasury, or in a branch of the State Bank of India, or in a State Treasury authorised to transact business on behalf of Government (Amount deposited at Bombay, Calcutta, Delhi, or Madras should be deposited in the Reserve Bank of India instead of in the State Bank of India). The Treasury or Bank should be asked to credit it to the account head "XXI—Miscellaneous Department, Examination fees, Receipts of the Union Public Service Commission". The name of the examination and of the treasury at which the fee is deposited should be clearly entered in the treasury receipt. The treasury receipt should be on the form pertaining to Central Government transactions and should be obtained from the treasury at which the fee is deposited. If, however, the blue form is not available in the treasury, the ordinary form hitherto employed should be used.

All Postal Orders should bear the signature of the issuing Post Master and a clear stamp of the issuing Post Office. All Postal Orders should be CROSSED and filled in as follows :—

In no case will Postal Orders payable at any other Post Office be accepted. Defaced or mutilated Postal Orders will also not be accepted.

NOTE 1.—Candidates residing abroad at the time of submitting their applications should deposit the amount of the prescribed fee (the equivalent fee of Rs. 30.00 nP., Rs. 7.50 nP. in case of candidates belonging to the Scheduled Castes and Scheduled Tribes) in the office of India's High Commissioner, Ambassador, or Representative, as the case may be, in that country and forward the receipt from that office with the application.

NOTE 2.—AN APPLICATION NOT ACCOMPANIED BY A TREASURY RECEIPT OR CROSSED INDIAN POSTAL ORDERS FOR THE PRESCRIBED FEE WILL BE SUMMARILY REJECTED.

NOTE 3.—A candidate must send the Treasury Receipt in original, along with his application. Duplicate/triplicate copies of the Treasury Receipt will not be accepted.

(ii) **A Certificate of Age.**—The date of birth ordinarily accepted by the Commission is that entered in the Matriculation Certificate or in the Secondary School Leaving Certificate, or in a certificate recognised by an Indian University as equivalent to Matriculation or in an extract from a Register of Matriculates maintained by a University, which extract must be certified by the proper authority of the University. The expression Matriculation Certificate in this part of the instructions must be understood as including these alternative certificates.

Candidates will thus understand that the Matriculation Certificate is required in all cases as evidence of age, and it must invariably be sent to the Commission, in original, with a copy thereof, together with the application.

Sometimes the Matriculation or equivalent Certificate does not show the date of birth, or only shows the age by completed years or completed years and months. In such cases a candidate must send, in addition to the Matriculation or equivalent certificate, an original certificate, together with a copy thereof, from the Headmaster/Principal, of the institution from where he passed the Matriculation or equivalent examination, showing the date of his birth or his exact age as recorded in the Admission Register of the Institution.

Candidates are warned that unless complete proof of age as laid down in these instructions is sent with an application, the application may be rejected. Further, they are warned that if the date of birth stated in the applicaion is inconsistent with the age shown in the Matriculation Certificate and no explanation is offered, the application may be rejected.

NOTE 1.—A candidate who holds a completed Secondary School Leaving Certificate need submit with the original a copy of only the page containing entries relating to age.

NOTE 2.—CANDIDATES SHOULD NOTE THAT ONCE A DATE OF BIRTH HAS BEEN CLAIMED AND ACCEPTED BY THE COMMISSION FOR THE PURPOSE OF ADMISSION TO AN EXAMINATION, NO CHANGE WILL ORDINARILY BE ALLOWED AT A SUBSEQUENT EXAMINATION.

NOTE 3.—Displaced persons, who have lost their original Marticulation Certificate in Pakistan, should obtain duplicate Certificate from the University concerned. If they are unable to obtain the duplicate Matriculation Certificate from the University, they should submit an extract from the University Gazette in which their results were published showing their date of birth and certified by the Registrar or the Headmaster.

NOTE 4.—In the case of candidates who are already in permanent Government Service, the entries in their Service Book will be accepted as proof of date of birth and educational qualification.

(iii) **A Certificate of Character.**—A candidate must submit a certificate of character, in original, together with a copy thereof, from some person in authority (for example, Principal, Proctor, Dean, etc.) at an educational institution which he is attending or has attended for at least one year during the three years immediately preceding the date of his application.

The signatory of the certificate should give his designation in full.

NOTE 1.—A candidate who has not attended any educational institution for at least one academic year within the three years immediately preceding the date of his application may submit a certificate of character, in original, with a copy thereof, from a gazetted officer in service.

NOTE 2.—Only one certificate of character is required.

(iv) **A Certificate of Educational Qualification.**—A candidate must submit a certificate or diploma, in original, with a copy thereof, showing that he has one of the qualifications prescribed in paragraph 6 of the Rules. The certificate submitted must be one issued by the authority (*i.e.* University or other examining body) awarding the particular qualification. If such a certificate or diploma is not submitted, the candidate must explain its absence, and submit such other evidence, in original, as he can to support his claim to the requisite qualifications. The Commission will consider this evidence on its merits but do not bind themselves to accept it as sufficient.

NOTE.—Candidates who have appeared at an examination the passing of which would render them eligible to appear at this examination but have not been informed of the result may apply for admission to the examination. Candidates who intend to appear at such a qualifying examination may also apply provided the qualifying examination is completed before the commencement of this examination. Such candidates will be admitted to the examination, if otherwise eligible, but the admission would be deemed to be provisional and subject to cancellation if they do not produce proof of having passed the examination, as soon as possible, and in any case not later than two months after the commencement of this examination.

(v) **Two copies of Photograph.**—A candidate must submit two passport size (2" × 2¾" approximately) copies of his recent photograph, one of which should be pasted on the first page of the application form and the other copy should be firmly attached with the application form. Each copy of the photograph should be signed in ink on the front by the candidate.

N.B.—Candidates are warned that if an application is incompletely or wrongly filled or is not accompanied by any one of the documents mentioned under 4(ii), 4(iii), 4(iv) and 4(v) above without a reasonable explanation for its absence having been given, the application is liable to be rejected and no appeal against its rejection will be entertained. The documents not submitted with the application should be sent soon after the submission of the application, and in any case they must reach the Commission's office [except as provided for in

Note under paragraph 4(iv) above] within one month after the last date for receipt of applications. Otherwise the application is liable to be rejected.

Candidates are warned that they should in no case correct or alter or otherwise tamper with any entry in the documents submitted by them nor should they submit a tampered document. If there is any inaccuracy or any discrepancy between two or more such documents an explanation regarding the discrepancy may be submitted separately.

The table given below shows the annual vital rates for each of the years 1957—61 for all municipal towns, each with population 30,000 and over based on the final yearly data. The corresponding annual rates for 1961 and various periods in 1962 compiled from the weekly figures, which were published from time to time in this Supplement, are also shown to draw attention to their possible use in tracing current trends.

Appropriate adjustments in the population base were made in cases, where the data for any town could not be included. The rates for States not shown are much too deficient for being presented. Even the data for States, which are shown are deficient to a varying degree. Efforts have to be made to improve the completeness.

The two sets of rates for 1961—one based on the annual returns and the other on weekly returns—are presented to give an idea of the extent of variation between the final and the weekly figures. The two agree closely in the case of Gujarat, Punjab and Orissa only, otherwise for other States the difference is quite appreciable. However, the rates for all the eight States combined agree fairly well showing that, perhaps with emphasis on the improvement of the completeness of State figures, they may help in a study of current trends.

तीस हजार या उससे अधिक जनसख्या वाली नगरपालिकाओं के जन्म तथा मृत्यु दर नीचे दी है। ये दरें वर्ष के अन्त तक प्राप्त किए आकड़ों पर निर्धारित हैं। समय-समय पर जो साप्ताहिक आंकड़े इस परिशिष्ट में प्रकाशित हुए हैं उन पर निर्धारित 1961, 1962 की वार्षिक दरें भी दी हैं। सभवत: इन दरों से वर्तमान प्रवृत्तियों का अनुमान लगाने में उपयोग किया जा सकता है। अगर किसी नगर के आंकड़े प्राप्त नही थे तो उसकी जनसंख्या भी दर निकालने में छोड़ दी गई है। कुछ प्रदेशों की दरें इसलिए नही दी गई हैं कि वे बहुत ही अपूर्ण हैं। जिन प्रदेशों का विवरण भी दिया है उनकी दरें भी कही अधिक कहीं कम अपूर्ण है। इनको पूर्ण करने के लिए प्रयत्न करना होगा।

अन्तिम व साप्ताहिक आंकड़ो में कितना भेद है इसका अनुमान उन पर निर्धारित वार्षिक दरो से किया जा सकता है। केवल गुजरात, पंजाब और उडीसा के दोनों दर बहुत कुछ मेल खाते हैं। परन्तु अन्य सभी प्रदेशों की दरों में बहुत कुछ अन्तर है। अन्यथा संयोजित आठ प्रदेशों की दरें बहुत कुछ मिलती-जुलती है। जिससे यह प्रतीत होता है कि यदि प्रदेशों के आंकड़ों को पूर्ण करने के लिए प्रयत्न किया जाए तो साप्ताहिक आंकड़े भी वर्तमान प्रवृत्तियों के अध्ययन करने में उपयोगी हो सकते है।

(5) The provisions of this section shall have effect, notwithstanding anything contained in this Act.".

STATEMENT OF OBJECTS AND REASONS

The working of the Advocates Act, enacted in May, 1961, has revealed certain practical difficulties and representations in this behalf have been received from various State Bar Councils and other associations. The Bar Council of India has also suggested certain amendments to the Act. Difficulties were being experienced mainly in regard to the functioning of the Bar Councils and the Committees thereof and also in regard to the enrolment as advocates of certain classes of persons who may not fall strictly within the scope of sections 17 and 24 of the Act. It is considered necessary that the Act should be suitably amended for removing such difficulties and for facilitating the implementation of its provisions.

2. The Act provides for the general supervision and control of the Bar Council of India over all State Bar Councils in order that they may, in the exercise of their powers, follow a uniform all-India policy. The powers given to the Bar Council of India in this behalf are, however, inadequate and it is considered necessary to enlarge its powers. It is therefore proposed to empower the Bar Council of India to issue appropriate directions to a State Bar Council or a Committee thereof, and also to exercise powers of revision in relation to any proceeding disposed of by a State Bar Council. It is also proposed to enlarge the appellate jurisdiction of the Bar Council of India. It is further proposed to give wider rule making powers to the Bar Council of India. For the efficient and smooth working of the Act, it is also considered necessary to vest in the Central Government powers to make rules in respect of matters which may be considered necessary.

3. The State Bar Councils have been given wide powers under the Act in respect of various matters, including disciplinary matters. It is considered that, in the interests of efficient functioning of a State Bar Council, it should consist of some advocates who have at least ten years' standing. There was such a provision in the Indian Bar Councils Act, 1926. It is accordingly proposed to provide that, as nearly as possible one-half of the elected members of every State Bar Council should be advocates of not less than ten years' standing. The other principal amendments proposed in the Bill are—

(1) that the term of office of a member of the Bar Council of India elected by a State Bar Council should normally be for

the same period for which he holds office as a member of a State Bar Council;

(2) that the Bar Council of India should be empowered to form more than one disciplinary committee, and that the disciplinary committee of a Bar Council should consist of three members only, one of whom should be a co-opted member;

(3) that the Bar Council of India should be empowered to refuse, in suitable cases, the applications for the transfer of the name of an advocate from one State roll to another;

(4) that the Bar Council of India should be permitted to prepare and maintain the common roll in such manner as it thinks fit;

(5) that certain categories of persons who may not at present be entitled to be enrolled as advocates should be so entitled;

(6) that the State Bar Council should have more effective control over its enrolment committees; and

(7) that the disciplinary jurisdiction of State Bar Councils should be extended to certain proceedings which are not at present covered by the Act.

4. The Bill seeks to achieve these objects. Opportunity has also been taken to make certain other amendments of a minor character.

5. The notes on clauses appended to the Bill explain the provisions thereof.

NEW DELHI;
The 11th March, 1964.

Notes on clauses

Clause 2.—Under sub-section (2) of section 3 of the Act, the members of a State Bar Council are elected from amongst the advocates on its roll, and every advocate is entitled to seek election to the Bar Council. The State Bar Councils have been given wide powers under the Act in respect of various matters, including disciplinary matters. It is considered that, in the interests of efficient functioning of a State Bar Council, it should consist of some advocates who have at least ten years' standing. There was such a provision in the Indian Bar Councils Act, 1926. It is accordingly proposed to provide that, as nearly as possible, one-half of the elected members of every State Bar Council should be advocates of not less than ten years' standing.

It is also proposed to empower the Bar Council of India to make rules in regard to the disqualification of an advocate from voting at an election or for being chosen as, or for being, a member of a State Bar Council.

This clause seeks to amend section 3 for the purpose.

Clauses 3, 4 and 22.—These clauses seek to amend sections 4, 8 and 54 of the Act. Under section 8 of the Act, the term of office of elected members of the Bar Council of India and of State Bar Councils is six years, and one-third of the members has to retire on the expiration of every second year. The Bar Council of India consists mainly of elected representatives of State Bar Councils, and the principle of rotation which has been introduced, both in the Bar Council of India and the State Bar Councils, may enable a member of the Bar Council of India to continue in office even after he has ceased to be a member of the State Bar Council. This is an anomalous position. Clause 3 seeks to amend section 4 to provide that the term of office of a member of the Bar Council of India elected by a State Bar Council should be for the same period for which he holds office as a member of a State Bar Council. It further provides that where the Advocate-General of a State who is an *ex-officio* member of the State Bar Council, is elected to the Bar Council of India, he should hold office for two years only from the date of his election.

The existing section 8 provides for the term of office of members of the Bar Council of India as also of the State Bar Councils. In view of the amendment made by clause 3 relating to the term of office of the members of the Bar Council of India, clause 4 restricts the application of this section to State Bar Councils only.

Under section 54 of the Act, the term of office of elected members of a State Bar Council constituted for the first time is two years. Clause 4(b) seeks to make it clear that the provisions of section 8 shall apply to a State Bar Council when it is reconstituted on the expiry of the term of office specified in section 54.

In view of the amendment made to section 4, the provisions of section 54 have also been restricted to State Bar Councils only. The election to the various State Bar Councils would not be completed before the expiry of the term of their members under section 54. To overcome this difficulty, it has been provided in clause 22 that the elected members of a State Bar Council shall continue to hold office until it is reconstituted in accordance with the provisions of the Act.

Clause 5.—Under section 9, the disciplinary committee of a Bar Council is to consist of five members. It is felt that this makes the committee unwieldy. The strength of the committee is therefore proposed to be reduced to three. Out of three members, two shall be elected and the third member shall be co-opted. It is also proposed that the co-opted member should be an advocate of ten years' standing.

It is further considered desirable that the Bar Council of India should also have the power to constitute more than one disciplinary committee. Section 9 is being amended for the purpose.

Clause 6.—There is no provision in the Act relating to disqualification of members. The proposed section 10A specifies the circumstances under which an elected member of a Bar Council shall be deemed to have vacated his office.

Clause 7.—Section 15 deals with the power of a Bar Council to make rules. This clause seeks to amend this section to make it clear that the rules may lay down the conditions subject to which persons can exercise the right to vote.

Clause 8.—By virtue of sub-section (4) of section 16 of the Act, the advocates of the Supreme Court who were senior advocates on 1st December, 1961 automatically became senior advocates under the Act. The senior advocates are subject to certain restrictions in the matter of practice as may be prescribed by the Bar Council of India. It is proposed to give such advocates an option to relinquish their status as senior advocates and become ordinary advocates of the Supreme Court.

Clause 10.—Section 18 of the Act provides for the transfer of the name of an advocate from one State roll to another. When a person makes an application for such transfer, the Bar Council of India has no discretion in the matter and it has to issue necessary directions for such transfer. There may be cases where the transfer of the name of a person from one State roll to another is undesirable and the Bar Council of India should be empowered to reject an application for transfer in suitable cases, after giving the applicant a reasonable opportunity of representing his case. This clause seeks to amend the section for the purpose.

Clause 11.—Under section 20 of the Act, the Bar Council of India has to prepare and maintain a common roll of advocates in the order of seniority. The Bar Council of India has pointed out that preparation of the common roll after fixing *inter se* seniority of advocates all over India will be a laborious task and that the preparation of the common roll may therefore be delayed. This clause seeks to amend section 20 to enable the Bar Council of India to decide the manner in which the common roll shall be maintained.

Clause 12.—Section 22 deals with the issue of certificate of enrolment. In cases where the State Bar Councils have issued the certificates of enrolment, there may be no necessity for the Bar Council of India to issue a fresh certificate again. This clause seeks to amend the section to that effect.

Clause 13.—Section 24 of the Act prescribes the qualifications which a person is required to possess for enrolment as a new advocate. It has been brought to the notice of Government that certain classes of persons who were treated as advocates or who were entitled to be enrolled as advocates before the commencement of Chapter III of the Advocates Act would not strictly fall within the scope of section 24. It is also considered necessary to enlarge the scope of section 24 to cover certain other classes of persons as well who by reason of their training or experience should be eligible for enrolment whether they are law graduates or not. The proposed sub-sections (*3*) and (*4*) of section 24 specify the various classes of persons who should be eligible for enrolment as advocates. They are as follows:—

(i) advocates on the roll of Judicial Commissioners' Courts,

(ii) attorneys of High Courts,

(iii) advocates of the Chief Court of Sind before 15th August, 1947,

(iv) advocates of Rangoon High Court before 1st April, 1937,

(v) all persons who were entitled to be enrolled as advocates of a High Court (including a High Court of a former Part B State), or of a Judicial Commissioner's Court, and

(vi) all vakils, pleaders and mukhtars who have put in three years of practice before 31st March, 1964.

The Act was amended by the Act 32 of 1962 exempting law graduates who passed the final law examination before the 28th February, 1963, from undergoing training and passing the examination conducted by the Bar Council. Since the necessary arrangements for the implementation of the scheme of training could not be completed by all the State Bar Councils, it is proposed to extend the said period of exemption from 28th February, 1963 to 31st March, 1964 or to such other later date as may be prescribed. It is also proposed to enable the law graduates to pass the examination even during the course of training.

Other amendments are of a clarificatory nature.

Clause 14.—Section 10 of the Act provides for the constitution of an enrolment committee and section 26 deals with the functions of the enrolment committee. As a committee of the State Bar Council, the enrolment committee should carry out the functions subject to any rules that may be made or any directions that may be given by the Bar Council. It is proposed to make the position clear.

It is further proposed to have a specific provision to the effect that in all cases when a person gets himself enrolled as an advocate by misrepresentation or fraud or undue influence, the Bar Council of India may remove his name from the roll of advocates, after giving him an opportunity of being heard. Provision has also been made for sending due intimation to all other State Bar Councils in cases where there has been a refusal of the application for enrolment. This clause seeks to amend section 26 to achieve the purpose.

Clause 15.—It is thought necessary to have a provision enabling the Bar Councils to remove the name of any advocate who is dead or who seeks to have his name removed. New Clause 26A is intended to achieve the purpose.

Clause 18.—Section 37 of the Act provides for an appeal from an order of the disciplinary committee of a State Bar Council made under sub-section (*3*) of section 35. It is proposed to enlarge the scope of the provision so as to give the right of appeal even in cases where the disciplinary committee summarily rejects the complaint under sub-section (*2*) of section 35.

Clauses 19 *and* 20.—Under section 7 (*g*) of the Act, the Bar Council of India has to exercise general supervision and control over the State Bar Councils. In order that these powers may be properly exercised, it is proposed that the Bar Council of India should be empowered to issue directions to the State Bar Councils and also to call for the record of any non-appealable case disposed of by a State Bar Council or a committee thereof and to issue appropriate orders thereon. The Bar Council of India should also have the power to make rules for enforcement of such directions and orders. Proposed new sections 48A and 48B are intended to achieve the purpose.

For the smooth working of the Act, it is proposed to vest wider rule-making power in the Bar Council of India in relation to the functioning of State Bar Councils and the enrolment of advocates.

Clause 21.—Under the Act, the power of the Central Government to make rules is very limited. This power can be exercised only when rules have not been made by a State Bar Council. It is proposed to empower the Central Government to make rules in respect of all matters which may be deemed necessary, including those matters in relation to which the Bar Councils have power to make rules, subject to the usual provision for laying the rules before Parliament. New section 49A is intended to achieve the purpose.

Clause 24.—As the Act provides for one class of legal practitioners only, namely, advocates, it is proposed to make it clear that under section 58 (*4*), there should not be any fresh enrolment of pleaders or other class of legal practitioners. Certificates may, however, be issued to existing legal practitioners by way of renewal.

Clause 25.—The Chief Court of Oudh and the High Court of Allahabad were amalgamated by an order made in 1948 and a new High Court of Allahabad was constituted. The advocates of both the High Courts were recognised as advocates of the new High Court, but they were required to pay ten rupees each for enrolment as advocates in the new High Court. Many advocates did not pay this amount and they were not formally enrolled as advocates of the new High Court. A like situation has arisen in respect of certain advocates of the former State of Hyderabad as well. Similarly on the reorganisation of the Bombay State in May, 1960 a new High Court of Gujarat was constituted and many of the advocates of the Bombay High Court who opted for Gujarat could not get themselves enrolled within the prescribed time. It is necessary to make suitable provision to enable these persons to get enrolled as advocates Proposed new section 58A is intended to achieve this purpose.

Chapter V of the Act deals with disciplinary jurisdiction of the Bar Councils and it has been brought into force from 1st September, 1963. Under the Chapter, a disciplinary committee of a State Bar Council can take action only against those advocates who are on the State roll. The State rolls are not complete and there are many advocates who have not yet been enrolled as advocates under the new Act. It is necessary to make suitable provision relating to disciplinary matters in respect of them. It is also necessary to make suitable provision for the disposal of disciplinary proceedings pending at the commencement of Chapter V. A Removal of Difficulties Order was issued at the time of enforcement of that Chapter. It is proposed to incorporate the provisions of that Order in the Act so that the validity of the Order may not be challenged in a court of law. Proposed new section 58B is intended to achieve the purpose.

It is also proposed to treat all advocates on the roll of the court of Judicial Commissioner in any Union territory immediately before 1st December, 1961 as advocates of High Court for the purpose of clause (*a*) of sub-section (1) of section 17.

The other amendments are of a formal or consequential nature.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 7 of the Bill seeks to amend section 15 of the Act which deals with the rule-making power of the Bar Councils. It is proposed to make it clear that the rule may also lay down the conditions subject to which persons can exercise the right to vote. Clause 11 purports to amend section 20 of the Act leaving it to the Bar Council of India to decide the manner in which common roll shall be maintained. Clause 20 of the Bill seeks to amend section 49 so as to confer wider rule-making powers on the Bar Council of India for the smooth and efficient working of the Act. The matters in respect of which such rules may be made relate to the conditions subject to which an advocate may be entitled to vote at an election of the State Bar Council and the qualifications and disqualifications for membership of such Bar Council, the time within which and the manner in which effect may be given to the proviso to sub-section (2) of section 3 and the manner in which directions issued and orders made by the Bar Council of India may be enforced. The Bar Council of India has also been empowered to make rules in respect of other minor matters. Clause 21 of the Bill seeks to insert a new section 49A which empowers the Central Government to make rules for carrying out the purposes of the Act including rules with respect to any matter for which the Bar Council of India or a State Bar Council has power to make rules. The rules made by the Central Government shall be laid before both Houses of Parliament and shall be subject to the scrutiny of Parliament. The matters in respect of which rules may be made are of an administrative or procedural nature.

2. The delegation of legislative power is of a normal character.

STATEMENT OF OBJECTS AND REASONS

The Wakf Act, 1954 was enacted to provide for the better administration and supervision of wakfs. The Act was amended in 1959 for the limited purpose of removing certain difficulties arising out of re-organisation of States. Experience of the working of the Act over the last ten years has revealed certain difficulties. It is, therefore, proposed to amend the Act to remove these difficulties and to ensure better administration of wakfs by mutawallis.

2. The main features of the Bill are:

(i) The definition of beneficiary in regard to objects of public utility is being broadened to cover all objects sanctioned by Muslim law. Endowments made by non-Muslims for support of certain Muslim religious and pious institutions will also come under the purview of the Act.

(ii) A Central Wakf Council is proposed to be established.

(iii) A provision is being made to enable the establishment of separate Sunni and Shia Boards in any State in which the Shia wakfs constitute in number more than fifteen per cent. of the total number of wakfs in that State or the income of the property of Shia wakfs constitutes more than fifteen per cent. of the income of all the wakfs in the State.

(iv) To check mutawallis from alienating wakf properties, a specific provision is being made to clarify that alienations without the sanction of the Board will be invalid. As a further step in this direction, it is also being provided that where mutawallis illegally alienate properties already determined as wakf properties, the Board can recover possession by issuing certificates to Collector. A right of appeal to the district court against the order of the Collector is also being provided for.

(v) Authority is being conferred on the Board to remove mutawallis on some additional grounds not mentioned in section 43 and to assume direct management of wakfs for a period not

exceeding five years in cases where no suitable mutawallis are available.

3. The notes on clauses explain in detail the various changes proposed to be made.

NEW DELHI;
The 9th April, 1964.

HUMAYUN KABIR.

Notes on Clauses

Clause 2.—The definition of 'beneficiary' in section 3(a) of the Act involves a deviation from the real concept of beneficiary under the Muslim law which makes no distinction between Muslims and non-Muslims in the matter of beneficiaries or disbursement of charity. It is to that extent inconsistent with the definition of 'wakf' contained in the Act. Sub-clause (i) seeks to amend the definition of 'beneficiary' to remove this inconsistency.

The amendments sought to be made by sub-clauses (ii), (iii) and (iv) are of a consequential and drafting nature.

The definition of wakf in section 3 includes *inter alia* mashrut-ul-khidmat (service grants). The definition is being widened to include all grants.

Clause 3.—At present, the cost of publication of the list of wakfs in the Official Gazette is met by the Board. As the cost is fairly heavy and the publication of the list, besides being really a concluding part of the survey, is meant essentially for the benefit of wakfs, it is only proper that the expenditure incurred on such publication should come from the wakfs themselves. This clause therefore seeks to amend sub-section (1) of section 7 suitably for the purpose.

Clause 4.—Section 62 of the Act confers on the Central Government power to give directions, on questions of policy to be followed by the Boards set up under the Act in various States. Experience has revealed that for the efficient discharge of this power, the Central Government should have proper advice. For this purpose, the establishment of a Central Wakf Council is being provided for in clause 4 (*vide* new section 8A).

As regards the finances of the Council, the clause provides for the formation of a Fund to be called the Central Wakf Fund, consisting of contributions from the Boards of Wakfs in various States and all other monies received by the Council as donations, benefactions or grants (*vide* new section 8B).

Suitable provisions are also incorporated for the audit of the accounts of the Council (*vide* new section 8C).

Clause 5.—The Act does not provide for the establishment of separate Boards for Sunni wakfs and Shia wakfs in any State. It is

felt that in any State in which the number of Shia wakfs is fairly large to justify the establishment of a separate Board for Shia wakfs, this should be allowed. Accordingly, clause 5 seeks to amend section 9 of the Act for providing that a State Government may establish separate Boards for Sunni wakfs and Shia wakfs, if the Shia wakfs in the State constitute in number more than 15 per cent. of the total number of wakfs in the State or if the income of the Shia wakfs in the State constitutes more than 15 per cent. of the total income of all the wakfs in the State. All the consequential amendments have been relegated to the Schedule for the sake of convenience.

Clause 6.—The word 'special' used in clauses (b) and (c) of section 11 is being omitted as unnecessary.

Clause 7.—Under clause (e) of sub-section (2) of section 15, the Board has power to direct in what manner the income or surplus income of a wakf whose objects have ceased to exist should be utilised. This provision is being amplified to cover cases where though the objects of a wakf have not ceased to exist, they have become incapable of achievement.

Under section 15(2)(j), sanction of at least three-fourths of the members of the Board is necessary for any lease of property for more than three years or for any mortgage or exchange of property. The clause is being amended to reduce the proportion of number of members whose concurrence is necessary from three-fourths to two-thirds. The other changes made in the clause are consequential to the insertion of proposed section 36A (*see* notes on clause 11).

Clause 8.—Section 22 has been interpreted to mean that the Board can delegate its powers to individual members but not to a committee of members. The section is being amended to enable delegation being made to such committees as well.

Clause 9.—A new sub-section is being added to section 23 to provide that in addition to the secretary any other officer or servant of the Board authorised for the purpose by the Board would be competent to issue certified copies of the records of the Board.

Clause 10.—Section 32 of the Act is being amended to make it clear that mutawallis should maintain regular accounts.

Clause 11.—Under proposed section 36A which is modelled on similar provisions in certain enactments relating to public trusts, transfers of wakf property by way of sale, gift, exchange or mortgage

as also transfers of such property by way of lease for a period exceeding three years in the case of agricultural land and one year in the case of non-agricultural land or building will be invalid, if such transfers have been effected without the previous sanction of the Board.

In order to effectively check unscrupulous mutawallis from alienating wakf properties in contravention of the law and to protect the interests of wakfs, a special provision is made in new section 36B to the effect that where a mutawalli alienates wakf property entered as such in the register of wakfs without the previous sanction of the Board as required by section 36A, the Board can recover possession of such property by sending a requisition to the Collector. A provision has also been made for appeal to the district court by any person aggrieved by the order of the Collector.

Clause 12.—The deletion of clause (g) of sub-section (1) of section 41 is consequential to the amendment proposed to section 43 so as to provide for removal of a mutawalli who fails, without reasonable excuse, for two consecutive years to pay the contribution under section 46.

Clause 13.—The scope of sub-section (1) of section 43 is being enlarged to specify certain additional grounds for removal of mutawallis.

Sub-section (2) of section 43 is being amended to provide that the Board can supersede any committee appointed by any person or authority other than a court of law, if the committee fails to discharge its functions properly.

To avoid injustice, a new sub-section is being added to section 43 giving a right of appeal to any mutawalli aggrieved by an order of removal under sub-section (2) of that section or under the new grounds proposed to be incorporated in sub-section (1).

Clause 14.—Proposed section 43A is intended to enable the Board to assume direct management of a wakf for a period or periods not exceeding five years in the aggregate where no suitable person is available for appointment as mutawalli thereof.

Clause 15.—Sub-section (1) of section 45 is being recast, so as to make the intention clear.

Clause 16.—To cover the contrtibution payable by Boards to the Central Wakf Council under proposed section 8B (*vide* clause 4), the maximum limit of contribution payable by a mutawalli under section

46 is being raised from 5 to 6% of the net annual income of the property of the wakf situate in the State.

Clause 17.—The amendment by this clause is self-explanatory.

Clause 18.—Section 54 is being omitted as unnecessary.

Clause 19.—Section 55 has been interpreted by the Kerala High Court to mean that a person desiring to institute a suit under the provisions of any of the Acts mentioned in the section has to obtain in addition to the consent of the Board the consent of the authorities specified under the provisions of those Acts. This was not the original intention. Accordingly, the section has been recast to bring out the real intention.

Clause 20.—Sub-section (1) of section 62 is being recast to make the intention clear.

Clause 21.—The definition of wakf under section 3(1) requires that the dedication must be made by a person professing Islam. It does not cover endowments made by non-Muslims for the support of Muslim institutions like Dargahs, etc. In Madras, this difficulty has been got over by a local amendment to the Act. As similar endowments exist in other States also, new section 66C is being inserted to bring such endowments within the purview of the Act.

Clause 22.—Clause (h) of section 67(2) provides that the State Government can frame rules prescribing the form and time of submission of budget of the Board and its approval by the State Government. The approval of the budget by the State Government is not consistent with the scheme of the Act and creates difficulty in actual practice. It is not even necessary as no Government money is involved. The words "and approved by the State Government" are, therefore, being omitted.

Clause 23.—Under clause (2) of section 69(1) of the Act, only section 5 of the Religious Endowments Act, 1863 has been made inapplicable to wakfs. The section is being amended to make the Religious Endowments Act, 1863 in its entirety inapplicable to wakfs. This is necessary as a Committee set up under the 1863 Act exercises almost the same functions as a Board does under the Wakf Act. Further, lacking the finances and resources of the Board, such Committees cannot be as effective as the Boards.

Clause 24.—A new section 70 has been inserted to provide for removal of difficulties in the implementation of the provisions of the Act.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 4 of the Bill which inserts a new Chapter IIA provides for the establishment of a Central Wakf Council. New section 8D forming part of this Chapter empowers the Central Government to make rules for carrying out the purposes of this Chapter. The matters in respect of which such rules may be made relate *inter alia* to the term of office of, the procedure to be followed in the discharge of their functions by, and the manner of filling casual vacancies among, the members of the Central Wakf Council.

Sub-section (6) of new section 36B (*vide* clause 11) empowers the State Government to make rules for the guidance of Collectors required under that section to obtain possession of certain wakf properties.

The matters in respect of which delegation of legislative power has been provided for are thus matters of procedure, form or detail and as such the delegation is of a normal character.

M. N. KAUL,
Secretary.

(2) No order under sub-section (1) shall be passed unless the member of the Home Guards affected by such order is given an opportunity to be heard in his defence:

Provided that this sub-section shall not apply where a member of the Home Guards is dismissed on the ground of conduct which has led to his conviction on a criminal charge.

LOK SABHA

The following Bills were introduced in Lok Sabha on the 24th April, 1964:—

BILL No. 34 OF 1964

A Bill further to amend the Indian Coinage Act, 1906.

BE it enacted by Parliament in the Fifteenth Year of the Republic of India as follows:—

Short title and commencement.

1. (1) This Act may be called the Indian Coinage (Amendment) Act, 1964.

(2) It shall come into force on the 1st day of June, 1964

Amendment of section 13.

3 of 1906.

2. In section 13 of the Indian Coinage Act, 1906 (hereinafter referred to as the principal Act), after sub-section (3), the following sub-section shall be inserted, namely:—

"(4) All new coins in the *naya paisa* series, designated as such under the notification of the Government of India in the Ministry of Finance, Department of Economic Affairs, No. S.R.O. 1120, dated 11th May, 1956 which may have been issued under this Act prior to the commencement of the Indian Coinage (Amendment) Act, 1964, shall continue to be a legal tender in payment or on account,—

(a) in the case of a half-rupee or fifty *naye paise* coin, for any sum not exceeding ten rupees;

(b) in the case of any other coin, for any sum not exceeding one rupee.".

Amendment of section 14.

3. In section 14 of the principal Act, after sub-section (3), the following sub-section shall be inserted, namely:—

"(4) As from the commencement of the Indian Coinage (Amendment) Act, 1964, all references in any enactment or in any notification, rule or order under any enactment or in any contract, deed or other instrument to any value in *naya paisa* or *naye paise* shall be construed as references to that value expressed respectively in *paisa* or *paise*, being the new coins designated as such from 1st day of June, 1964.".

STATEMENT OF OBJECTS AND REASONS

With the demonetisation of the anna-pie series of coins, it is proposed to drop the prefix 'naya' from the decimal coinage system of 'naya paisa' with effect from 1st June, 1964. The 'naya paisa' coins will continue to be legal tender and will remain in circulation along with the new 'paisa' coins until they are called in. This change in designation will necessitate consequential amendments in enactments and notifications, rules or orders, issued thereunder or in contracts, deeds, or other instruments where references to any value may have been expressed in 'naya paisa'. While the change in designation of the decimal coins from 'naya paisa' to 'paisa' will be brought about by means of a notification to be issued by the Central Government under section 14(1) of the Indian Coinage Act, 1906, the amendments proposed in the Bill are required to maintain the legal tender character of the 'naya paisa' coins and to provide for the consequential amendments.

T. T. KRISHNAMACHARI.

NEW DELHI;
The 8th April, 1964.

BILL No. 36 OF 1964

A Bill further to amend the Constitution of India

BE it enacted by Parliament in the Fifteenth Year of the Republic of India as follows:—

Short title.

1. This Act may be called the Constitution (Eighteenth Amendment) Act, 1964.

Amendment of article 359.

2. In article 359 of the Constitution,—

(a) after clause (1), the following clause shall be inserted, and shall be deemed always to have been inserted, namely:—

"(2) While an order made under clause (1) in relation to any of the rights conferred by Part III is in operation, nothing in that Part conferring those rights shall restrict the power of the State as defined in the said Part to make any law or to take any executive action which the State would but for the provisions contained in that Part be competent to make or to take, but any law so made shall, to the extent of the incompetency, cease to have effect as soon as the order aforesaid ceases to operate, except as respects things done or omitted to be done before the law so ceases to have effect.";

(b) the existing clauses (2) and (3) shall be re-numbered as clauses (3) and (4) respectively;

(c) in clause (3) as so re-numbered, after the words "the territory of India", the words "or may apply to all persons or any class of persons therein, and any such order may be made so as to be retrospective to any date not earlier than the date of the issue of the Proclamation" shall be inserted, and shall be deemed always to have been inserted.

STATEMENT OF OBJECTS AND REASONS

When a Proclamation of Emergency is in operation, the President is empowered under article 359 of the Constitution to make an order suspending the right to move any court for the enforcement of such of the rights conferred by Part III as may be mentioned in that order. It was intended that the powers conferred by this article should be exercised during an emergency according to the needs of the situation. On the other hand, article 358 renders the provisions of article 19 automatically inoperative while the Proclamation of Emergency is in operation, and the power to make any law or to take any executive action is not restricted by the provisions of that article. The intention underlying article 359 appears to be that when an order is made under clause (1) of that article in relation to any of the rights conferred by Part III, the order so made would have the same effect in relation to those rights as article 358 has in relation to article 19. On account, however, of the difference in language between article 358 and article 359, doubts may arise as to the effect of an order made under article 359. The Bill seeks to remove these doubts by inserting a new clause in article 359 which follows the language of article 358.

2. It is further proposed to make it clear that the order made under clause (1) of article 359 may be made so as to make it applicable to all persons or any class of persons. It is also proposed to take powers to make the order with retrospective effect to any date not earlier than the date of issue of the Proclamation

LOK SABHA

The following Bills were introduced in Lok Sabha on the 24th April, 1964:—

BILL No. 27 OF 1964

A Bill further to amend the Representation of the People Act, 1951.

BE it enacted by Parliament in the Fifteenth Year of the Republic of India as follows:—

1. (1) This Act may be called the Representation of the People (Amendment) Act, 1964. Short title and commencement.

(2) It shall come into force at once.

43 of 1951. 2. After section 6, of the Representation of the People Act, 1951 the following new section shall be inserted, namely :— Insertion of new section 6A.

"6A. A person shall not be qualified to be chosen to fill a seat in the House of the People or in the Legislative Assembly of a State if he is or was a Minister of the Union or of that State, as the case may be, at any time within six months preceding the last date appointed for making nominations under section 30." Qualification for membership of House of the People or of a Legislative Assembly.

STATEMENT OF OBJECTS AND REASONS

There is a growing complaint that the continuance in office of the Ministers interferes with the freedom of voting in various ways. The Bill is intended to avoid that interference in the General Elections. Our experience in democratic elections based on adult franchise is comparatively new and we must guard against such unhealthy atmosphere at any rate in the early stages. The Bill will also protect the Ministers from such complaints.

NEW DELHI; PRAKASH VIR SHASTRI.

BILL No. 33 OF 1964

A Bill to provide for fixation of individual responsibility of persons in authority with reference to national defence and development of the country.

BE it enacted by Parliament in the Fifteenth Year of the Republic of India as follows:—

5 (2) It shall extend to the whole of India except the State of Jammu and Kashmir.

(3) It shall come into force at once.

2. In this Act, "persons in authority" shall include all officers of the Central and State Governments and such other persons as are 10 directly or indirectly connected with the national defence and developmental projects of the country. Definitions.

3. The Central Government shall publish the names of the persons in authority in the Official Gazette from time to time. Publication of the names in the Official Gazette.

4. The persons in authority shall accomplish the tasks assigned 15 to them within the time and according to specifications, specified by the Central Government in that behalf. Accomplishment of tasks by the persons in authority.

Penalty.

5. Any person in authority who contravenes the provisions of this Act shall be liable to such penalty as may be prescribed by the rules made under this Act.

Rewards.

6. Certificates of merit shall be awarded by the Central Government to such persons in authority as accomplish the tasks assigned to them on or before the date specified in that behalf. 5

Power to make rules.

7. (1) The Central Government shall, by notification in the Official Gazette, make rules for carrying out the purposes of this Act.

(2) Every rule made by the Central Government under this section shall be laid as soon as may be after it is made, before each House of Parliament while it is in session for a total period of thirty days which may be comprised in one session or in two or more successive sessions, and if, before the expiry of the session in which it is so laid or the successive sessions aforesaid, both Houses agree in making any modification in the rule or both Houses agree that the rule should not be made, the rule shall thereafter have effect only in such modified form or be of no effect, as the case may be; so however that any such modification or annulment shall be without prejudice to the validity of anything previously done under that rule. 10 15

STATEMENT OF OBJECTS AND REASONS

In view of the national emergency and with a view to step up defence preparations and developmental projects, it is essential that the tasks assigned to persons in authority should be completed within the time specified for it and the cases of delay or default should meet with heavy punishments.

Hence this Bill.

NEW DELHI; V. C. PARASHAR

The 23rd March, 1964.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Under clause 7 of the Bill the Central Government shall lay down rules in regard to accomplishing the tasks assigned to persons in authority and for prescribing penalty for contravention of the provisions of this Act. The penalty to be prescribed by these rules shall naturally be in accordance with the nature and gravity of the offence committed.

The delegation of legislative power under the Act is, but for the power of prescribing penalty for contravention thereof, of a normal character. In the very nature of things the question of the quantum of penalty has to be left to the Government. In view of the provision for modification of the rules by Parliament there is hardly any reason for apprehension of misuse of the power.

BILL No. 38 OF 1964

A Bill further to amend the Constitution of India

BE it enacted by Parliament in the Fifteenth Year of the Republic of India as follows :—

1. This Act may be called the Constitution (Amendment) Act, 1964. Short title.

2. In article 85 of the Constitution, to clause (*1*), the following proviso shall be added, namely :— Amendment of article 85

"Provided that every year at least one session of each House of Parliament shall be held at Hyderabad or Bangalore.".

STATEMENT OF OBJECTS AND REASONS

In order to have closer integration between people living in different parts of the country, it is worthwhile that every year a session of Parliament be held in South India, preferably Hyderabad or Bangalore. This will help the people understanding each other better.

Hence this Bill.

NEW DELHI; PRAKASH VIR SHASTRI

The 11th March, 1964.

FINANCIAL MEMORANDUM

The Bill envisages provision for holding a session of Lok Sabha at Hyderabad. The Bill will, therefore, involve some expenditure. No exact idea is possible at this stage as to the amount of recurring and non-recurring expenditure that may be required. But to start with a non-recurring grant of rupees 3 lakhs would appear to be necessary.

BILL No. 39 OF 1964

A Bill further to amend the Constitution of India.

BE it enacted by Parliament in the Fifteenth Year of the Republic of India as follows:—

Short title.

1. This Act may be called the Constitution (Amendment) Act, 1964.

Omission of article 370.

2. Article 370 of the Constitution shall be omitted.

STATEMENT OF OBJECTS AND REASONS

In the present context article 370 of the Constitution appears to have outlived its utility. It is desirable that the State of Jammu and Kashmir be brought at par with other States. Therefore, it is high time to seek abrogation of this article.

Hence this Bill.

AWARD

Ministry of Labour and Employment, Government of India, by its Orde No. 8/75/62-LRII, dated 26th September, 1962, referred under Section 10(2) of th Industrial Disputes Act, 1947, specified matters of industrial disputes between th employers in relation to Bhelatand Colliery and their workmen, represented b

Colliery Mazdoor Sangh, on their joint application to the Central Government for reference to a Tribunal to this Tribunal for adjudication. The matters of dispute were specified in the said joint application. This reference was received by this Tribunal on 13th October, 1962.

2. The specified matters in dispute between the aforesaid parties, which were referred for adjudication to this Tribunal and which are specified in the schedule attached to the letter of reference, are in the following terms:

"(a) Whether the workmen should be paid any extra remuneration as difficulty allowance for working in 3½ feet high 16A Seam and if so what should be quantum.

(b) Whether the workmen would be justified in refusing to work in 16A Seam,

(i) if no difficulty allowance is paid;

(ii) even if difficulty allowance is assured.".

3. The workmen, through their Union, Colliery Mazdoor Sangh, filed the statement of the workmen on 27th December, 1962, whereas the management filed its written statement on 30th April, 1963. It is however not necessary to state the respective cases of the parties because the matter has been amicably settled between them as mentioned below.

4. On 5th September, 1963, both the parties filed a joint petition saying that since the question of revision of rates of all the categories of employees is pending with the Coal Wage Board for decision both the employers and employees request to adjourn the hearing pending the decision of the Wage Board, and, in the meantime the employers will not work that particular 16A Seam where difficulty allowance is to be paid.

5. On 3rd January, 1964, both the parties again filed a joint petition in which they referred to their earlier petition dated 5th September, 1963, and asked for adjournment of the reference pending award of the Wage Board for Coal Industry.

6. Today on 28th March, 1964, the management filed a petition saying that the subject matter of the present reference, which is payment of difficulty allowance, is also pending before the Wage Board constituted for the Coal Industry, and all the collieries are parties to it and that the difficulty allowance is not prevalent in the coal industry, and, therefore, an earlier decision in the present reference would adversely affect the coal industry in general, and as such, it was prayed that the present reference may be stayed till the award of the Wage Board or in the alternative to make all the Collieries parties to the present reference as the dispute was of such a nature that all the Collieries are interested in it and will be affected by the decision in this reference.

7. Subsequently, both the parties filed a joint petition on 28th March, 1964, to the effect that they both agreed that they will abide by the award to be given by the Wage Board which would be binding on the parties to this reference also, and, therefore, this reference may be disposed of in terms of the petition of compromise filed today.

8. In the circumstances, the reference is disposed of in terms of the petition of compromise, which is marked Annexure 'A' and an award in terms of it is passed and made a part of it.

9. The reference is accordingly answered in terms of the petition of compromise Annexure 'A' and with the consent of both the parties the item of dispute referred for adjudication to this Tribunal are answered in the manner indicated below:

(a) the concerned workmen will be paid extra remuneration, as difficulty allowance for working in 16A Seam 3½ feet high at the rate which would be fixed by the Wage Board for Coal Industry which is pending;

(b) that the right of the workmen to get extra remuneration as difficulty allowance for working in 3½ feet high 16A Seam which, as agreed to between the parties, will be governed by the award to be given by the Wage Board, will take effect from the date of the award to be given by the Wage Board as agreed to;

(c) that as the management by its petition dated 5th September, 1963, had agreed, and, actually it has already stopped working of high 16A Seam where difficulty allowance is to be paid, the question of the workmen refusing to work in either of the two cases (i) and (ii) in the said Seam does not arise.

10. This is the award which I make and submit to the Government of India under Section 15 of the Act.

Presiding Officer,
Central Government Industrial Tribunal,
Dhanbad.

AWARD

The Government of India, Ministry of Labour and Employment, by their Order No. 6/28/63-LRII dated 6th November 1963, have referred the industrial dispute existing between the employers in relation to the Girimint Colliery of Messrs Bengal Coal Company Limited and their workmen on the question whether the dismissal of Sarvashri Shamsuddin, Bhagirath and Ramkanta, was justified, and if not, to what relief they were entitled, for adjudication to this Tribunal.

2. When the matter came up for hearing before this Tribunal, the parties after some discussion entered into a compromise and produced a memorandum of settlement (copy appended herewith). The dispute relates to three loaders who were dismissed on the ground that they had assaulted an overman. Under the terms of the compromise, the workmen have apologised for their misconduct and the employers have thereupon agreed to reinstate them. Their reinstatement is to be in another colliery for a period of four months; but at the end of the four months, the workmen are to be transferred to the present colliery if their work and conduct are satisfactory. In my opinion, the compromise is fair and reasonable and I accept it.

In the result, I pass an award in terms of the compromise.

STATE: West Bengal. INDUSTRY: Coal Mines.

AWARD

The Government of India, Ministry of Labour and Employment, by their Order No. 6/22/63-LRII dated 3rd September 1963, have referred the industrial dispute existing between the employers in relation to Toposi Colliery and their workmen in respect of the question whether the retrenchment of the 31 workmen (loaders) specifically named in the schedule to the order with effect from 26th August 1963 was legal and justified and if not, to what relief they were entitled, for adjudication to this Tribunal.

2. In response to notices issued by the Tribunal, the parties filed their written statements. The dispute related to the retrenchment of certain loaders by the management on the ground that there was no work for them. This fact was disputed by the workmen.

3. At the request and in the presence of the parties, the Tribunal visited the colliery. The Deputy Chief Inspector of Mines, Shri Ghose, was also present at the time by a special request. After visiting the colliery, Shri Ghose expressed certain views to the Tribunal and to the parties. In view of the views expressed by him, the parties have now entered into a compromise and produced a memorandum of settlement (copy appended herewith).

4. Under the terms of the settlement, the retrenchment of the workmen is to stand but the employers are to pay them a further sum amounting to 15 days' wages to each of them. The employers have also agreed to give preference to these workers in case they have to engage machine loaders in future. In my opinion, the compromise is fair and reasonable and I accept it.

I therefore pass an award in terms of the compromise.

Sd./- L. P. DAVE,

Dated the 7th April 1964. Presiding Officer.

The table given below shows the annual vital rates for each of the years 1957—61 for all municipal towns each with population 30,000 and over based on the final yearly data. The corresponding annual rates for 1961 and various periods in 1962 compiled from the weekly figures, which were published from time to time in this Supplement, are also shown to draw attention to their possible use in tracing current trends.

Appropriate adjustments in the population base were made in cases, where the data for any town could not be included. The rates for States not shown are much too deficient for being presented. Even the data for States, which are shown are deficient to a varying degree. Efforts have to be made to improve the completeness.

The two sets of rates for 1961—one based on the annual returns and the other on weekly returns—are presented to give an idea of the extent of variation between the final and the weekly figures. The two agree closely in the case of Gujarat, Punjab and Orissa only, otherwise for other States the difference is quite appreciable. However, the rates for all the eight States combined agree fairly well showing that, perhaps with emphasis on the improvement of the completeness of State figures, they may help in a study of current trends.

तीस हजार या उससे अधिक जनसंख्या वाली नगर पालिकाओं के जन्म तथा मृत्यु दरें नीचे दी हैं। ये दरें वर्ष के अन्त तक प्राप्त किए आंकड़ों पर निर्धारित हैं। समय-समय पर जो साप्ताहिक आंकड़े इस परिशिष्ट में प्रकाशित हुए हैं उन पर निर्धारित 1961, 1962 की वार्षिक दरें भी दी हैं। संभवतः इन दरों से वर्तमान प्रवृत्तियों का अनुमान लगाने में उपयोग किया जा सकता है। अगर किसी नगर के आंकड़े प्राप्त नहीं थे तो उसकी जनसंख्या भी दर निकालने में छोड़ दी गई है। कुछ प्रदेशों की दरें इसलिए नहीं दी गई हैं कि वे बहुत ही अपूर्ण हैं। जिन प्रदेशों का विवरण भी दिया है उनकी दरें भी कहीं अधिक, कहीं कम अपूर्ण हैं। इनको पूर्ण करने के लिए प्रयत्न करना होगा।

अन्तिम व साप्ताहिक आंकड़ों में कितना भेद है इसका अनुमान उन पर निर्धारित वार्षिक दरों से किया जा सकता है। केवल गुजरात, पंजाब और उड़ीसा के दोनों दर बहुत कुछ मेल खाते हैं। परन्तु अन्य सभी प्रदेशों की दरों में बहुत कुछ अन्तर है। अन्यथा संयोजित आठ प्रदेशों की दरें बहुत कुछ मिलती-जुलती हैं। जिससे यह प्रतीत होता है कि यदि प्रदेशों के आंकड़ों को पूर्ण करने के लिए प्रयत्न किया जाए तो साप्ताहिक आंकड़े भी वर्तमान प्रवृत्तियों के अध्ययन करने में उपयोगी हो सकते हैं।

STATEMENT OF OBJECTS AND REASONS

This Bill is introduced in pursuance of article 114(1) of the Constitution of India read with article 115 thereof, to provide for the appropriation out of the Consolidated Fund of India of the moneys required to meet the expenditure incurred in excess of the appropriations charged on the Fund and the Grants made by the Lok Sabha for expenditure of the Central Government, excluding Railways, for the financial year ended on the 31st day of March, 1962.

T. T. KRISHNAMACHARI.

PRESIDENT'S RECOMMENDATION UNDER ARTICLE 117 OF THE CONSTITUTION OF INDIA

[Copy of letter No. F.3(65)-B/63, dated the 13th April, 1964 from Shri T. T. Krishnamachari, Minister of Finance to the Secretary, Lok Sabha.]

The President having been informed of the subject matter of the proposed Bill to provide for the authorisation of appropriation of moneys out of the Consolidated Fund of India to meet the amounts spent on certain services during the financial year ended on the 31st day of March, 1962, in excess of the amounts granted for the said services and for that year recommends under clauses (1) and (3) of article 117 of the Constitution read with sub-clause (2) of article 115 thereof, the introduction of the Appropriation (No. 3) Bill, 1964, in the Lok Sabha and also recommends to the Lok Sabha the consideration of the Bill.

BILL No. 41 OF 1964

A Bill further to amend the Oil and Natural Gas Commission Act, 1959.

BE it enacted by Parliament in the Fifteenth Year of the Republic of India as follows:—

Short title.

1. This Act may be called the Oil and Natural Gas Commission (Amendment) Act, 1964.

Substitution of new section for section 24.

2. For section 24 of the Oil and Natural Gas Commission Act, 1959, the following section shall be substituted, namely:— 5 43 of 1959.

Compulsory acquisition of land for the Commission.

"24. Any land required by the Commission for carrying out its functions under this Act shall be deemed to be needed for a public purpose and such land shall be acquired for the Commission under the provisions of the Land Acquisition Act, 1894.". 10 1 of 1894.

STATEMENT OF OBJECTS AND REASONS

Under section 24 of the Oil and Natural Gas Commission Act, 1959, acquisition of land for the Commission has to be made only in accordance with the procedure laid down in Part VII of the Land Acquisition Act, 1894 as if the Commission were a company within the meaning of clause (*e*) of section 3 of the said Act. This procedure has to be followed notwithstanding the fact that the land required by the Commission is deemed to be needed for a public purpose. The procedure for acquisition of land for companies under the Land Acquisition (Companies) Rules, 1963 is, however, a time-consuming process and difficulty is being experienced in acquiring land expeditiously for carrying out the oil exploration and production programmes of the Commission and this may adversely affect the targets for production of crude oil and gas. It is, therefore, considered necessary to amend section 24 of the Oil and Natural Gas Commission Act, 1959 so that land may be acquired, in cases where it is urgently required by the Commission, also under Part II of the Land Acquisition Act.

The Bill is designed to give effect to the above proposal.

NEW DELHI;
The 13th April, 1964.

HUMAYUN KABIR.

PRESIDENT'S RECOMMENDATION UNDER ARTICLE 117 OF THE CONSTITUTION OF INDIA

[Copy of letter No. 10/80/63-ONG, dated the 18th April, 1964 from Shri O. V. Alagesan, Minister of State in the Ministry of Petroleum and Chemicals to the Secretary, Lok Sabha.]

The President having been informed of the subject matter of the Oil and Natural Gas Commission (Amendment) Bill, 1964 recommends under clause (3) of article 117 of the Constitution the consideration of the said Bill by the Lok Sabha.

FINANCIAL MEMORANDUM

Under section 24 of the Act as amended, it would be possible to acquire land for the Commission also under Part II of the Land Acquisition Act, 1894. If and when land is acquired under the said Part II, a small portion of the compensation will have to be provided out of the Consolidated Fund of India. It is not possible to visualise at this stage in how many cases land will be acquired under Part II and what would be the contribution of the Government towards compensation for such acquisition. In the circumstances, it is not possible to give an assessment of the financial liability of the Government in this regard, but in any case it is not expected to exceed Rs. 10,000 per year.

The notes on clauses explain in detail the provisions of the Bill.

3. (*1*) Where any notice of demand in respect of any Government dues is served upon an assessee by a Taxing Authority under any scheduled Act, and any appeal or other proceeding is filed or taken in respect of such Government dues, then,—

(*a*) where such Government dues are enhanced in such appeal or proceeding, the Taxing Authority shall serve upon the assessee another notice of demand only in respect of the amount by which such Government dues are enhanced and any proceedings in relation to such Government dues as are covered by the notice or notices of demand served upon him before the disposal of such appeal or proceeding may, without the service of any fresh notice of demand, be continued from the stage at which such proceedings stood immediately before such disposal;

Power to remove difficulties.

6. If any difficulty arises in giving effect to the provisions of this Act, the Central Government may, by order published in the Official Gazette, make such provisions not inconsistent with the purposes of this Act, as appear to it to be necessary or expedient for removing the difficulty.

Power to make rules.

7. (1) The Central Government may make rules for carrying out the purposes of this Act.

(2) Every rule made under this Act shall be laid as soon as may be after it is made, before each House of Parliament while it is in session for a total period of thirty days which may be comprised in one session or in two successive sessions, and, if before the expiry of the session in which it is so laid or the session immediately following both Houses agree in making any modification in the rule or both Houses agree that the rule should not be made, that rule shall thereafter have effect, only in such modified form or be of no effect, as the case may be, so however that any such modification or annulment shall be without prejudice to the validity of anything previously done under that rule.

THE SCHEDULE

[*See* section 2(c)]

1. The Indian Income-tax Act, 1922 (11 of 1922).
2. The Excess Profits Tax Act, 1940 (15 of 1940).
3. The Business Profits Tax Act, 1947 (21 of 1947).
4. The Estate Duty Act, 1953 (34 of 1953).
5. The Wealth-tax Act, 1957 (27 of 1957).
6. The Expenditure-tax Act, 1957 (29 of 1957).
7. The Gift-tax Act, 1958 (18 of 1958).
8. The Income-tax Act, 1961 (43 of 1961).
9. The Super Profits Tax Act, 1963 (14 of 1963).

STATEMENT OF OBJECTS AND REASONS

Recently in the case of *Income-tax Officer, Kolar and another* vs. *Seghu Buchiah Setty,* the Supreme Court had occasion to consider the scope of sections 29 and 45 of the Indian Income-tax Act, 1922, and it has been held in that case that when a demand levied by the Income-tax Officer as a result of an assessment is varied by an appellate or revising authority, the original order of the Income-tax Officer merges into the order of such authority and consequently in all cases of an order varying the assessment, the original order goes and all steps already taken for the recovery of the demand become null and void and that in such cases it is the duty of the Income-tax Officer to issue a fresh notice of demand in the prescribed form and serve it upon the assessee. Though the judgment is with reference to the Indian Income-tax Act, 1922, which has been repealed but kept alive only for some limited purposes, the same interpretation may hold good with respect to the corresponding provisions in the Income-tax Act, 1961, and in the other Acts relating to the imposition of direct taxes.

2. The above decision of the Supreme Court will create difficulties in the collection of income-tax and other direct taxes. The number of assessments involved in the arrear demands of the direct taxes is nearly 6 lakhs and recovery certificates have been issued to Collectors or Tax Recovery Officers in approximately 2,25,000 cases and the revenue involved comes to Rs. 157 crores. In view of the above decision of the Supreme Court, in most of these cases, fresh notices of demand may have to be served upon the assessees and the assessees will have to be allowed a further period for paying the tax. It will be only after the expiry of the said period that fresh proceedings for recovery can be started. The result would be that recalcitrant assessees would get sufficient time to withdraw their funds or alienate their properties with a view to defeating the claims of revenue.

3. In order to overcome these difficulties, it is proposed to provide that in such cases, it shall not be necessary to take proceedings afresh or to serve fresh notices of demand except that in the case of an enhancement of assessment, another notice of demand shall be served upon the assessee with respect to the amount by which the assessment has been enhanced. Opportunity has also been taken to provide for certain matters which are ancillary to the above proposal.

NEW DELHI; T. T. KRISHNAMACHARI.

Experience over all these years has shown that this arrangement is not satisfactory. It is, therefore, proposed to entrust the functions of holding examinations and prescribing courses to a separate Examining Body leaving the Board with the task of registration, recognition of institutions and other related matters.

The Bill seeks to achieve the above object.

NEW DELHI; SUSHILA NAYAR.
The 22nd April, 1964.

PRESIDENT'S RECOMMENDATION UNDER ARTICLE 117 OF THE CONSTITUTION OF INDIA

[Copy of letter No. 22-24/64-RIJM, dated the 24th April, 1964 from Dr. Sushila Nayar, Minister of Health to the Secretary, Lok Sabha.]

The President having been informed of the subject matter of the East Punjab Ayurvedic and Unani Practitioners (Delhi Amendment) Bill, 1964, recommends under article 117(3) of the Constitution the consideration of the said Bill in the Lok Sabha.

FINANCIAL MEMORANDUM

The proposed Bill provides for the constitution of a separate Examining Body to conduct examinations in Ayurvedic and Unani Systems of Medicine in Delhi which is at present conducted by the Board of Ayurvedic and Unani Systems of Medicine, Delhi. The proposed section 31A sought to be inserted by clause 8 of the Bill contemplates the constitution of an Examining Body. Sub-section (8) of that section provides for payment of fees and allowances to members of the Examining Body. Sub-section (9) of that section provides for payment of salaries and allowances to the employees of the Examining Body. It is not possible to estimate exactly the amount of expenditure involved but it is anticipated that an expenditure of approximately Rs. 30,000 per annum is likely to be incurred. However, there will be some reduction in the expenditure on the existing Board. The net additional expenditure on the Examining Body may be to the extent of Rs. 15,000 to Rs. 20,000 per annum.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 6 of the Bill empowers the Chief Commissioner to make rules after previous publication in respect of the term of the members of the Examining Body and fees and allowances payable to them.

Clause 7 of the Bill empowers the Examining Body to make, with the previous sanction of the Chief Commissioner, regulations in respect of the courses of study for training and qualifying examinations, conduct of qualifying and prior examinations, etc. which functions were so far being performed by the Board.

These are matters of detail and the delegation of legislative power with respect to the matters aforesaid is of a normal character.

M. N. KAUL,
Secretary.
